## **Committees and Terms of Reference:**

- Two thematic Scrutiny Committees, 'People' and 'Place', engage the public in the design of policy and services, reflecting the public voice to the Cabinet in advance of decisions being taken. These committees are vehicles through which the public can voice their opinion on major decisions, assisting the committees in drawing conclusions and making recommendations to the Cabinet. Members may engage with their communities by holding informal face-to-face meetings in the community or conducting surveys in their local area. The public is also able to submit audio, video and written submissions to these Scrutiny Committees and attend their meetings.
- The 'Performance and Overview' Scrutiny Committee provides constructive challenge to the Cabinet, holding them to account for the performance of service delivery and risk management. It also conducts robust financial monitoring and scrutinises the Council's performance in delivering the corporate objectives outline in its Corporate Plan.
- The 'Public Services' Scrutiny Committee scrutinises the effectiveness of strategic partnerships (including the Public Service Board) and other public service providers to ensure that services delivered in partnership with other bodies are accountable and deliver improved outcomes for residents.
- Topics suggested for scrutiny are assessed against the 'scrutiny topic criteria' to determine the committee best placed to
  undertake the scrutiny. The Scrutiny Committees are role-based, so policy or service changes are scrutinised by the two thematic
  policy development committees, and performance reports or reports on risks or financial matters are scrutinised by the
  Performance and Overview Scrutiny Committee. Work programmes are planned and agreed by the Scrutiny Committees.
