**1. Does your proposal deliver any of the well-being goals below?** Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal.

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p><b>A prosperous Wales</b> Efficient use of resources, skilled, educated people, generates wealth, provides jobs</p>	<p>Yes, the service has demonstrated its ability to sustain and improve performance over time using less staff resource. It will provide a permanent job within our organization.</p>	<p>The post will be used to underpin and look at creating further new ways/opportunities of working by experimenting with those topics indicated in the Service Plan. The post is suitable to be developed into a more innovative and technical role enabling a member of staff to become further developed and Qualified.</p>

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p><b>A resilient Wales</b> Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)</p>	<p>Yes, the technical aspect to be developed will contribute to reducing CO2 emissions from Buildings. Also it ensures water efficiency and drainage associated with properties are correctly designed and installed.</p>	
<p><b>A healthier Wales</b> People's physical and mental wellbeing is maximized and health impacts are understood</p>	<p>Yes, Part M of the Building Regulations relates specifically to access and facilities for disabled people to new and converted buildings. Part E of the Building Regulations deals with noise nuisance in new and converted buildings thus reducing the impact of noise pollution and mental health.</p>	
<p><b>A Wales of cohesive communities</b> Communities are attractive, viable, safe and well connected</p>	<p>Building Regulations primary function it safeguarding people in and about buildings.</p>	<p>There is potential to create better joining up of services relating to the development and build process giving the customer a "one voice" approach.</p>
<p><b>A globally responsible Wales</b> Taking account of impact on global well-being when considering local social, economic and environmental wellbeing</p>	<p>As Part L above and Part M of the Building Regulations (see above).</p>	
<p><b>A Wales of vibrant culture and thriving Welsh language</b> Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation</p>	<p>Early Pre Planning (including historic buildings) and Building Regulation advice in designing public buildings such as schools and recreational buildings. This also applies to the domestic scene.</p>	
<p><b>A more equal Wales</b></p>	<p>Part M protects those people with disabilities associated with all new and adapted buildings to</p>	

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
People can fulfil their potential no matter what their background or circumstances	ensure minimum (and above minimum) standards for all backgrounds are achieved.	

## 2. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Long Term</p> <p>Balancing short term need with long term and planning for the future</p>	<p>The service has been designed by customers by asking them what matters about our service now and in the future, to cater for the short/long term. The feedback mirrored what they told us originally mattered.</p>	
 <p>Collaboration</p> <p>Working together with other partners to deliver objectives</p>	<p>It is planned to experiment by joining relevant service areas to the development and build process. We have close working relationships with Welsh Water and the fire authority. Through LABC Cwmru, we have put our organization forward to experiment with joining our service, however we have not had any response.</p>	
 <p>Involvement</p> <p>Involving those with an interest and seeking their views</p>	<p>Customers have been asked what is important to them about the service now and in the future. The service has been designed according to customer's feedback.</p>	

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p><b>Prevention</b></p> <p>Putting resources into preventing problems occurring or getting worse</p>	<p>Lesson learned exercises are frequently carried out when failure demand is experienced. This reduces problems re-occurring or getting worse in the future and naturally designs new learning for all members of the team.</p>	
 <p><b>Integration</b></p> <p>Considering impact on all wellbeing goals together and on other bodies</p>	<p>All internal and external bodies are asked what is important to them so we are able to adapt to their needs when working with them.</p>
