Public Information

Access to paper copies of agendas and reports

A copy of this agenda and relevant reports can be made available to members of the public attending a meeting by requesting a copy from Democratic Services on 01633 644219. Please note that we must receive 24 hours notice prior to the meeting in order to provide you with a hard copy of this agenda.

Watch this meeting online

This meeting can be viewed online either live or following the meeting by visiting www.monmouthshire.gov.uk or by visiting our Youtube page by searching MonmouthshireCC.

Welsh Language

The Council welcomes contributions from members of the public through the medium of Welsh or English. We respectfully ask that you provide us with adequate notice to accommodate your needs.

Aims and Values of Monmouthshire County Council

Our purpose

Building Sustainable and Resilient Communities

Objectives we are working towards

- Giving people the best possible start in life
- A thriving and connected county
- Maximise the Potential of the natural and built environment
- Lifelong well-being
- A future focused council

Our Values

Openness. We are open and honest. People have the chance to get involved in decisions that affect them, tell us what matters and do things for themselves/their communities. If we cannot do something to help, we'll say so; if it will take a while to get the answer we'll explain why; if we can't answer immediately we'll try to connect you to the people who can help – building trust and engagement is a key foundation.

Fairness. We provide fair chances, to help people and communities thrive. If something does not seem fair, we will listen and help explain why. We will always try to treat everyone fairly and consistently. We cannot always make everyone happy, but will commit to listening and explaining why we did what we did.

Flexibility. We will continue to change and be flexible to enable delivery of the most effective and efficient services. This means a genuine commitment to working with everyone to embrace new ways of working.

Teamwork. We will work with you and our partners to support and inspire everyone to get involved so we can achieve great things together. We don't see ourselves as the 'fixers' or problem-solvers, but we will make the best of the ideas, assets and resources available to make sure we do the things that most positively impact our people and places.

SUBJECT: TRANSFER OF LAND AT FORMER IRONWORKS AT CLYDACH GORGE FROM COSTAIN TO THE COUNTY COUNCIL

MEETING: FULL COUNCIL

DATE: 17TH JANUARY 2018

DIVISION/WARDS AFFECTED: Llanelly Hill

1. PURPOSE:

- 1.1 The purpose of this report is to seek Council consent for the transfer of ownership from Costain to the Council, the land known as the former Cemex Cement Plant at Clydach Gorge, Clydach, near Abergavenny.

2. RECOMMENDATIONS:

- 2.1 That the former Cemex Site at Clydach Gorge (hatched blue on the attached plan) be transferred by Costain to Monmouthshire County Council for the sum of £1
- 2.2 That following transfer to County Council that site be incorporated into the portfolio of land and property managed and operated by the Council's Countryside Service

3. KEY ISSUES:

- 3.1 The site measuring 0.45 hectares is hatched blue on the attached plan, it adjoins the Council's land holding known as Clydach Ironworks which is located to the SW of the site.
- 3.2 Access to the land already in the Council's ownership is currently restricted to a listed footbridge crossing the River Clydach from the western river bank and a steeply inclined footpath from Clydach village.
- 3.3 Clydach Ironworks was built in 1795 and closed in 1861. The ironworks were gifted to the former Blaenau Gwent BC in the 1980s and subsequently transferred to the Council's management. The ironworks, and the adjoining Cemex site, are designated as a Scheduled Ancient Monument (SAM) and lie in the Brecon Beacons National Park at a strategic location in the Clydach Gorge and close to the Blaenavon Industrial Landscape World Heritage Site.
- 3.4 The Cemex site sits between the Ironworks and the visitor car park and picnic site on Station Road (see attached plan). These have been impacted by the A465 Heads of the Valley dualling scheme and the former caravan site and part of the picnic site are lost to the new construction works, however the remaining part of the picnic site and the car park will be returned to the Council once the works are completed.

- 3.5 The "Cemex" site has a history of light industrial uses, including as a concrete batching plant. The site was acquired as part of the A645 works originally to utilise for temporary construction works but this was not necessary and so the site has not been impacted by any works providing the opportunity for a more beneficial future use.
- 3.6 Once the A465 dualling is completed the sites will sit in a prominent position next to the new Clydach South / Saleyard junction at the eastern gateway to the Clydach Gorge.
- 3.7 The benefits of the transfer are as follows:
- a. To provide operational access to the land already in the Council's ownership. Lack of vehicular access to the ironworks has compromised management and conservation works and is a significant constraint in developing future restoration proposals (the ironworks are currently in a poor condition). Whilst acquiring the site does add some additional liabilities in terms of an additional portion of the SAM this is only a small additional part of the scheduled structure and its acquisition will considerably simplify any future works.
 - b. Transfer will allow the implementation of a comprehensive improvement scheme to provide an important gateway for visitors and local residents to access the eastern end of the gorge and provide a gateway facility into the adjacent World Heritage Site. This would provide an improved car park / picnic area, an improved landscape setting for the ironworks, new direct visitor access, signage and visitor interpretation all to achieve a step change in the welcome and legibility of the site to visitors.
- 3.8 These proposals have been developed from a partnership approach to realising the opportunities presented by the road investment to enhance the visitor experience via the Clydach Gorge Enhancement Project and in turn build on the Clydach Gorge Gateway Development Study prepared in 2009 for Blaenau Gwent CBC, Monmouthshire CC and Brecon Beacons National Park Authority.
- 3.9 A detailed improvement scheme is currently under preparation and will be subject to future community consultation. This scheme is funded via Tourism Amenity Investment Support (TAIS) grant from Welsh Government, via Visit Wales. These proposals have been delayed by the construction delays to the A465 dualling works and will be the subject of a future report, however at this stage further progression in their development and reprogramming the scheme is subject to agreement in principle to transfer the Cemex site.

