Aims and Values of Monmouthshire County Council

Our purpose

Building Sustainable and Resilient Communities

Objectives we are working towards

- Giving people the best possible start in life
- A thriving and connected county
- Maximise the Potential of the natural and built environment
- Lifelong well-being
- A future focused council

Our Values

Openness. We are open and honest. People have the chance to get involved in decisions that affect them, tell us what matters and do things for themselves/their communities. If we cannot do something to help, we'll say so; if it will take a while to get the answer we'll explain why; if we can't answer immediately we'll try to connect you to the people who can help – building trust and engagement is a key foundation.

Fairness. We provide fair chances, to help people and communities thrive. If something does not seem fair, we will listen and help explain why. We will always try to treat everyone fairly and consistently. We cannot always make everyone happy, but will commit to listening and explaining why we did what we did.

Flexibility. We will continue to change and be flexible to enable delivery of the most effective and efficient services. This means a genuine commitment to working with everyone to embrace new ways of working.

Teamwork. We will work with you and our partners to support and inspire everyone to get involved so we can achieve great things together. We don't see ourselves as the 'fixers' or problem-solvers, but we will make the best of the ideas, assets and resources available to make sure we do the things that most positively impact our people and places.

Kindness: We will show kindness to all those we work with putting the importance of relationships and the connections we have with one another at the heart of all interactions.

General Questions:

Empowering Communities

- How are we involving local communities and empowering them to design and deliver services to suit local need?
- Do we have regular discussions with communities about service priorities and what level of service the council can afford to provide in the future?
- Is the service working with citizens to explain the role of different partners in delivering the service, and managing expectations?
- Is there a framework and proportionate process in place for collective performance assessment, including from a citizen's perspective, and do you have accountability arrangements to support this?
- Has an Equality Impact Assessment been carried out? If so, can the Leader and Cabinet/Senior Officers provide members with copies and a detailed explanation of the EQIA conducted in respect of these proposals?
- Can the Leader and Cabinet/Senior Officers assure members that these proposals comply with Equality and Human Rights legislation? Do the proposals comply with the Local Authority's Strategic Equality Plan?

Service Demands

- How will policy and legislative change affect how the council operates?
- Have we considered the demographics of our council and how this will impact on service delivery and funding in the future?
- Have you identified and considered the long-term trends that might affect your service area, what impact these trends could have on your service/your service could have on these trends, and what is being done in response?

Financial Planning

- Do we have robust medium and long-term financial plans in place?
- Are we linking budgets to plans and outcomes and reporting effectively on these?

Making savings and generating income

- Do we have the right structures in place to ensure that our efficiency, improvement and transformational approaches are working together to maximise savings?
- How are we maximising income? Have we compared other council's policies to maximise income and fully considered the implications on service users?
- Do we have a workforce plan that takes into account capacity, costs, and skills of the actual versus desired workforce?

Questions to ask within a year of the decision:

- Were the intended outcomes of the proposal achieved or were there other results?
- Were the impacts confined to the group you initially thought would be affected i.e. older people, or were others affected e.g. people with disabilities, parents with young children?
- Is the decision still the right decision or do adjustments need to be made?

Questions for the Committee to conclude...

Do we have the necessary information to form conclusions/make recommendations to the executive, council, other partners? If not, do we need to:

- (i) Investigate the issue in more detail?
- (ii) Obtain further information from other witnesses – Executive Member, independent expert, members of the local community, service users, regulatory bodies...

Agree further actions to be undertaken within a timescale/future monitoring report
