4. Pre- Decision Scrutiny - Monmouthshire Museums: Transition and Forward Plans

Context:

- To receive the findings of the Amion Cultural Services Review.
- To consider the Transition Chart for Monmouthshire Museums based on the implementation of the key recommendations of the Amion Review.
- To consider whether to accept and approve the associated Five Year Forward Plan required for the on-going Accreditation of Monmouthshire Museums, subject to bringing forward individual business case submissions for approval as appropriate.

Key Issues:

Key Findings of the Amion Cultural Services Review

The Amion report recognises that the status quo is not acceptable and recommends a strategy that reduces duplication in staffing, lowers staff costs, reduces expenditure on buildings and assets and realistically increases income, redefining the service and giving it a sustainable blueprint for the future. The report assesses the County's museum provision concluding that:

- The Service is over stretched and far too fragmented to be effective.
- There is little sharing of resources and expertise, with the Service functioning as three independent entities.
- There is a high level of commitment and passion from staff with clear evidence of very good practice in collections management and the Service which is being offered to residents and visitors.
- None of the buildings are ideal with Abergavenny and Monmouth being compromised in terms of access and display spaces.
- The Council will not be able to achieve current budget savings without substantial reductions to staffing levels and opening hours whilst income generation services are insufficiently resourced with a limit to the amount of 'profit' which could be generated.
- The Council is simply trying to do far too much with too little resource. The offer is not a good one for Monmouthshire's residents, visitors or staff. Therefore the Council needs to do less but do it much better and differently.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

Key Recommendations

In making its key recommendations, Amion applied guiding principles for change:

- Each museum location should continue to have a means of telling its local story whereby the most distinctive stories and collections for each place should be selected and presented.
- Centralised storage and skills would enable better delivery across the offer – a collections centre needing to have public access and research facilities.
- The current staff structure is unbalanced and a clear centralised structure is needed.
- There needs to be a strong on line presence for Monmouthshire's heritage.
- Cross county trails are needed to link stories together and communicate the heritage offer outside of museums and buildings.

The overarching recommendations are therefore as follows:

- Create a centralised museum offer with an effective leadership function.
- Create a collections centre / centralised store.
- Continue to provide access to the county's heritage.
- Create a properly resourced trading company this is being looked at as part of the ADM which is why it doesn't appear in the museum plan.

Member Scrutiny:

- Monmouthshire is a county for tourism and it is important that this is maintained.
- Monmouthshire is known for its heritage.
- In order to be sustainable for the future it is sensible to reorganise the Monmouthshire Museums Teams.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

- Digital technology is crucial in the development of the museums service and there is a need for a museums presence within the major towns within Monmouthshire for tourists and residents.
- Further detail on the future of Monmouthshire's museums would be helpful to be received via a future report to the Select Committee.
- Concern was expressed that the Amion report contained inaccuracies and did not provide a clear indication of where the Museums Service should be going. With regard to the buildings, it was considered that the Amion report was unclear.
- Efforts to increase tourism numbers in Monmouthshire should be undertaken rather than cutting costs to fit in with the existing tourism figures.
- The centralisation of Monmouth Museum could be located within the Market Hall as it is owned by the County Council and has been vacant for three years.
- The Heritage Lottery Fund (HLF) bid is a 10 year contract which was entered into in 2008 and will be completed in 2018.
- With regard to the Shire Hall, it was noted that this was a currently muddled offer in terms of the visitor. However, more information was required with regard to this potential location.
- A HLF bid is likely to be submitted in December 2017 with a view also to potentially access the Rural Development Fund in March 2017.
- With regard to the Monmouth Museum location, a number of potential venues were being investigated in Monmouth with a view to coming up with the best solution for the town.
- It was considered that the Market Hall would be the ideal location for storing museum artefacts as the building already had the correct facilities to accommodate them.
- In response to a Select Committee Member's questions, it was noted that the Authority will undertake an Economic Impact Assessment. There are opportunities for the Authority to look at providing food offer on our sites but there is a need to ensure that this is undertaken in the correct way. As part of the forward plan, it will be about identifying what will be achievable, i.e., what the service will be able to deliver with the budgets that are available. The Service will not be putting any existing businesses out of business. With regard to opening hours at the Tourist Information Centres (TIC's), the Authority has previously looked at ways in which these two services could be worked together. However, the issue that remains in Chepstow is that there is a need to look at ways of utilising the space at Chepstow Museum to identify the most sustainable way of delivering services.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

- As part of the Alternative Delivery Model, tourism is a part of this and it will be ensured that this consistency will be maintained going forward. It will not be in isolation of the other services that the Authority needs to deliver.
- The Destinations Management Strategy will be critical in how the museums offer links in to this matter. A Member workshop will be held shortly to look at ways of inputting into the new strategy. A report on TIC's will be brought back to a future meeting of the Select Committee, as well as a report on the Council's Events Strategy. Therefore, decisions need to be made in coordination rather than being made in isolation.
- There are considerable open spaces surrounding the Keep in Abergavenny and this could be utilised to increase income streams. A business case has been developed with a view to placing a permanent outdoor structure within the grounds, with a trial event programme occurring in the summer of 2017
- In response to a Select Committee Member's questions, it was noted that the Rural Community Development Fund is capital funding and this will be drawn in where possible. With regard to demand there is a need to look at improving opportunities to drive up the visitor numbers. Signage will also need to be addressed. Creating the right marketing strategy will drive demand.

Committee's Conclusion:

- On behalf of the Select Committee the Chair will send a letter to the Cabinet Member outlining the Select Committee's comments.
- The Select Committee supports the recommendations in principle but further detail is required at a future meeting of the Select Committee.
- The Select Committee supports the retention of a strong museums offer and accepts the need to be sustainable and the need to re-organise the service.

5. Revenue and Capital Monitoring Report Period 2 Outturn Forecast Statement

Context:

To receive information on the forecast revenue outturn position of the Authority at the end of period 2 which represents month 6 financial information for the 2016/17 financial year.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

Recommendations proposed to Cabinet:

- That Cabinet notes the extent of forecast revenue overspend at period 2 of £839,000, an improvement of £529,000 on previous reported position at period 1.
- That Cabinet expects Chief officers to continue to review the levels of over and underspends and reallocate budgets to reduce the extent of compensatory positions needing to be reported from month 6 onwards.
- That Cabinet appreciates the extent of predicted schools reserve usage and an anticipation that a further four schools will be in a deficit position by the end of 2016-17.
- That Cabinet approves a caveated use of reserves to finance £318,000 employment tribunal costs if the Council's budget is not able to absorb the effect of this extraordinary expenditure over the remaining 6 months of financial year.
- That Cabinet considers the capital monitoring, specific over and underspends, and importantly that Cabinet recognises the risk associated with having to rely on a use of capital receipts in the year of sale and the potential for this to have significant revenue pressures should receipts be delayed and temporary borrowing be required.

Member scrutiny:

- In response to a Select Committee Member's question regarding the potential increase in the number of Monmouthshire's schools likely to be in a deficit budget at the end of the financial year (from six schools to ten schools), it was noted that the adverse variance is minor in nature. Schools are being encouraged to have less balances to place less reliance on building up significant balances and reducing the volatility. The four schools that are likely to find themselves in a deficit balance at the end of the financial year will most likely be in deficit by less than £10,000. Also, there is an overall trend where schools starting the year in a deficit budget is a reducing one and becoming an improving situation.
- With regard to Chepstow School, it was noted that improvements have been made in respect of its deficit budget with the help of the Assistant Head of Finance.
- In response to a Select Committee Member's question regarding the Adults Services budget, it was noted that Monmouthshire has an increasing elderly population and expectations around care provision. This was an issue that needed to be progressed. Elected Members are having to make hard choices year on year with all departmental budgets. Officers across the Authority are therefore having to bring re-engineering plans with a view to having to do things differently.
- Draft budget proposals will be available in December 2016.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

- In response to a Select Committee Member's question regarding the Cattle Market in Raglan, it was noted that there is still some work to be undertaken before the Authority takes over the responsibility for it. It is still in the commissioning stage.

Committee's Conclusion

- That the recommendations outlined in the report be presented to Cabinet.
- That the Scrutiny Manager invites the Economy and Development Select Committee to the Strong Communities Select Committee when the issue relating to the Cattle Market at Raglan is discussed.

6. Business Rates Revaluation

Context:

To receive a verbal update in respect of Business Rates Revaluation.

Key Issues:

Situation Analysis:

Following a recent draft Business Rates Revaluation, internal analysis has identified that 65% of Monmouthshire's rateable values have increased, 11% have stayed the same and 24% have decreased.

A recent Welsh Government consultation exercise has asserted that approximately half of all ratepayers will continue to pay nothing following the revaluation as a result of support provided by the Small Business Rates Relief Scheme (SBRR). However, analysis suggests that only 44.7% of ratepayers will receive full Small Business Rates Relief (down from 51.5%) and 31.9% of Monmouthshire businesses will receive no relief under SBRR (a 17.3% increase). Where a business is not already eligible for small business rates relief, it will not be eligible for transitional relief under the current Welsh Government proposals.

