2. The Socio-economic Duty and Social Justice

The Socio-economic Duty requires public bodies to have due regard to the need to reduce inequalities of outcome which result from socio-economic disadvantage when taking key decisions This duty aligns with our commitment as an authority to Social Justice.

	Describe any positive impacts your proposal has in respect of people suffering socio economic disadvantage	Describe any negative impacts your proposal has in respect of people suffering socio economic disadvantage.	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
Socio-economic Duty and Social Justice	The cost to reserve a grave space can be prohibitive. Reopening Monmouth Cemetery in-line with policy proposals for the other MCC Cemeteries will prevent the newly created grave spaces being acquired by those that can afford to do so. This allows for a fairer distribution of supply at the time of demand.	None	No impact

A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)	The 'Friends of Monmouth Cemetery', with the aid of MCC Biodiversity and Ecology Lead, will ensure that there is no net loss of biodiversity following the creation of new grave spaces.	With the assistance and guidance of MCC, the 'Friends of Monmouth Cemetery' are aspiring to further the biodiversity within the Cemetery, with the planting of plug plants and native wild flowers.
A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood	Following a bereavement, there is some consolation for the family in knowing that their loved one can be buried locally to where they resided. 5. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Balancing short term need with long term and planning for the future</p> <p>Long Term</p>	Opening areas within Monmouth Cemetery, previously inaccessible, will provide new grave spaces for residents of Monmouth and its environs for up to 7 years and possibly longer, affording MCC time to resource further burial space for future generations.	The proposal not to offer the ability to reserve grave spaces will increase the length of time for 'on-demand' burials
 <p>Working together with other partners to deliver objectives</p> <p>Collaboration</p>	MCC has worked with Monmouth Town Council to offer on-demand burial spaces in Monmouth Cemetery	No impact

6. Council has agreed the need to consider the impact its decisions has on the following important responsibilities: Corporate Parenting and Safeguarding. Are your proposals going to affect any of these responsibilities?

	Describe any positive impacts your proposal has	Describe any negative impacts your proposal has	What will you do/ have you done to mitigate any negative impacts or better contribute to positive impacts?
Safeguarding	No impact	.No impact	No impact
Corporate Parenting	No impact	No impact	No impact

7. What evidence and data has informed the development of your proposal?

Cremation continues to be a popular option, however, there still remains a portion of the population that prefers burial (approximately 20% still choose burial over cremation). Grave spaces are becoming increasingly scarce, a problem which many LA's are having to deal with. To create new grave plots in Monmouth cemetery provides local residents the ability to bury their loved ones close by and also prevents the use of grave spaces in other MCC cemeteries, utilising space that those local residents would wish to secure. Extra graves spaces increases the length of time that the cemeteries can remain open for on-demand burials and also provides extra time in which to seek alternative burial sites.

8. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

The ability of local residents to bury their loved ones near by. This is a huge comfort to many at a very difficult time.

The increase in burial plots in re-opening Monmouth Cemetery, is in-line with the recent planning to extend the existence of an offer of 'on-demand' coffin burials across Monmouthshire County Council. It assists to provide extra time to secure further burial sites, should that be the chosen option.
