1. Does your proposal deliver any of the well-being goals below?

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs	To ensure much valued local services are maintained and by their nature provide employment, growth and an increasingly skilled workforce.	Keeping services open and local but with more community focus and coordination – helping knit communities together. Positive engagement and coordination with community focused services. Income generation and investment in key aspects of the business will ensure the culture and business thrives and there is sustained growth moving forwards. Continue to invest and grow our very successful volunteering scheme.

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)	Continue our close working partnership with countryside and planning and ensuring our green spaces and cultural heritage is supported. Alternative Delivery Model managing all of its greenspaces and property to maintain and enhance biodiversity and promote resilience (in the context of it being a new entity).	The Alternative Delivery Model will seek to develop partnerships and support landscape scale action, provide expert advice and seek to access new forms of funding to secure partnership action.
A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood	Positive impact by ensuring quality services are provided by offering events and opportunities to encourage a fit and healthy lifestyle through leisure, sport, outdoor education, countryside and cultural access. The new offer will ensure that events and activities are also well signposted and the benefits of such activities demonstrated.	Working with key partners through the Public Service Board will ensure that physical and mental health through activity is widely available and that the Alternative Delivery Model is central to this by working directly with its communities. The work inside Creating An Active and Healthy Monmouthshire Group connects to key acts such as Social Services Wales (Act) the Wellbeing Future Generations, Environment Act and also key strategies and drivers such as obesity including the Gwent Child Obesity Strategy, Get Wales Moving (replacing Climbing Higher), etc. Schools Sports Surveys will be undertaken biannually along with work across Active Gwent Sport Development/Youth Teams, cultural services, cycling and walking product, and exercise referral should all contribute to a positive impact. The Alternative Delivery Model will have the ability to package the offer and market across our communities.

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
A Wales of cohesive communities Communities are attractive, viable, safe and well connected	The approval for the formation of an Alternative Delivery Model will ensure the sustainability and growth in these service areas. A known benefit of an Alternative Delivery Model is improved community engagement and connection with local priorities - this can lead to service improvements and continuing to understand what matters to our customers and partners.	To ensure the Alternative Delivery Model has a structure which focuses on encouraging community cohesion as one of its social drivers. An extensive customer survey on, 'what matters', has been undertaken across all our services where, 1,200 returns were obtained and further engagement activities have taken place since then with customers, staff and user groups.
A globally responsible Wales Taking account of impact on global well- being when considering local social, economic and environmental wellbeing	The Alternative Delivery Model will have delegated responsibility to ensure high standards are met and maintained that do not conflict with the global drivers.	Any decisions taken by the Alternative Delivery Model will take into account global and well-being issues as part of its day to day processes.
A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation The Alternative Delivery Model will incompressed which contribute greatly to the local heritage and art, this will include the promote protection of the Welsh language, which will for of the core value and aim of the new organism.		One of the key drivers of the Alternative Delivery Model will be the promotion of activity, health, culture and art and its structure and key developments will reflect that. The ability to react to the current markets and trends will enable the new organisation to position itself to meet the outcomes.
A more equal Wales People can fulfil their potential no matter what their background or circumstances	The Alternative Delivery Model will provide services for all age ranges and deliver a diverse and comprehensive package for all of its communities.	With the ability to better market and understand data there will be opportunities to target areas of the community that may not currently be aware of the offer. The ability to extend our current work towards access to facilities and services can be rolled out consistently across all service areas.

2. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle			
Long Term	Balancing short term need with long term and planning for the future	Business plans, investment opportunities, community, staff and member engagement are part of the next phase of developing the Alternative Delivery Model for the future. During this period there is still a need to ensure the services continue to function and develop.	Reducing budgets and savings have led to some service areas altering core hours of operation. There has been a concerted effort to assist by mobilising volunteers, making efficiencies and generating additional income to ensure negative impact of reducing budgets is mitigated. Where possible we have been using existing staff where we have had vacancies.
Collaboration	Working together with other partners to deliver objectives	The services have some key partners from funding, grants and delivery of service. Some key partners include other LA's, Public Health Wales, NRW, Sport & Art Wales, Visit Wales, Town & Community Council, Youth Offer partnership, Creating Active & Healthy Monmouthshire, Schools, Unions. During the Alternative Delivery Model engagement process all major stakeholders and partners will be involved.	The next phase of the ADM will include a full engagement program, scoping of commercial opportunities for which resources and an interim structure will be put in place to move things forwards.
Involvement	Involving those with an interest and seeking their views	There is an ongoing engagement program in place to ensure all the relevant people are consulted with. This includes all staff across Tourism, Leisure, Culture and Youth Service, Town and Community Councils, the Senior Leadership Team and all Council members within Monmouthshire.	The engagement process will be constantly reviewed and evaluated to ensure the views of all those who have an interest are taken into account. Engagement is an ingoing continual process. A number of 'staff champions' have stepped forward to help with the process to communicate and support teams on the ground. An electronic newsletter is sent to all staff periodically when there is any further information or progress to share. There is also a central location on the Hub for staff to view relevant documentation and post views and opinions on the process. This ensures all staff are receiving a consistent message and the champions have something to share with teams and collect any feedback in necessary.

Sustainable Development Principle		Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
Prevention	Putting resources into preventing problems occurring or getting worse	The business plans for each service are being developed with the site teams and managers. In the plans there are opportunities for growth and investment. If this is not done the services will be managing decline and income targets will not be maintained causing a downward spiral.	The ADM along with the Shadow Board will develop a new staffing structure and investigate how best to mobilise it's incredible talented teams across the various business opportunities and services. We are currently identifying key income pipelines for each area and how these can be developed and joined up within the new model moving forwards.
Integration	Considering impact on all wellbeing goals together and on other bodies	The opportunity to develop a new way of delivering services and sustaining their long term future should give the opportunity to better connect wellbeing outcomes to other partners and bodies. All the services being considered contribute to the wellbeing goals although some are more clearly defined than others. It is important that the services are able to clearly demonstrate and understand their input into the wellbeing goals – it is also important to consider the impact.	One of the key drivers of the Alternative Delivery Model will be the promotion of activity, health, equality, culture and art and its structure and key developments will reflect that. All of this will be linked back to ensuring the key priorities of the Future Generations Act are met. A Performance Evaluation Framework will be developed to help the ADM measure its impact on all of the wellbeing goals