Should the revaluation go ahead, it is likely to have a considerable impact on Monmouthshire's local businesses, particularly the retail sector which will experience an overall sector increase of 11%, the highest in Wales. Local facilities, including post offices, public houses and village halls also seem to be particularly vulnerable as a result of this revaluation. The table below provides an analysis of percentage changes on a town by town basis:

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

| Town | % Increase | No Change | % Decrease |
|-------------|------------|-----------|------------|
| Abergavenny | 68 | 10 | 22 |
| Caldicot | 41 | 22 | 37 |
| Chepstow | 64 | 12 | 24 |
| Monmouth | 84 | 5 | 11 |
| Usk | 89 | 5 | 6 |

Action to Date:

Given that 'Supporting enterprise, entrepreneurship and job creation' is one of the Council's key priorities, the following actions have been taken to raise awareness of this issue and the potential impact that this can have on the cash flow of Monmouthshire's local businesses:

- **4th November 2016:** The Chief Executive and Deputy Leader met with David Davies MP to raise concerns.
- **30th November 2016:** The Chief Executive, Deputy Leader and Chairman of Monmouth Chamber (representing all Monmouthshire's Chambers) are meeting with the District Valuer to:
 - Request a postponement of the revaluation so that the methodology can be examined. There is a need to understand why Monmouthshire is experiencing such a high proportion of the increase when there are inconsistencies with other counties. The system must be seen to be transparent and fair.
 - To understand if there is an opportunity for the Council to make a technical appeal on behalf of the County's businesses, although the Authority is not aware of an existing methodology that will enable it to do so.
 - Alternately, to seek assurance that those who lodge appeals against the revaluation should have increases postponed until the determination of the appeals. Businesses asked to pay these unexpected hikes at short notice could suffer severe cash flow problems. If the Welsh Government refuses to re-examine these proposals, Monmouthshire could lose some of the County's iconic businesses.
- **1st December 2016:** County Councillor Greenland to put a motion to Council urging Welsh Government to postpone these draft proposals to give time for a thorough review of the methodology and results thrown up from this revaluation to be considered. Also for Welsh Government not to impose any increases until the results of the appeals are known. Also, to call for sympathetic transitional arrangements for all businesses given that Welsh Government, although has announced a transitional scheme for small businesses affected by the increase, it has not done the same for the larger businesses which will be harder hit.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

- **5th December 2016:** Nick Ramsay AM is holding a Public Meeting in Usk Memorial Hall at 7.30pm.

Member Scrutiny:

- The Select Committee endorsed the information received in the verbal update and Members agreed to raise their concerns at Full Council.
- It was considered that in order to maintain a viable business entity in Monmouthshire this matter needed to be addressed and resolved as quickly as possible.
- The report presented would be emailed to the Select Committee.
- The Cabinet Member stated that this matter is serious for many of Monmouthshire's businesses. It is likely that the smaller local businesses are likely to suffer under these proposals. It was noted that it was in the gift of Welsh Government to postpone these increases and for a better transitional period. This matter will be raised with Welsh Government.
- Some Select Committee Members considered that, as a Council, we could support local businesses by not putting a charge on businesses for their 'A' boards, with a view to showing support. It was considered that the cost implication of introducing this charge would create a minimal financial gain for the Council. It might be better not to introduce it and therefore support local businesses. The Vice-Chair asked officers to look into this matter but noted that the main issue that needed to be addressed was the matter of business rates.

Committee's Conclusion:

On behalf of the Select Committee, the Vice-Chair thanked the officer for presenting the verbal report and urged Cabinet and officers to do what they can to help businesses overcome this very difficult issue.

7. Improvement Objectives and Performance Indicators - 2016/17 Quarter 2 update

Context:

To receive quarter 2 performance data for the Improvement Objectives which are under the remit of Economy & Development Select Committee and to receive the latest performance against wider key national performance indicators that are under the committee's remit.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

Key Issues:

Improvement Objectives are set annually by the Council to deliver on priorities. These are set in the Council's Improvement Plan 2016/17. Despite objectives being focussed on the long term, the specific activities that support them are particularly focussed for the year ahead.

Activity that contributes to the delivery of some objectives cross cuts Select Committee remits and these will also be reported to the other relevant committees.

The Improvement Objectives will be evaluated at the end of the year (2016/17) based on the Council's self-evaluation framework, as set in the Improvement Plan 2016-17. Performance against them will be reported to Select Committee and in the Stage 2 Improvement Plan published in October each year.

This is likely to be the final annual cycle of Improvement Planning in this format. The Council is currently undertaking two substantial assessments of need and wellbeing within the County as a consequence of the Wellbeing of Future Generations Act and the Social Services and Wellbeing Act. This information will provide a much deeper evidence base of well-being in the County and will be used to review the Council's current improvement objectives in preparation for the publication of the Council's well-being objectives by 31st March 2017.

Appendix C of the report sets out further Key Performance Indicators from the National Performance indicator set that are under the committee's remit. The primary purpose is to highlight the performance achieved so far in 2016/17. Where indicators relate to the performance of services that are under the remit of more than one committee these will also be reported to the other relevant committees.

Member Scrutiny:

- In response to a Select Committee Member's question regarding the progress of the tourism, leisure, culture services and that progress was 'on target', it was noted that milestones are set in terms of progress towards that delivery. The 'on target' in this case related to completing the option appraisal by October 2016, the target having been set in May 2016. Therefore, this target had been met.
- A viable places loan scheme in Abergavenny has been promoted via the Council's website, the Council's Facebook page, twitter and press releases to communicate this message.
- The action in the report related to City deal has an associated milestone scheduled to be completed by March 2017. The Select Committee Manager confirmed that this matter is currently on the work programme to be brought to the Select Committee at the appropriate time.

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

- In response to a Select Committee Member's question regarding STEAM data and how it is collated, it was noted that the Tourism Manager could provide the Member with an update regarding this matter.

Committee's Conclusion:

- That the report be noted.
- The Tourism Manager to provide the Select Committee Member with information on how STEAM data is collated.
- An update report on the City Deal to be presented to a future Select Committee meeting.

8. Y Prentis and CMC2 Updates

Context:

To receive an update on Y Prentis activities and the benefits it has brought to the wider South East Wales region. To consider the dissolution of CMC².

Key Issues:

Y Prentis was established by CMC2 and Melin Homes as a not for profit company limited by guarantee in September 2012. Y Prentis delivers a Shared Apprenticeship Scheme across South East Wales in partnership with the Construction Industry Training Board (CITB). Its vision is to 'provide long term sustainable employment opportunities to help young people maximise their potential and gain fruitful future employment'.

Y-Prentis has been a success story for CMC2. It is profitable, supported by a levy from the construction sector and enabled more than 160 young people into sustainable living wage apprenticeships. Moreover, the potential now exists for the continued development and expansion of the company, in light of the City Deal and major infrastructure developments and opportunities such as the Critical Care Centre in Torfaen. Aside from Y-Prentis, CMC2 has created benefits for Monmouthshire communities with broadband exploitation, MonmouthpediA, digital inclusion and tourism. In terms of its contribution to the Council, the work undertaken by CMC2 on the development of the replacement social care system (FLO/PLANT), has saved the Council in the order of £150,000 annually in licence fees.

With the conclusion of the software development work and other than the continued operation of Y-Prentis, CMC2 has ceased trading and has been engaged in completing live projects since July 2015 when Cabinet approved reserve funding for its accumulated losses. However it was not dissolved at this time as it formed part of an options appraisal to consider a suitable delivery structure for the Alternative Delivery

MONMOUTHSHIRE COUNTY COUNCIL

Minutes of the meeting of Economy and Development Select Committee held at The Council Chamber, County Hall, Rhadyr, Usk, NP15 1GA on Thursday, 24th November, 2016 at 10.00 am

Model (ADM) being considered for Tourism, Leisure and Culture Services. This analysis has now concluded that CMC² is not the correct vehicle for the ADM so it is now proposed that the company is formally dissolved.

In doing so, it is proposed that one outstanding account of £90,000 relating to software development services for Skutrade is novated to the Council. The Council had separately engaged with Skutrade to determine whether it could support the competitiveness of Monmouthshire businesses. The recovery of the Skutrade account is considered to be a separate matter to this and we are working with the company to settle the account.

As CMC² is the registered co-owner of Y Prentis, with Melin Homes, it is proposed that following dissolution, ownership of the company transfers to the Council which becomes co-owner of this not for profit company limited by guarantee, which is successful in its own right. Accumulated surpluses of £240,000 (expected to reach £260,000 by 31st March 2017) are now held by the company. The significant additional future growth potential with major infrastructure investment schemes in the region, now coming to pass must also be considered given the remit of Y-Prentis to work on a regional scale.

