

Future Generations Evaluation (includes Equalities and Sustainability Impact Assessments)

Name of the Officer completing the evaluation Richard Jones	Please give a brief description of the aims of the proposal To ensure that strategic risks are identified and robustly managed by the Council.
Phone no: 01633 740733 E-mail:	
Name of Service:	Date Future Generations Evaluation form completed
All Services	16/02/2018

NB. Key strategies and documents that may help you identify your contribution to the wellbeing goals and sustainable development principles include: Single Integrated Plan, Continuance Agreement, Improvement Plan, Local Development Plan, People Strategy, Asset Management Plan, Green Infrastructure SPG, Welsh Language Standards, etc

1. Does your proposal deliver any of the well-being goals below? Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal.

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs	One of the purposes of risk management is to aid delivery of the Council's objectives internally and when working with partners. The Corporate Plan sets out five clear objectives, each of which in some way contributes to the goals. The strategic objective aligned to the risk is identified in the risk assessment.	Actions to mitigate the risks are set out in the risk register.

	Does the proposal contribute to this goal?	What actions have been/will be taken to
Well Being Goal	Describe the positive and negative impacts.	mitigate any negative impacts or better contribute to positive impacts?
A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)	As above	As above
A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood	As above	As above
A Wales of cohesive communities Communities are attractive, viable, safe and well connected	As above	As above
A globally responsible Wales Taking account of impact on global well-being when considering local social, economic and environmental wellbeing	As above	As above
A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation	As above	As above
A more equal Wales People can fulfil their potential no matter what their background or circumstances	As above	As above

2. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
Balancing short term need with long term and planning for the future	The risk assessment identifies high and medium level strategic risks facing the Council over the next 3 years. The risk assessment will be subject to continuous review as part of the authority's performance management framework to ensure it continues to reflect the appropriate risks.	In line with the Well-being of Future Generations Act, identification and mitigation of longer term risks that will impact on future generations at community level, but will have a lesser impact on the medium term delivery of council services is an area for continued development. The Well-being Assessment for Monmouthshire identifies a number of these. The Public Service Board draft Wellbeing Plan sets out the objectives that public services in Monmouthshire are developing collaboratively based on evidence from the well-being assessment.
Working together with other partners to deliver objectives	The risk assessment identifies high and medium level strategic risks facing the Council over the next 3 years. Mitigating actions in the risk register set timescales and responsibility holders for delivery. Where appropriate, some of these actions will be delivered in collaboration with others.	
Involving those with an interest and seeking their views	The Strategic Risk Assessment is updated based on the latest evidence available in line with the Council's strategic risk management policy. A wide range of views have been sought throughout the process and have been used to inform the development of the risk register, including risk owners, Senior Leadership Team and Audit Committee.	

Sustair	nable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
Prevention	Putting resources into preventing problems occurring or getting worse	 The strategic risk management approach is implemented to support the council to: preserve and protect the Council's assets, reputation and staff promote corporate governance and aid good management in controlling and managing risks support successful delivery of strategic aims, objectives and outcomes improve business performance and better anticipate calculated risks where these are likely in delivering improvements avoid unnecessary liabilities, costs and failures 	
Integration	Considering impact on all wellbeing goals together and on other bodies	The Council seeks to ensure that risk management is effective from strategic to individual services and employees. Therefore all employees and Councillors are responsible for ensuring there are good levels of internal control and risk management throughout the Council in order that the Council's specified outcomes are achieved. The strategic risk assessment is just one part of the Council's risk management arrangements. Lower level strategic risks and operational risks are managed through a variety of processes for example, through teams' service plans, through Emergency Management Plans and business continuity arrangements, health and safety procedures, insurance arrangements etc.	

3. Are your proposals going to affect any people or groups of people with protected characteristics? Please explain the impact, the evidence you have used and any action you are taking below. For more detailed information on the protected characteristics, the Equality Act 2010 and the Welsh Language Standards that apply to Monmouthshire Council please follow this link: http://hub/corporatedocs/Equalities/Forms/AllItems.aspx or contact Alan Burkitt on 01633 644010 or alanburkitt@monmouthshire.gov.uk

Protected Characteristics	Describe any positive impacts your proposal has on the protected characteristic	Describe any negative impacts your proposal has on the protected characteristic	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
Age	Specific risks to vulnerable children and vulnerable adults and reasons why identified are set out in the strategic risk register	Specific risks and reasons why identified are set out in the strategic risk register	The strategic risk management approach is implemented to support the council to: • preserve and protect the Council's assets, reputation and staff • promote corporate governance and aid good management in controlling
			 and managing risks support successful delivery of strategic aims, objectives and outcomes improve business performance and better anticipate calculated risks where these are likely in delivering improvements avoid unnecessary liabilities, costs and failures Risks related to vulnerable children and vulnerable adults are included in the risk register.
