Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p>A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs</p>	<p>The plan prompts more opportunities for working locally through co-working places thereby encouraging people who are able to, to work more locally and reduce the need to travel</p>	
<p>A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)</p>	<p>The plan includes the development of a more sustainable farming model trial. It promotes public transport and active travel to be developed as a real alternative to using the car.</p>	
<p>A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood</p>	<p>Promotes active travel as an alternative to car travel</p>	
<p>A Wales of cohesive communities Communities are attractive, viable, safe and well connected</p>	<p>Overall the plan is seeking to support the wellbeing and prosperity of the various communities with the Wye Valley acknowledging that the priorities vary between individual villages.</p>	<p>The village gateway signs seek to create a unified theme throughout the valley while celebrating the distinctiveness of each settlement/community.</p>
<p>A globally responsible Wales Taking account of impact on global well-being when considering local social, economic and environmental wellbeing</p>	<p>The plan is centred around employment, travel, diversity within the communities of the Wye Valley in Monmouthshire</p>	
<p>A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation</p>	<p>Where it coincides with the community's priorities tourism is promoted through, amongst other things, walking and cycling routes. This offers increased opportunity to showcase Wales and its heritage, culture and language.</p>	

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
A more equal Wales People can fulfil their potential no matter what their background or circumstances	The plan promotes opportunities for local people to work and create employment locally for the working population of the valley.	

3. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Long Term</p> <p>Balancing short term need with long term and planning for the future</p>	<p>The plan looks at short term goals that meet the more immediate needs of the local communities but also looks further ahead at what a longer term future to sustain the Wye Valley would look like.</p>	
 <p>Collaboration</p> <p>Working together with other partners to deliver objectives</p>	<p>The plan has been an interesting project bringing together a group of local councils with the county council plus the Wye Valley AONB. As such it has been unusual. It has also consulted widely on what a future plan might include and what the priorities might be longer term</p>	
 <p>Involvement</p> <p>Involving those with an interest and seeking their views</p>	<p>Local councils, stakeholders and public consultation has generated feedback. There has not always been a consensus on how things should develop in the future and the delivery group will look to review and guide the plan into the future</p>	

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Prevention</p> <p>Putting resources into preventing problems occurring or getting worse</p>	<p>The immediate demand was for improvements to road safety but the local councils agreed to allow the plan to look much wider and will come back together to deliver on a much wider agenda that touches various aspects of life in the valley.</p>	
 <p>Integration</p> <p>Considering impact on all wellbeing goals together and on other bodies</p>	<p>The plan is ambitious. It has been contentious and will continue to be so as and when certain aspects are promoted because there was not a consensus on some aspects (e.g. promoting tourism throughout the area). There is also the challenge of finding funding to deliver on some parts of the project so it will be necessary to promote support in preference possibly to other plans given that there are finite funding opportunities.</p>