Member Scrutiny:

- The Business Plan for Y Prentis to be brought to a future meeting of the Select Committee.
- In response to a Select Committee Member's question regarding Y Prentis being in the ownership of CMC2, it was noted that at the inception of CMC2, it was seen as a perfect opportunity for CMC2 and Y Prentis to align. And a decision was made to do so. However, there is a need to re-house Y Prentis due to the dissolution of CMC2.
- Part of the focus of CMC2 included sustainable energy but was not the single focus. The articles of the companies were in renewable and training skills. CMC2 always had the flexibility to operate in many areas.
- In response to a Select Committee Member's question regarding its success, it was noted that there has been an enthusiastic apprenticeship scheme and new software developments. Now seems to be the time to bring it back in-house.
- In response to a Select Committee Member's question regarding the intellectual property of the system, it was noted that with regard to FLO / PLANT, things have been protracted where strong relationships have been developed with other software houses and providers who have taken a keen interest in what has been produced. However, changes in the market has led to some of these companies being taken over which has meant that the platform is in the process of being sold on. A valuation is being sought from the District Valuer. The IP address and the code is owned by the Authority. In respect of development work taken for the Authority, where contracts were written that the IP address was held by the Authority. For any software development works that were undertaken with

MONMOUTHSHIRE COUNTY COUNCIL

private companies, the holder of the IP address varied. There is no intellectual property that is held by CMC2 other than one software development project. With regard to who owns this intellectual property, this will need to be ascertained via legal process. Therefore, the company would not be dissolved until this matter had been clarified.

- A Select Committee Member had expressed his disappointment and questioned the purpose of CMC2. It was noted that there had been a number of examples highlighted in the report that had outlined the good work that had been achieved. However, the point had been reached where it had become necessary to curtail activities and dissolve the company.
- The Cabinet Member stated that purpose of CMC2 was to take forward areas of interest for the community and to bring people into the Community Interest Company (CIC) who had skills and were able to take forward issues the Authority would like to do but were not in the general remit of the Council. Therefore, developing benefits to the community that would not have been delivered. The company has been successful during its time of operation.
- In response to a Select Committee Member's question, it was noted that Cabinet received the CMC2 business plan annually and at each point that it was presented to Cabinet, pre-decision scrutiny had been undertaken by the Select Committee.

Committee's Conclusion:

- Y Prentis deserves further scrutiny and this matter will come forward to the Select Committee in the spring of 2017.
- To accept the recommendations outlined in the report, as follows:
 - To receive a full update on the activities of Y Prentis.
 - To approve the dissolution of CMC².
 - To agree to novate outstanding debt to the Council for recovery purposes.
 - To, as a consequence of the above movements, agree to formally pass ownership of Y Prentis from CMC² to the Monmouthshire County Council.

9. Economy and Development Select Committee Forward Work Programme

We scrutinised the Economy and Development Select Committee Forward Work Programme. In doing so, the following points were noted:

- The Ordinary meeting of the Select Committee to be held on 5th January 2017 at 10.00am (All day meeting).

MONMOUTHSHIRE COUNTY COUNCIL

SUBJECT: DRAFT CAPITAL BUDGET PROPOSALS 2017/18 TO 2020/21

MEETING: Economy & Development Select Committee

DATE: 5th January 2017

DIVISION/WARDS AFFECTED: Countywide

1. PURPOSE:

- 1.1 To outline the proposed capital budget for 2017/18 and the indicative capital budgets for the three years 2018/19 to 2020/21.

RECOMMENDATIONS:

- 1.1 That Select Committee scrutinizes the draft capital budget proposals for 2017/18 to 2020/21 released for consultation purposes as set out below and referred to in Appendix 2
- 2.2 That Select Committee notes the following recommendations approved by Cabinet:
- 2.3 That Cabinet confirms a capital strategy, which seeks to prioritise the Council's Future Schools programme and other commitments whilst also continuing to finance a minimum core capital programme, recognizing the risks associated with this approach.
- 2.4 That Cabinet reviews the priorities in the Capital programme in the light of the issues raised in 3.7 and other demands for capital resources
- 2.5 That Cabinet reaffirms the principle that new schemes can only be added to the programme if the business case demonstrates that they are self financing or the scheme is deemed a higher priority than current schemes in the programme and therefore displaces it.
- 2.6 That Cabinet agrees to maximize the use of capital receipts when received to fund the capital programme (therefore reducing the need to borrow) and/or set aside to repay debt as outlined in paragraph 3.10.

- 2.7 That Cabinet agrees to the sale of the assets in accordance with the Asset Management Plan and identified in the exempt background paper in order to support the capital programme, and that once agreed, no further options are considered for these assets.

3. KEY ISSUES:

Capital budget strategy

- 3.1 The capital MTFP strategy put in place in the face of an ever reducing resource base from Welsh Government has been reviewed. The strategy going forward has the following key components:

- The core MTFP capital programme needs to be financially sustainable without drawing on further funding.
- The original Match funding identified for the Council's priority of the Future schools programme (£40 million) has been supplemented with £11.9 million additional funding.
- Budgets for Disabled Facilities Grants and Access for all schemes will be maintained in line with the Council's priority of protecting services to vulnerable adults and children.
- No inflation increases will be applied to any of the capital programme with property maintenance budget and Infrastructure maintenance budget set at the same level as last year
- The County farms maintenance and reinvestment programme is based on the revised asset management plan for County farms, supported by the latest condition survey data
- Budget for Area Management of £20k in the programme could be further reduced or cut in the face of other pressures
- £1m unsupported prudential borrowing per annum has been contained in the programme for a number of years and this will continue in the current 4 year programme
- The capital MTFP currently projects no increase in supported borrowing for 2016/17 onwards (provisional settlement received October 2016)
- Use of the capital investment reserve to ease the transition to a balanced budget
- Budget to enhance or prepare assets for sale will be maintained and funded through the capital receipt regeneration reserve in order to maximize this funding stream for the Future schools programme priority

Capital MTFP issues

- 3.2 The four year capital programme is reviewed annually and updated to take account of any new information that is relevant.
- 3.3 The major component of the capital MTFP for the next few years is the Future schools programme, and the Council has recently approved further funding for this programme at its meeting on the 20th October 2016.
- 3.4 There are a number of other areas where there is a commitment to invest, however the schemes currently sit outside the programme as work progresses to identify the funding requirements. These are:
- Monmouth Pool – commitment to reprovide the pool in Monmouth as a consequence of the Future schools programme
 - Abergavenny Hub – commitment to reprovide the library with the One Stop Shop in Abergavenny to conclude the creation of a Hub in each of the towns
 - Disabled Facilities Grants – the demand for grants is currently outstripping the budget, work is being undertaken to assess the level of investment required to maximize the impact and benefit for recipients.
 - City Deal - 10 Authorities in the Cardiff City region are looking at a potential £1.2 billion City Deal. Agreement to commit to this programme is being sought across the region in January and so would impact on the capital MTFP. The potential impact on individual authority budgets is currently being modelled in advance of decisions on specific projects and profiles in order for authorities to start reflecting the commitment in their MTFPs.
 - J and E Block – the office rationalization programme is being considered to see if there is a solution that would enable the Magor and Usk sites to be consolidated, releasing funding to pay for the necessary investment to bring the blocks into use.
- 3.5 A strategy that enables the core programme, Future schools and the above schemes to be accommodated is being developed. Notwithstanding this there will still remain a considerable number of pressures that sit outside of any potential to fund them within the Capital MTFP and this has significant risk associated with it. Cabinet have previously accepted this risk.
- 3.6 The current policy is that further new schemes can only be added to the programme if the business case demonstrates that they are self financing or the scheme is deemed a higher priority than current schemes in the programme and therefore displaces it.
- 3.7 In summary the following other issues and pressures have been identified:
- Long list of back log pressures – infrastructure, property, DDA work, Public rights of way, as outlined in Appendix 1. None of these pressures are included in the current capital MTFP, but this carries with it a considerable risk.
 - Capital investment required to deliver revenue savings – this is principally in the area of office accommodation and looking at alternative delivery models for leisure and culture, and social care, property investment and possibly Additional Learning needs. The level of investment is currently being assessed however, in accordance with the principle already set above, if the schemes

are not going to displace anything already in the programme then the cost of any additional borrowing will need to be netted off the saving to be made.

- The IT reserve is depleted so funding for any major new IT investment is limited. Any additional IT schemes will need to either be able to pay for themselves or displace other schemes in the programme.
- Circuit of Wales – the Authority has undertaken due diligence work on a version of the proposal which concluded not to proceed, the current proposal is being considered by Welsh Government without recourse to Local Authority funding.

Available capital resources

- 3.8 The capital strategy identified above establishes that the core programme will not increase so that available funding can be prioritised for the Future Schools Programme and other commitments provided.
- 3.9 In light of the current pressures on the Authority’s medium-term revenue budget, and the principles on which any prudential borrowing must be taken of affordability, prudence and sustainability, the use of further prudential borrowing has to be carefully assessed.
- 3.10 The table below illustrates the balance on the useable capital receipts reserve over the period 2016/17 to 2020/21 taking into account capital receipts forecasts provided by Estates and revised balances drawn to finance the existing programme. The Council still needs to continue to make a concerted effort to maximize its capital receipts generation over the next few years. Further opportunities to set aside capital receipts to repay debt have been modelled for 2016/17 and 2017/18, however this is dependent on significant asset sales taking place and the profile of expenditure in the relevant years. Further detail is provided in Appendix 4.

