I have no comments to make in respect of the proposed diversion.

My comments are attached.

My comments are:

Having moved on to our house ^{n 257} sold completely on area, green woodlands and nature all around. We enjoy taking long walks along the current footpath with our young children they like to walk on ahead and spot nature, birds etc. with the new proposal having to cross over five new roads, I feel the safety of children and pollution levels from cars, motorbikes etc put my children in a non safe environment. With the current 'S' bend in our street (class 4th) it is an accident waiting to happen and this is the suggested new opening to the estate. The current footpath is a natural walkway showing access to SS1 Area and Babbling Brook to Nodden - which coincidentally the sign is missing from our footpath since this estate was dreamed up!
