4. REASONS:

- 4.1 Section 59 of the Anti-Social Behaviour, Crime and Policing Act 2014 states Local Authorities have the responsibility to make a Public Spaces Protection Order providing two conditions are met:
- 4.2 The first condition is that –
- (a) Activities carried out in a public space within the authority's area have had a detrimental effect on the quality of life of those in the locality, or
 - (b) It is likely that activities will be carried on in a public place within that area and they will have such an effect.
- 4.3 The second condition is that the effect, or likely effect, of the activities –
- (a) Is, or is likely to be, of a persistent or continuing nature;
 - (b) Is, or is likely to be, such as to make the activities unreasonable, and,
 - (c) Justifies the restrictions imposed by the police.
- 4.4 A Public Spaces Protection Order is an Order that prohibits specified activities taking place in a restricted area.
- 4.5 Not to extend the PSPOs would mean that the orders will expire on 20th October 2020 and will be discharged, that would undoubtedly give rise to the return of the problems within the localities, to the detriment of the local communities.

5. RESOURCE IMPLICATIONS:

- 5.1 The Community Safety Officer will work with Gwent Police and community partners as part of the substantive role to issue the Public Spaces Protection Orders and Gwent Police will enforce the Order through their usual policing practices.
- 5.2 Should the Order be granted, there is a requirement for signage to be erected outlining the conditions of the Order. The cost of signage will be met from the Community Safety existing budgets.

6. WELLBEING OF FUTURE GENERATIONS IMPLICATIONS (INCORPORATING EQUALITIES, SUSTAINABILITY, SAFEGUARDING AND CORPORATE PARENTING)

7. CONSULTEES

- 7.1 Under the Anti-social Behaviour, Crime and Policing Act 2014, no consultation was required in 2017 to convert the DPPO into the PSPO as no objections had been raised in the preceding three years of the order. From the 20th October 2017 they were treated as PSPO's.

- 7.2 Under the Act, at any point before expiry, the council can extend a PSPO by up to three years if they consider it is necessary to prevent the original behaviour from occurring or recurring.
- 7.3 Consultation has taken place with the Chief Officer of Gwent Police for the concerned areas in order to establish the necessity of continuing with the restrictions, and they have confirmed their agreement to the extension of the PSPO.
- 7.4 In addition consultation was also carried out with the community in the effected areas in a slightly curtailed way due to COVID-19 restrictions, via a questionnaire circulated on social media platforms. This extended from 10th August – 17th September 2020, a period of five weeks.
- 7.5 The below statutory partners and other identified stakeholders were emailed advising of the proposal and invited to provide feedback as part of the consultation. These include:
- Chief Constable, Gwent Police
 - Police & Crime Commissioner (PCC)
 - County Councillor, Priory, Castle, Grofield and Drybridge Wards
 - Gwent Police, Abergavenny and Monmouth local policing teams
 - MCC – Senior Management Team
 - MCC Car Park Manager
 - MCC Head of Operations
 - MCC Head of Legal
 - MCC Head of Public Protection
 - Abergavenny and Monmouth Town Council Clerks
- 7.6 The local police support the continuation of the restrictions imposed by the PSPO's in their current format.
- 7.7 The draft PSPO's are attached.

Appendix E – Consultation Results

Town Councillor, Monmouth Town - 07/08/2020

“Regarding the PSPO, I believe that this order should be continued.

At the moment, the order covers the town including the Chippingham mead, could this order please also include the Two River Meadow, which is part of the Chippingham mead.

There is a small group of volunteers who try to look after this area, unfortunately, the volunteers continually having to clear up empty alcoholic drink cans and bottles, and also having to repair damaged benches and picnic tables that appear to be damaged by drunken individuals, normally there are many empty cans surrounding the broken benches and tables.” Regards, **Cllr Terry Christopher**

Abergavenny Town Council – 24/08/2020

Hi Andrew

Abergavenny Town Councillors support the extension of the PSPOs at Bailey Park, Fairfield CP and Town Centre.

Gwent Police – 23/09/2020

Thanks for the email and huge amount of work you have been involved in to make these orders permanent as we move forward. The existence of the orders have reduced ASB incidents and allowed us to take positive. We know that all of our communities throughout Monmouthshire have been surveyed using the “Your Voice” platform and as a result have nominated these key areas as place of community concern, so maintaining the orders will provide the community with the joint service provision they need. I fully support the application. Thanks **Inspector Micah Hassell** BA (Hons) Crim Psych (Open)

Regarding Bailey Park: PC 1926 Elliot Morgan - Abergavenny Police Station

Local Community Support Officers have been actively engaging with the local residents to the park conducting door to door and attending park meetings.

CSO Parker recently attended the Friends of Bailey Park meeting on 3rd September where concerns raised regarding the youths returning and gathering in the bandstands drinking alcohol and the litter being discarded on the floor.

Door to door in the local area conducted by local Community Support Offices on 09/09/2020, in total stopping at 21 properties who backed on to the park in Park Lane and Park Avenue. Nine of these residents stated they were not aware of any issues. The remainder of the residents all raised concerns regarding youths congregating on the grandstand late at night consuming alcohol, with many entering the park to continue drinking when the local public houses close. Residents said this was having a detrimental impact on their lives as loud music and shouting continues until around 2am. There was also concerns raised regarding drug use and the noise of vehicles around the park.

The PSPO provides the police with an additional power to prevent ASB and punish those who repeat offend following numerous warnings. Following one member of the group being issued with a ticket for breach of PSPO, others do not return as has been seen in the neighbouring Fairfield car park where there is currently a PSPO. Recently there were concerns from local residents regarding vehicle ASB, as a result, those repeat offenders have been issued with FPNs and they have not returned. Therefore, the PSPO is crucial in preventing a detrimental impact on the local and wider communities that we serve.

Regarding Abergavenny Lower: PC 1926 Elliot Morgan - Abergavenny Police Station

As is evident from the table (Appendix B2) there has been a constant stream of calls over the period 24 months relating to drink related ASB. There was a spike in related issues during the coronavirus lockdown as groups of people attended the Castle Meadows area for parties during the good weather. Often requiring police attendance to disperse them. The PSPO was a crucial tool in dispersing these people and preventing further groups congregating.

The PSPO provides the police with an additional power to prevent ASB and punish those who repeat offend following numerous warnings. Following one member of the group being issued with a ticket for breach of PSPO, others do not return as has been seen in the nearby Fairfield car park where there is currently a PSPO. Recently there were concerns from local residents regarding vehicle ASB, as a result, those repeat offenders have been issued with FPNs and they have not returned. Therefore, the PSPO is crucial in preventing a detrimental impact on the local and wider communities that we serve.

NB:- Full results of the Social Media consultation will be available when my colleague returns from sick leave, however, I believe the above more than covers the over-whelming support for the continuation of the three PSPO's.