Page 18

| <u>GENERAL RECEIPTS</u> | 2016/17 £000 | 2017/18 £000 | 2018/19 £000 | 2019/20 £000 | 2020/21 £000 |
|---------------------------------|-------------------------|-------------------------|-------------------------|-------------------------|-------------------------|
| Balance as at 31st March | 11,226 | 608 | 0 | 5,156 | 4,861 |

- 3.11 The above table illustrates that the capital receipts balance is set to reduce over the MTFP. This is dependent on the capital receipts forecasts provided materializing, which in itself is a significant risk, then being used to fund the capital programme. Experience suggests that there is often significant slippage in gaining receipts which may be due to factors outside the control of the Authority. The risk assessment on the receipts projected is contained in Appendix 5. It is crucial that once assets are identified and approved for sale that this decision is acted upon. Exploration of any alternative use of surplus assets needs to be undertaken before Council approves them for sale in order to assist in the capital planning process.
- 3.12 Opportunities to generate further receipts and funding streams in line with the Asset Management Plan are continuously being sought, these are outlined below:

- Review of accommodation/buildings in use by the council, with a view to further rationalization – some further rationalisation of office accommodation has been done, but there may be further potential leading to other buildings being released for sale and this is also key in identifying revenue savings
- Identification of services that can be combined as part of the whole Place agenda and establishment of community Hubs, and therefore release buildings for sale
- Review the existing County Farms strategy
- Community Infrastructure Levy – this will become more relevant for the capital MTFP once implemented and can include funding for more general ‘place-making’ schemes that support the growth proposed in the LDP e.g. sustainable transport improvements, upgrade/provision of Broadband connectivity, town centre improvements, education, strategic sports/adult recreation facilities and green infrastructure.

4. REASONS:

4.1 To provide an opportunity for consultation on the capital budget proposals.

RESOURCE IMPLICATIONS:

6.1 Resource implications are noted throughout the report both in terms of how the core programme is financially sustainable, the key issues that require further quantification and also the risks associated with not addressing the pressures outlined in Appendix 1.

6. FUTURE GENERATIONS ASSESSMENT AND EQUALITY IMPLICATIONS:

6.1 Capital budgets which impact on individuals with protected characteristics, most notably renovation grants and access for all budgets are being maintained at their current levels and further work is being progressed to assess how the demand for DFGs can be met.

6.2 The equality impact of the mechanism to allocate maintenance budgets to individual schemes should be in place and being used to aid allocation of funding

6.3 The actual impacts from this report's recommendations will be reviewed on an ongoing basis by the Capital Working Group.

Appendix 1 - Capital Pressures

| Description of Pressure | Forecast Cost | Responsible Officer / Champion |
|---|---------------|--------------------------------|
| Current Rights of Way issues (Whitebrook byway) - Engineering assessments have been completed on landslip / collapse of byway at Whitebrook, estimated cost of repairs in the region of £70-£80k. | 75,000 | Matthew Lewis |
| Current Rights of Way issues (Wye and Usk Valley Walks) - Engineering assessments have been completed on river erosion / landslips on the Wye and Usk Valley Walks. [Monmouth] (Wye Valley Walk) £23,925, [Clytha] (Usk Valley Walk) £46,725, [Coed Y Prior] (Usk Valley Walk) £9,900, site investigations/design £5,500. | 86,000 | Matthew Lewis |
| The major review of the waste Mgt and recycling service is ongoing and will report in the new year to Members. Proposals may include consideration of receptacles rather than bags (anticipated cost of between £0.3-1.3m). Current options are exploring the possibility of using revenue budgets to meet this cost. | 1,300,000 | R Jowitt/C Touhig |
| Monmouth Community Amenity site upgrade - indicative costs are £1.5-2m if built and run by the Council. The transfer station and CA capital costs could be avoided if the Council decided it was best value to procure a build, finance, operate contract for its sites in future. The work to evaluate these options will follow on after kerbside collection. | 2,000,000 | R Jowitt/C Touhig |
| Property Maintenance requirements for both schools & non-schools as valued by condition surveys carried out some years ago. The existing £2m annual budget mainly targets urgent maintenance e.g. health & safety, maintaining buildings wind & watertight, etc., and is insufficient to address the maintenance backlog. A lack of funding means maintenance costs will rise; that our ability to sell buildings at maximum market rates will be affected ; Our ability to deliver effective services will be affected and a Loss of revenue and poor public image. | 22,000,000 | R M O'Dwyer |
| Disabled adaptation works to public buildings required under disability discrimination legislation. | 7,200,000 | R M O'Dwyer |
| School Traffic Management Improvements - based on works carried out on similar buildings. | 250,000 | R M O'Dwyer |
| Refurbishment of all Public Toilets - Capital investment required to facilitate remaining transfers to Town and Community Councils | 95,000 | R M O'Dwyer |
| School fencing improvements | 68,000 | LEA & Headteacher |
| Modification works to school kitchens to comply with Environmental Health Standards. Without additional funding school kitchens may have to be closed and additional costs for transporting meals in incurred, possibly causing disruption to the education process. | 38,000 | R M O'Dwyer |
| Radon remedial works Following the commissioning of Radon Wales to carry Radon Surveys of public buildings, remedial works will be required at various premises to resolve issues | 75,000 | R M O'Dwyer |

| | | |
|---|---|-----------------|
| Countryside Rights of Way work needed to bring network up to statutorily required and safe standard. This should be taken as a provisional figure as surveys and assessments of bridges and structures are on-going and the rights of way prioritisation system which includes risk assessment will more accurately define and rank the backlog. Bridge management report on 787 bridges completed in October 2013 identifies 254 known bridge issues of which 77 need repair, 31 replacement & 80 are missing. 68 have 'other' issues including 51 bridges which require full inspection to further ascertain requirements/costs. 13 bridges are 10m+ and require replacement or repair. It is not possible to cost all of these currently but a ball park figure of £288k has been identified for the first tranche of issues. Additional ROW allocation (30K) helping, but scale of overall pressure means these figures are still relevant | 2,200,000 | I Saunders |
| Transportation/safety strategy –Air Quality Management, 20 m.p.h legislation and DDA (car parks) | 1,200,000 | R Cope |
| Disabled Facilities Grants (DFGs) - The DFG's budget has remained unchanged for the last ten years. Each year the fully committed/spent date falls earlier in the financial year. This year we expect the budget to be fully committed by end October. | 500,000 | I Bakewell |
| Bringing County highways to the level of a safe road network. This backlog calculation figure has been provided by Welsh Government. The Authorities Capital Programme is not addressing the backlog significantly as the annual level of funding available is not of sufficient magnitude to address this. The annual programme is set in relation to the approved budget and this programme is shared with all members. Routes are selected on the basis of their significance within the overall highway network and their condition. Programmes are reviewed annually around December and then distributed to members. | 80,000,000 | R Hoggins |
| Investing in infrastructure projects needed to arrest road closures due to whole or partial bank slips. Without additional expenditure there is the potential for deterioration, increased scheme costs, disruption to communities and the travelling public and road closures. | 5,000,000 | R Hoggins |
| Backlog on highways structures including old culverts, bridges and retaining walls. With existing budget this backlog will take 23 years to cover and there will be increased likelihood of loss of network availability. | 12,700,000 | R Hoggins |
| Reprovision or repair of Chain Bridge - Cost prediction is indicative at present. Summary quotes updated August 15. The bridge is currently under special management measures and inspection. Repair/ repositioning will remove / minimise the need for these measures. Without remedial work, the structure will continue to deteriorate. The current 40T maximum limit will have to be further reduced restricting access to the Lancayo area especially for heavy vehicles. Options evaluated from repairing sufficiently to maintain 40t limit, to converting to footbridge and repositioning | 1,800,000 to 7,500,000. Mid point 4,700,000 | R Hoggins |
| Caldicot Castle remedial works - longer term pressures given the condition of the curtain walls / towers etc. The £2-3m estimate is a ball part figure ranging from just the backlog of maintenance to also including improvements to bring the visitor facilities up to modern standards. An RDP grant is paying for a condition survey / outline conservation plan. The current condition of buildings constrains current operations and will impact on future management options including the assessment of viability of potential Cultural Services Trust. Heritage Lottery Funding is possible (but very competitive) Substantial match funding would still be required. | 3,000,000 | I Saunders |
| Severn View Care Facility renewal - the starting point is that MCC is seeking the re-provision of approximately 30 residential beds for older people living with dementia and a day service 6 days per week supporting 15 people per day. The existing home was built c1979 and although the layout is good, it has a number of significant weaknesses which we will seek to address through detailed work on design to meet identified needs in the area. | ? | Julie Boothroyd |
| Band B Schools programme - dependent on WG funding streams | ? | |

| | | |
|---|--------------------|--|
| Total Pressures | 137,787,000 | |
| | | |
| Capital investment for revenue savings | | |
| Leisure and cultural services - Currently the service is exploring future delivery options including trust status. Part of the work will involve conditions surveys which may lead to capital works being required to expedite handover of assets. Included:- e.g. museums, Shire hall, Abergavenny castle, Old station Tintern, Caldicot castle | 1,000,000 | |
| ALN Strategy -review of current ALN service that includes various County facilities. Options could require Capital Spend but this is unknown at the present time | ? | |
| Abergavenny Hub costs | ? | |
| Office accommodation - reflective of J&E block, Usk HQ and car park changes, scheme currently being reviewed | 1,130,000 | |

Appendix 4 - Forecast Useable Capital Receipts

Amounts in excess of £10,000 are categorised as capital receipts. The balance of receipts is required to be credited to the Useable Capital Receipts Reserve, and can then only be used for new capital investment or set aside to reduce the Council's borrowing requirement.

The forecast movement on the reserve based on forecast capital receipts and the budgeted application of capital receipts (including forecast slippage) to support the financing of the Authority's capital programme is summarised below:

| <u>GENERAL RECEIPTS</u> | 2016/17 | 2017/18 | 2018/19 | 2019/20 | 2020/21 |

| SUBJECT: | DRAFT BUDGET PROPOSALS 2017/18 FOR CONSULTATION |
| MEETING: | Economy & Development Select Committee |
| DATE: | 5th January 2017 |
| DIVISION/WARDS AFFECTED: | All |

1. PURPOSE:

- 1.1 To provide detailed draft proposals on the budget savings required to meet the gap between available resources and need to spend in 2017/18, for consultation purposes.
- 1.2 To consider the 2017/18 budget within the context of the 4 year Medium Term Financial Plan (MTFP) and the emergence of priorities to guide forward activities through Future Monmouthshire.

2. RECOMMENDATIONS:

- 2.1 That Select committee scrutinises the draft budget savings proposals for 2017/18 released for consultation purposes.
- 2.2 That Select committee notes that the consultation period and opportunity to present alternative proposals that have been Equality Impact assessed ends on 31st January 2017.
- 2.3 That Select committee notes that work is continuing on the areas required to balance the 2017/18 budget and Medium Term Financial Plan (MTFP), through those opportunities identified in the emerging Future Monmouthshire programme.

3. KEY ISSUES:

Background

- 3.1 Cabinet received a report on the MTFP and budget process at their meeting of 2nd November 2016. The report outlined the assumptions that were being used in the construction of the budget for 2017/18 and the MTFP and highlighted the outcome of the provisional settlement announcement for Monmouthshire.
- 3.2 As a reminder the following assumptions have been used for the 2017/18 budget:
 - Council Tax – 3.95%
 - Other external income – 2.5%
 - Pay inflation – 1%
 - Non pay inflation – 0%
 - Vacancy factor – 2% (except schools)
 - Superannuation – 21.1% (Actuarial review pending)
 - Schools Budget – 0%
 - Aggregate External Finance – 0.12% reduction based on the provisional settlement

- 3.3 The above assumptions led to a gap of £2.509 million in 2017/18 rising to a gap of £10.5 million over the medium term. At that time further work was being undertaken to assess the pressures both in the current year budget and any new pressures arising from changes in regulations for example. Savings and income generation proposals were also being worked up and reviewed through an internal and external challenge process guided by the principles and thinking established through Future Monmouthshire.

Pressures

- 3.4 The work on pressures has highlighted that a number of significant pressures need to be taken into account in next years budget. This is most notable in Social care where a combination of increasing complexity of care and demand for services together with changes implemented by Welsh government in relation to caps on charging for care and capital threshold limits and the impact of the National living Wage increase on care contracts has combined to generate £2 million pressure in next years budget. A summary table of pressures is provided below and further information on the other pressures is provided in Appendix 1. It is noticeable that there are a limited number of pressures identified for years 2 to 4 of the MTFP, however it is common for them to be recognised closer to the year in question and this needs to be borne in mind when considering the remaining gap in the MTFP.

| | 2017/18 | 2018/19 | 2019/20 | 2020/21 |
|--|-------------|------------|------------|----------|
| Summary of Pressures by Directorate | £000s | £000s | £000s | £000s |
| Children and Young People | 0 | 0 | 0 | 0 |
| Corporate | 678 | 58 | 112 | 0 |

| One off pressures to be reserve funded | -581 | 0 | 0 | 0 |
| NET TOTAL PRESSURES | 4090 | 539 | 618 | 0 |

- 3.5 Previously agreed savings that have not been achieved in the past have also been recognised as pressures in the model together with any current year budget overspends that look set to continue into 2017/18. In previous budgets Directorates have been asked to manage these pressures within services, however given the level of savings already being delivered by some service areas a decision has been taken to recognise these pressures in the budget for 2017/18 to mitigate this risk.
- 3.6 Some of the pressures have been recognised as one off pressures and so will be proposed to be met from earmarked reserves. The remaining gap created will be addressed ongoing through focussed work, involving service reviews and redesign, challenge-setting, transfer of external knowledge and best practice.

Budget Proposals for 2017/18

- 3.7 After several years of taking significant resource out of the budget the means of achieving further savings becomes increasingly more challenging. The work on Future Monmouthshire has meant some changes to the budget process for 17/18. Future Monmouthshire is about keeping the Council 'going' and 'growing' and whilst the pressure of 17/18 is immediate, a one-year Page 44 has been developed which aims to position

short-term decisions in the context of a longer-term programme which aligns with the medium Term Financial Plan. Across the board, all service areas were asked to consider how their services would look within a range of reductions available to them, whilst simultaneously, looking ahead and ensuring wherever possible, proposals support the medium term direction of travel. Over 240 proposals were highlighted through this work and is testament to the hard work of service managers willing to continue to look for every available possibility to make efficiencies and work differently whilst minimising the impact on the people and communities of Monmouthshire.

- 3.8 To in-build an additional element of review, all proposals have been considered and tested through a process of internal and external independent challenge. The internal challenge resulted in an initial ranking of savings as red, amber or green and helped identify where further attention could be focused to develop a set of proposals to meet the resource gap. At this stage the list of proposals that fell into the red category have been set aside as requiring further work to assess the impact, risk and full implications of the idea. These now form part of the ongoing work programme of Future Monmouthshire and will ensure that there is an ongoing pipeline of schemes and proposals. This pipeline will support the annual budget process and moreover, embed and ingrain the task of ongoing improvement, efficiency and effectiveness in the every day. The green and amber proposals were then categorised in to the following areas: Income generation, Staff, Organisational efficiency and service reduction. 68 of the proposals were classed as organisational efficiency as they enabled the services to work better and smarter without impact on the service outcomes.
- 3.9 External challenge was also undertaken to provide a high level independent view and challenge of the 2017/18 budget proformas, whilst ensuring that proposals for efficiency savings are aligned to the strategic direction of the Council to be delivered through the Future Monmouthshire programme. The review considered data analysis, facilitated sessions, ranking of the proposals for deliverability and identifying any areas of additional opportunity. The feedback provided accorded in most areas with the internal challenge process and has been taken into account in presenting the proposals in this report. In addition the analysis, provided a useful overview of how the process can be improved in the future. Areas of additional opportunity were highlighted, in particular around future opportunities for service integration commercialisation, income generation, procurement and adult social care are currently being considered and will form part of the ongoing pipeline of activity being built out through Future Monmouthshire. There is a possibility some of these will be sufficiently developed in time to help with meeting the remaining gap as presented below. This remains priority work in progress.
- 3.10 A summary of all the proposals are shown in the table below, and are shown in more detail in the attached appendices 2 and 3.

Links to Vision and Priorities

3.11 This approach has been key to enabling a continued focus on the Council's Single Integrated Plan with its vision of sustainable and resilient communities and 3 themes of the County's Single Integrated Plan of; Nobody is left behind, People are capable, confident and involved, Our County thrives and their associated outcomes. This has also allowed the core priorities, as identified within the Administration's Mid Term Report and Continuance Agreement 2015-17, to be maintained, namely:

- direct spending in schools,
- services to vulnerable children and adults and
- activities that support the creation of jobs and wealth in the local economy,
- maintaining locally accessible services

3.12 The budget proposals contained within this report have sought to ensure these key outcomes and priorities can be continued to be pursued as far as possible within a restricting resource base. This does not, however, mean that these areas will not contribute to meeting the financial challenges. The aim is to make sure everything is efficient so that as broad a range of service offer, in line with those functions that matter most to our communities, can be maintained. In the light of this, and current year pressures, the previously identified saving of £600k relating to changing practice in Adults social care has been reviewed and results in a reduction on the saving to £200k, as referenced above, additional review work is currently being undertaken in Adult Social Care to identify where ground can be regained, in future years. Chief Officers in considering the proposals and strategy above have also been mindful of the whole authority risk assessment.

3.13 The following table demonstrates the links at a summary level that have been made with the 4 priorities, Single Integrated Plan and the strategic risks:

| Proposal | Link to Priority Areas / Single Integrated Plan | Link to Whole Authority Risk assessment |
|----------|---|---|
|----------|---|---|

| | | |
|---|---|--|
| Schools budgets have been protected at 2016/17 levels, | Direct Spending in schools is maintained People are Capable, confident and Involved Our County Thrives | Budget proposals are mindful of the risk in the register around children not achieving their full potential |
| Social care budgets will see additional resources going into the budget for Children's and adults social services to meet the pressures in these areas. | Services to protect vulnerable people Nobody is left behind | These proposals seeks to address the risks around more people becoming vulnerable and in need and the needs of children with additional learning needs not being met |
| The drive for service efficiencies savings has continued across all service areas in order to avoid more stringent cuts to frontline services. | Further reviews of management and support structures and streamlining of processes, contributes to the aims of creating a sustainable and resilient communities. | Addresses risks around the ability to sustain our priorities within the current financial climate |
| The need to think differently what income can be generated has been a clear imperative in working up the proposals. Clear examples are the income opportunities in and Highways, and operations to maximise trading opportunities | Being able to generate further income streams responds to the consultation responses in previous years regarding a preference for this compared to services cuts and contributes to the aims of creating a sustainable and resilient communities. | |

Treasury Impact

- 3.14 The Capital MTFP is being considered as a separate report on this agenda and for the purposes of establishing the revenue impact of the capital MTFP, the current summary position in the Capital report has been taken.
- 3.15 Members will be aware that Council recently considered and approved a change to its Policy in relation to the amount it sets aside in relation to the Minimum Revenue Provision for the repayment of supported debt. This has created a cash flow benefit in 2017/18 of £1.5 million.
- 3.16 Further work on the Treasury aspects of the budget are still being validated and include, a review of the current year underspend, the profile of capital expenditure and potential slippage, a review of maturing debt over the medium term and the balance between the level of fixed and variable rate debt in the Council's portfolio. The balance of risk is an important consideration in this review as are the principles of security, liquidity and yield when considering any investment strategies.

Council Tax

3.17 The Council Tax increase in the budget has been modelled as 3.95% per annum across the MTFP as a planning assumption. The Council tax base report on this agenda has concluded an assessment of collection rates and growth in properties. The effect of this is to increase the amount of income available from Council Tax as £515k. In addition, the demand for Council Tax Reduction Scheme payments has been assessed as reducing next year by £370k on the forecasts being projected forward from the current year activity.

Summary position

3.18 In summary, the 2017/18 budget gap is now £243k, if all the savings proposals contained in the Appendix 3 are approved. Clearly there is a gap still to meet and further work is progressing through Future Monmouthshire to bring forward measures to balance to budget as set out in 3.9 above around the themes of services integration, commercialisation, adult care and procurement. Specific areas being considered include:

- Implementing a corporate landlord model
- Reviewing whole place and 'place based' partnership resources
- Some cross cutting areas of spend such as marketing, photocopying, travel, pool cars and IT equipment.
- Procurement review
- Optimisation review of adult social care
- Validation of treasury budgets over the MTFP

| SUMMARY POSTION | |

| Adjustments | |
| Net total pressure = £4,090k so add residual pressures | 1,590 |
| Adjustment to savings | 400 |
| Change of Policy on Minimum Revenue Provision for supported borrowing | - 1,536 |
| Reduced demand for Council Tax reduction scheme payments | - 370 |
| Council tax base, collection rate and number of properties | - 515 |
| Remaining gap | 2,078 |
| Service proposals | - 1,835 |
| Revised Gap/-Surplus | 243 |

Reserves strategy

3.19 Earmarked reserve usage over the MTFP is projected to decrease the balance on earmarked reserves from £9.3 million in 2016/17 to £5.6 million at the end of 2019/20. Taking into account that some of these reserves are specific, for example relating to joint arrangements or to fund capital projects, this brings the usable balance down to £4 million. The general fund reserve is sustained at its current level of £7 million, and this is within the 4-6% of net expenditure range considered as appropriate to maintain.

3.20 The recently approved Reserves strategy has sought to ensure that earmarked reserves are not used to balance the budget for ongoing expenditure and that they are instead used

to the best effect and impact on one off areas of spend to help the authority transform itself to the new resource levels available to it. A review of the pressures highlighted above as part of the 2017/18 budget has identified that a number of these pressures are one off investments and as such can be reserve funded.

Next Steps

3.21 The information contained in this report constitutes the budget proposals that are now made available for formal consultation. Cabinet are interested in consultation views on the proposals and how the remaining gap may be closed. This is the opportunity for Members, the public and community groups to consider the budget proposals and make comments on them. Cabinet will not however, be prepared to recommend anything to Council that has not been subject to a Future Generations Assessment and Equality Impact Assessment and therefore a deadline to receive alternative proposals has been set as 31st January 2017.

3.22 Public consultation (to include the formal requirement to consult businesses) and Select Committee Scrutiny of Budget proposals, will take place between the 16th December 2016 and the 31st January 2017. In the past three years we have undertaken extensive community engagement around the budget and the impact of any potential changes under the banner of #MonmouthshireEngages. The budget proposals contained within this report are extensions of previously agreed changes and in addition there has not been any substantive or material service developments; on this basis we will not be conducting another large scale public engagement. There will be opportunity for the community to provide consultation responses via public meetings to be held in Usk, meetings of the Schools budget forum, JAG, and Equality and Diversity group and via the website and social media where details of the proposals will be published and a short film will be available.

In building the 2018/19 budget we will have the ability to rely upon the extensive quantitative and qualitative information generated through the wellbeing assessment (known as Our Monmouthshire).

3.23 The scrutiny of the budget proposals are key areas of this part of the budget process. The following dates have been set for Select committees:

Economy and Development – 5th January 2017
Children and Young People – 12th January 2017
Adults - 24th January 2017
Strong Communities - 26th January 2017
Joint Select committee – 31st January 2017

3.24 Final budget proposals following consultation and receipt of the final settlement will go to a special Cabinet in mid Feb 2017 and Council Tax and budget setting will then take place at Full council on 9th March 2017.

4 REASONS:

4.1 To agree budget proposals for 2017/18 for consultation purposes

5 RESOURCE IMPLICATIONS:

5.1 As identified in the report and appendices

6 FUTURE GENERATIONS AND EQUALITY IMPLICATIONS:

The future generation and equality impacts of the saving proposal have been initially identified per Directorate in Appendix 4. As the impact on services has been kept to a minimum, no significant negative impact has been identified. Further consultation requirements have been identified and are on going. Further assessment of the total impact of the all the proposals will be undertaken for the final budget report.

The actual equality impacts from the final budget report's recommendations will be reviewed and monitored during and after implementation.

APPENDIX 1: Pressures list as at 28th Nov 2017

| Directorates | Complete list of pressures | 2017/18 £000 | Comments |
|-------------------------------|--|-----------------|---|
| Corporate | Apprenticeship levy | 173 | Announcement in the Chancellors Autumn statement last year introduced an Apprenticeship levy on employers from April 2017 to fund the plans to create 3 million new apprenticeship roles by 2020. The levy is 0.5% of an employer's pay bill. The levy payment itself can be converted into an electronic voucher and used to purchase training from recognised providers. Approximately the same amount will be levied from the schools payroll. |
| | Rate revaluations - MCC | 174 | Valuation Office assessment of new rateable values from 2017, very uncertain as to whether any appeals would be successful |
| | Discretionary relief - village halls and other char | 0 | A request to consider providing full business rate relief to village halls as part of the budget setting process has been made. Such a change would require a change to the policy and would affect more than just village halls and cost approximately £108k. It is recommended that a review of the Policy is undertaken by Select committee in order that any proposals to change the Policy are clearly defined and that the additional benefit and/or cost of any change is made explicit. |
| | South Wales Fire Authority - population increase | 92 | South Wales Fire Authority levy is based on population |
| | Insurance premium tax | 40 | Increase in rate of this tax as per UK budget |
| | Levies | 23 | Notifications received from levying authorities |
| | Employers costs (pension and staff rep) | 156 | Part funded from earmarked reserves |
| | Foundation living wage | 20 | To honour Authority commitment to pay Foundation living wage. Recent announcement of an increase in Foundation Living wage from £8.25 to £8.45 |
| | Total Corporate pressures | 678 | |
| Social Care and Health | | | |
| SCH adults | Pay costs to cover bank holidays | 90 | Part of existing Terms and Conditions |
| | Increase in residential use | 250 | There is pressure on the residential budget a notional 50 places is allocated per integrated hub the south team are currently running at 60 plus |
| | Increase in Living wage impact on social care co | 434 | National Living wage is projected to reach £9.20 by 2020, this is the effect on social service contracts |
| | Loss of income due to changes in Charging Policy from the Care Act namely respite treated as non residential and capped a £60 per week | 236 | Prior to the new charging policy issued by Welsh Government following the Care Act, respite care was chargeable under residential rules i.e. no maximum limit. From 1st April 2016 respite care is now capped at a maximum of £60 per week, meaning previous self funding respite clients not supported by MCC are now approaching us for funding as the maximum they can expect to pay is £60 per week. |
| | Deprivation of Liberty Safeguards | 110 | Deprivation of liberty safeguards – increasing numbers with costs attached to staffing of the team, administration and the costs of advocacy. There is no designated budget for this area of work - relates to all of the Directorate |
| SCH - Childrens | Staffing budget | 186 | 4 temporary posts have been made permanent |
| SCH - Youth Offending Team | Reduction in grant funding streams | 29 | MCC share of Youth Justice Board and WG grant funding reductions pressure. |
| | Legal costs in relation to revocations | 180 | This is a one off pressure - propose to fund by earmarked reserve rather than add to base budget |
| SCH - adults | Increase in capital threshold limit from £24k to £30k | 501 | External factors, very difficult to estimate the cost impact as don't know which clients will now fall within the new limit. Have estimated using lowest weekly rate for resi care and based on no. of new self funded this year to date. Then taken off the new burdens money in the Provisional settlement. |
| | Total Social Care pressures | 2016 | |

| | | | |
|----------------------------------|--|-------------|---|
| Children and Young People | Pension auto enrolment | 0 | Pension auto enrolment has been reviewed as the process to auto enrol has been implemented, most Directorates either have budget to cover pension contributions, or many staff opt back out so that the impact has been manageable. Therefore any potential residual pressure has been removed. |
| | Rate revaluations - Schools | 0 | Valuation Office assessment of new rateable values from 2017, shows a net increase of £49k across all schools, these will be reviewed and appeals submitted where appropriate |
| | Total Children and Young People pressures | 0 | |

5. What evidence and data has informed the development of your proposal?

Discussions with the team leaders across these service areas have been used to identify risks.

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

This section should give the key issues arising from the evaluation which will be included in the Committee report template.

The most significant impact affecting public facing services is the changes to the staffing at the contact centre where a particular impact could be felt in the administration of the Grass Routes Bus Service. This is being mitigated by the introduction and development of the e;lectronic booking system.

7. ACTIONS: As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.

5. What evidence and data has informed the development of your proposal?

Discussions with the team leaders across these service areas have been used to identify risks.

Discussions with colleagues within the teams to suggest budget proposals and to help shape those ideas that have been put forward.

Customer research regarding additional planning services to seek to identify potential demand.

Discussions with Matthew Lewis (Countryside Manager) and Severn Estuary Partnership regarding that proposal.

Independent challenge and scrutiny from PeopleToo.

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

This section should give the key issues arising from the evaluation which will be included in the Committee report template.

The main positive impact is being able to maintain customer service while achieving budget savings. The main negative impact is the inevitable additional pressure that this places on colleagues.

5. What evidence and data has informed the development of your proposal?

The proposals have been developed by officers and subjected to internal challenge and scrutiny prior to wider consultation on the proposals. The proposals are designed to have least service impact although it is recognised that the reduction in maintenance budgets delays remedial works to council assets. Increases in charges are intended to allow the services to remain competitive or better reflect service costs. In some areas the proposals seek to make best use of new technology to reduce costs with least service impact.

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

This section should give the key issues arising from the evaluation which will be included in the Committee report template.

There are numerous proposals but significant amongst them is a reduction in the revenue maintenance budgets for structures (highways) and property maintenance, assumptions about increased income from fees and additional trading, revenue benefits from investment in plant (recycling, welfare units) and equipment (LED lighting) and staffing cost savings where available without service impact. These have arisen from officer working groups, market analysis, service good practice, research of new technology, budget analysis and priorities. These have arisen through analysis, challenge and are now submitted for further consultation and scrutiny. Inherent within the exercise so far has been an assessment of the potential impact upon the protected characteristics and within the context of the Future Generations and Well being legislation and as far as possible preparing a set of proposals that are sustainable with least impact upon well being and equality albeit acknowledging that the council's priorities and the budget modelling inevitably place pressure upon many of the Operations service areas. This does not denigrate the importance of these services but acknowledges that the budgets must be adjusted by reduction or income to contribute to the budget modelling overall.

7. ACTIONS: As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.

| What are you going to do | When are you going to do it? | Who is responsible | Progress |
|---|--|--------------------------|-----------------------------------|
| Implementation of approved budget proposals | Wherever possible for commencement in April 2017 | Various heads of service | Ongoing implementation monitoring |

8. MONITORING: The impacts of this proposal will need to be monitored and reviewed. Please specify the date at which you will evaluate the impact, and where you will report the results of the review.

| | |
|--|---|
| The impacts of this proposal will be evaluated on: | Budget approval in February 2017 and ongoing thereafter in line with budget monitoring protocols/frequencies. |

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

Some people who are currently transported by the Council will not receive this service in the future, however their independence will be enabled through the application of this policy. The proposal promotes increased independence for individuals, the use of their own or community resources. Individuals will be supported to maximize their independence and therefore releasing the potential for increased social inclusion.

7. ACTIONS: As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.

5. What evidence and data has informed the development of your proposal?

The proposal to increase meal charges has been in consideration for some time. The current cost of £1.50 per meal was set approximately 20 years ago and has been subject to no increase in all that time. In parallel charges for Monmouthshire meals have been subject to mainly an annual increase over the same period. Feedback generally from people using our services is that they feel that the cost is far too low and that they would be happy to pay more. However this is informal feedback and implementation of proposals will include formal consultation and discussion with those people using our services.

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

The proposal supports the sustainability of the service but has the potential to place some vulnerable people at risk if they decline the service as a result of the price increase.

7. ACTIONS: As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.

|----------------------------------|---|
| SUBJECT: | Strategic Risk Assessment 2016 |
| MEETING: | Economy and Development Select Committee |
| DATE: | 5th January 2017 |
| DIVISIONS/WARDS AFFECTED: | All |

1. PURPOSE:

- 1.1 To provide members with an overview of the current strategic risks facing the authority as provided in appendix 1.

2. RECOMMENDATIONS:

- 2.1 That members consider the strategic risks presented for the next three years, in particular those of relevance to the committee and scrutinise the extent to which:
- all relevant risks facing the authority are appropriately captured,
 - the level of risk applied is appropriate based on the matrix in the council's risk management policy and guidance (appendix 2) and
 - mitigating actions are proportionate and appropriate
- 2.2 That members use the risk assessment on an on-going basis to hold the responsibility holders to account to ensure that risk is being appropriately managed.
- 2.3 Use the risk assessment to inform the future work programme of the committee.

3. KEY ISSUES:

- 3.1 The risk assessment ensures that:
- Strategic risks are identified and monitored by the authority.
 - Risk controls are appropriate and proportionate
 - Senior managers and elected members systematically review the strategic risks facing the authority.
- 3.2 The existing risks on the Strategic Risk Assessment have been updated based on evidence available in 2016, as presented at Appendix 1. Changes to the council's risk management policy were approved by Cabinet in March 2015 and continue to be applied to the strategic risk register. These are:
- including pre-mitigation and post-mitigation risk scores, this was also a key recommendation from scrutiny of the 2014 risk assessment
 - ensuring greater clarity to the phrasing of risk so that each statement includes an event, cause and effect as shown below:

| Event | Cause | Effect |
|--|--|--------------------------------------|
| Risk of...Failure to...Lack of ...Loss of...Uncertainty of ...Inability to...Delay in... | Because of...Due to...As a result of... | Leads to...and/or... result in... |

3.3 The risk assessment only covers high and medium level risks. Lower level operational risks are not registered unless they are projected to escalate within the three years covered. These need to be managed and monitored through teams' service plans. The pre and post mitigation risk levels are presented separately. In most cases mitigating actions result in a change to the likelihood of the risk rather than the consequences as our actions are generally aimed at reducing the chance of a negative event occurring rather than lessening it's impact. Clearly there will be exceptions.

3.4 Following presentation to select committees and audit committee the risk assessment will be presented to Cabinet for sign off. The risk assessment is a living document and will evolve over the course of the year as new information comes to light. An up-to-date risk log is accessible to members on the Council's intranet - The Hub. This will ensure, as well as the ongoing specific scrutiny of the risk assessment annually, that select committees are able to re-visit the information at any point in the year to re-prioritise their work plan as appropriate.

At present the outputs from Future Monmouthshire are contributing to 17-18 while the longer-term benefits cannot yet be costed. This means the authority does not have a longer term financial plan and its current business model could become unsustainable in the long term.</p> <p>The council’s partnership administration continuance agreement sets clear priorities and performance expectations in line with these resource priorities, this only extends to 2017.</p> <p>The introduction of the Well-being of Future Generations Act requires us to plan on a decadal and generational basis and our current models do not extend to this timeframe.</p> <p>Continued uncertainty on the future direction of local government make it difficult to plan for the long term.</p> <p>Lack of understanding of the future model of the organisation means it is difficult to develop consistent workforce planning, preparing a workforce plan for the authority is a</p> | 2016 /17 | Unlikely | Major | Low | <p>Approval has been given for the Future Monmouthshire work which will inform the development of a new business model for the council. | 2 | Potential Risk that: Some services may become financially unsustainable in the short to medium term as a result of reducing budgets and increasing demand | <p>- The effect of the roll forward of the MTFP model, revised assumptions and pressures, a revised gap of £10.5 million over the period of the plan from 2017/18 – 2020/21 at October 2016 (This is a working target until more information becomes available)</p> <p>- This is after a significant period of financial challenges. Over the last four years the council has had to manage a reduction in service budgets of £18.1 million resulting in achieving further savings becoming increasingly more challenging.</p> <p>-The council’s reserves have fallen by £7.5 million over the past 4 years and there is less opportunity to replenish reserve balances as budgets get tighter,</p> <p>- At the same time pressures on the budget have been increasing in terms of demographic growth, demand, contract price inflation and redundancy costs.</p> <p>- A range of services have identified demand for services is increasing including planning, housing and public protection.</p> <p>- A range of services have identified the risk of not complying with legislative changes for example Welsh Language Standards.</p> <p>- An ageing population and complexity of demand in children’s services will place increased pressure on services.</p> | 2016/17 | Unlikely | Major | Low | <p>In January 2016 Council approved the budget for 2016/17. This included new mandates developed for 2016/17 and mandates that were already in the MTFP.</p> <p>Overall Net Council Fund at month 6 is reporting a £839,000 deficit, this is an improved position against the month 2 position. The deficit at month 6 is also an improvement on the equivalent position last year. This is significantly affected by council tax receipts and treasury improvements. The net cost of services is reporting a 1.36% (£1,966,000) overspend. Social Care & Health is reporting an overspend at month 6 (£1,070,000 million). In social care & health there are recovery plans in place across adults and children’s services, opportunities to seek other funding and use external funding streams where possible are being explored and existing budgets are being reviewed to see how they can be prioritised.</p> <p>Directorates are continuing to review the levels of over and underspends and reallocate budgets to reduce the extent of compensatory positions needing to be reported from month 6 onwards.</p> | <p>- Ensure that services deliver within the budgets and deliver savings targets - Monitor progress against existing mandates that are part of the MTFP and report progress to Cabinet and Select Committee quarterly.</p> <p>- All services to model savings for 2017-18 based on an updated process aligned to Future Monmouthshire</p> <p>- Ensure that the detailed business cases that will deliver the budget proposals are fully costed, stress-tested and managed</p> <p>- Consider how best to use capacity fund and any external funding sources to supplement the change programme required</p> <p>- Review contractual arrangements to balance stability, value for money & risk</p> <p>- Implement a three year service and financial plan in children’s services to ensure the service is able to deliver a balanced budget and continue to develop workforce practice.</p> <p>- Continued identification of pressures, including an assessment of any ongoing pressures in the current year’s budget. These will be rigorously reviewed and challenged.</p> <p>- Continue to Implement the income generation strategy. Cardiff Capital Region City Deal

Councillor Andrew Morgan
Chair of the CCR Shadow
Joint Cabinet

Page 161

Agenda Item 9

Agenda

- What is the City Deal?
- What will be the benefits for residents and businesses?
- What are the proposed Regional Governance arrangements?
- What LA functions will be delegated to the Region?
- What is the cost to the Council of the City Deal?
- What is the current position in agreeing the City Deal?
- Questions and answer session

Key Principles

- Collaboration between 10 Councils, WG and UKG, with a collective commitment to accelerate development, support jobs growth and create a more productive economy
- Work with business community to establish best model for regional economic leadership.
- Priority is to create conditions for a more competitive economy
- A commitment for city-region governance to support a sustainable approach to the future of the Cardiff Capital Region
- Creates the opportunity for further City Deals, greater devolution of powers to the region and to deliver some services regionally.

The CCR Investment Fund

A £1.221bn fund to grow GVA by investing in economic fabric of the region

- £734m of £1.22bn to be invested in Metro
- £495m wider investment fund from HMT and 10 Local Authorities for other ambitions such as housing and site regeneration
- Target to bring in £4bn of private sector funding

CCR Cabinet to provide robust investment & programme governance:

- Prioritisation based on independently verified economic model
- Region wide single assurance framework
- Strategic city-region wide planning
- Alignment /consolidation of regional resources

Supporting a more productive Capital Region

- **Investing in innovation and the digital network**
 - Designation of “Cardiff Innovation Capital”
 - Establish an Innovation Investment Fund
 - Expanding plans for Software Academy and a Cyber Security Academy
 - The Chancellor, in March, committed £50m to a Compound Semi-Conductor Catapult to generate 5,000 new jobs. This was one of the CCR “asks” from the UK Government
 - Investment in digital infrastructure in the region.
- **Improving skills and training**
 - Set up a region wide review of education and training provision to ensure training providers invest in the right training to deliver the skills we need
 - Apprenticeship hubs within CCR
 - We are currently working with the DWP in shaping the next Work Programme

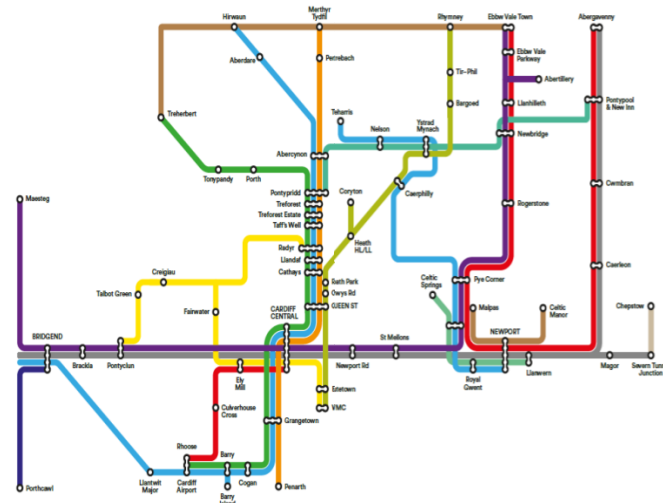

- **More streamlined business support & investment marketing**
 - Work with business to develop regional strategy and regional delivery of business support, place marketing & inward investment
 - Raise the CCR profile through attracting international events and institutions
- **Housing and Land use**
 - Establish a site regeneration fund linked with transport infrastructure investment to support investment in sites for housing & business
 - Establish a partnership approach to unlock public & private sector land, redeveloping former industrial sites for mixed use to increase and improve housing quality in the valleys.

Improving transport connectivity across the Capital Region

- **Establish CCR Transport Authority to oversee development of integrated transport system:**
 - Regional Strategic Transport Plan, with better rail network integration
 - Support delivery of enhanced South East Wales Metro
 - Significant improvements to transport corridors to valley communities & strategic commercial & housing sites
 - Develop Integrated ticketing
 - Consolidate regional resources and shared delivery

- **Transportation**

Page 168

- **Metro** – new lighter, faster, modern trains with Wifi and integrated ticketing with bus companies – at least 4 trains an hour from Cardiff out to the Valleys
- Opportunities to expand Metro to other communities;
- Opportunities to develop large **Park and Rides** to alleviate pressure at key interchanges;
- MBU **Highways improvements** – increasing the capacity for future growth;
- Bus improvements across the Region, in particular to communities not served by the rail network – focus on cross valley routes as well as the direct routes to the city and town centres.

How will the City Deal benefit residents and businesses?

- **Housing Investment Fund** – creates opportunities to develop “dormant” brownfield sites attracting significant private sector funding;
- Opportunities to develop **Industrial Estates and Enterprise Zones** as a key regional economic hubs through investing in new commercial premises;
- Local companies will benefit from an investment to expand international trade and improve international competitiveness of our key sectors to support job creation;
- Apprentice programme could deliver significant placements for residents over the next 5 years;
- Exploring opportunities to develop FE College provision in the South East of the county;
- Better regional transport infrastructure to 3 Regional Enterprise Zones.

What are the proposed Regional Governance arrangements?

- **Cardiff Capital Region Cabinet** - a Joint Committee – comprising the 10 Leaders;
- **Regional Transport Authority** – to coordinate transport planning and investment;
- **Skills and Employment Board** – to ensure skills and employment provision is responsive to the needs of businesses and communities;
- **Economic Growth Partnership** – brings together business, HE, FE and local authorities to advise the Cabinet on the regional economic strategy and project development;
- **Regional Business Organisation** – to provide a strong business voice across the business community;
- **Independent Growth and Competitiveness Commission** – time limited role to make recommendations for the Region to achieve its growth potential.

What LA functions will be delegated to the Capital Region Cabinet?

- Management of the CCR Investment Fund;
- Any additional devolved funding to the CCR;
- The Regional Transport Authority – strategic transport planning and co-design of the Metro;
- Strategic economic development planning, including housing, transport and land use. Planning functions would remain with councils;
- Influencing skills and employment programmes;
- Inward investment and marketing the region;
- Delivery of an integrated business support delivery unit;
- Subject to WG approval, control over business rate income above an agreed growth forecast.

- Councils' collective contribution is £120m;
- UK Govt contribution is £10m per year for years 1-5 and approx £21m per year until 2036;
- If councils spend the money earlier they have to carry the costs of the debt;
- Total max cost to 10 councils - £219.4m to release £1.2bn of UKG/WG funding and £4bn of private sector funding. A ratio of £1 investment to release £23.7

What is the current position in agreeing the City Deal?

- All 10 councils will seek to commit to fund and deliver the City Deal by February 2017;
- Establishing the governance arrangements, including the delivery and advisory bodies;
- Engaging business, HE & FE sectors to shape the advisory bodies and generate investment priorities;
- Identifying and testing potential investments. The Councils agree to fund the investments that have the greatest economic impact;
- Working with WG to co-construct the Metro;
- Independent Growth & Competitiveness Commission is due to report its findings shortly.

Council and Cabinet Business – Forward Plan

Monmouthshire County Council is required to publish a Forward Plan of all key decisions to be taken in the following four months in advance and to update quarterly. The Council has decided to extend the plan to twelve months in advance, and to update it on a monthly basis.

Council and Cabinet agendas will only consider decisions that have been placed on the planner by the beginning of the preceding month, unless the item can be demonstrated to be urgent business