4. OPTIONS APPRAISAL

Option	Positives	Negatives	Recommendation
<i>Under the transfer of the land for £1 from Costain to MCC</i>	<ul style="list-style-type: none"> • <i>The transfer will enable the Council's Countryside service to better manage the land already in the Council's ownership to the SW of the subject land.</i> • <i>Transfer of the land will remove a significant constraint in developing future restoration proposals</i> 	<ul style="list-style-type: none"> • <i>Expenditure required</i> • <i>Potential liability inherent with owning a former cement works (the proposed scheme does not involve any ground disturbance to minimise this liability)</i> • <i>Additional liabilities in</i> 	<i>To transfer the site as set out in the report</i>

	<p><i>for the ironworks (currently in a poor condition).</i></p> <ul style="list-style-type: none"> • <i>Agreement in principle to transfer the Cemex site is necessary to progress the overall visitor gateway enhancement scheme and access the TAIS grant which will provide an enhanced visitor facility in a strategic location</i> 	<p><i>relation to the SAM (small in relation to the size of the existing structure and structural survey completed)</i></p>	
<p><i>Do not undertake the transfer</i></p>	<ul style="list-style-type: none"> • <i>No additional liabilities</i> 	<ul style="list-style-type: none"> • <i>The ironworks remain difficult to access for management and significantly constrained adding costs and complexity to developing future restoration proposals</i> • <i>Fragmented landownership / poor visitor access</i> • <i>Will not be able to progress the gateway enhancement scheme as the TAIS grant is conditional on securing the Cemex site</i> 	

5. EVALUATION CRITERIA

- 5.1 An evaluation assessment has been included at Appendix A for future evaluation of whether the decision has been successfully implemented. The decision will come back to this committee in 12 months for review

6. REASONS:

- 6.1 To enable members to make a decision on the transfer of the Cemex site which is a necessary step to further progression the development and reprogramming of the proposed Clydach gateway enhancement scheme as set out above.

7. RESOURCE IMPLICATIONS:

- 7.1 The gateway enhancement scheme is funded via Tourism Amenity Investment Support (TAIS) grant of £128,000 from Welsh Government, via Visit Wales, subject to reprogramming the scheme and finalising the match funding (a combination of partnership and section 106 funding) which will be the subject of a further report once the scheme's development has progressed. The enhancement scheme includes a future management plan and will simplify the site's overall management (including the transfer land), which can

be met from existing budgets. Transfer and valuation costs will be met from the approved TAIS grant

8. WELLBEING OF FUTURE GENERATIONS IMPLICATIONS (INCORPORATING EQUALITIES, SUSTAINABILITY, SAFEGUARDING AND CORPORATE PARENTING):

- 8.1 The significant equality impacts identified in the assessment (Appendix 1) are summarised below for members' consideration: The positive benefits of the transfer of the land is intended to facilitate the short term enhancement scheme, future site management and improve the circumstances for a longer term restoration scheme for the ironworks itself to the benefit of the local community, local environment and the wider economy through destination development.
- 8.2 The actual impacts from this report's recommendations will be reviewed in 12 months and criteria for monitoring and review will include: progress on transfer of the site and in achieving gateway enhancement scheme

9. CONSULTEES:

SLT
All Cabinet Members

Local Members - Cllr Simon Howarth, Cllr Jane Pratt
Mark Howcroft - Assistant Head of Finance
Mark Holley - Insurance Manager
Joanne Chase - Solicitor, Legal Services

10. BACKGROUND PAPERS:

Appendix 1: Future Generations Evaluation
Appended plans: Location Plan; Clydach Land Ownership
Land Registry Title and Plan

11. AUTHOR:

Colette Bosley - Principal Officer Landscape & Countryside
Gareth King - Principal Estates Surveyor

12. CONTACT DETAILS:

Evaluation Criteria – Cabinet, Individual Cabinet Member Decisions & Council

Title of Report:	TRANSFER OF LAND AT FORMER IRONWORKS AT CLYDACH GORGE FROM COSTAIN TO THE COUNTY COUNCIL
Date decision was made:	17TH JANUARY 2018
Report Author:	Colette Bosley - Principal Officer Landscape & Countryside Gareth King - Principal Estates Surveyor

What will happen as a result of this decision being approved by Cabinet or Council?

Agreement to transfer Cemex site to allow gateway enhancement scheme to progress

12 month appraisal

Was the desired outcome achieved? What has changed as a result of the decision? Have things improved overall as a result of the decision being taken?

What benchmarks and/or criteria will you use to determine whether the decision has been successfully implemented?

Transfer of site
Progress in achieving gateway enhancement scheme

12 month appraisal

Paint a picture of what has happened since the decision was implemented. Give an overview of how you fared against the criteria. What worked well, what didn't work well. The reasons why you might not have achieved the desired level of outcome. Detail the positive outcomes as a direct result of the decision. If something didn't work, why didn't it work and how has that effected implementation.

What is the estimate cost of implementing this decision or, if the decision is designed to save money, what is the proposed saving that the decision will achieve?

Net no additional site management costs

12 month appraisal

Give an overview of whether the decision was implemented within the budget set out in the report or whether the desired amount of savings was realised. If not, give a brief overview of the reasons why and what the actual costs/savings were.

Any other comments

6. Does your proposal deliver any of the well-being goals below? Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal.

Well Being Goal	How does the proposal contribute to this goal? (positive and negative)	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p>A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs</p>	<p>Positive – Transfer of site facilitates the Clydach gateway enhancement scheme to improve visitor facilities</p>	<p>Consultations with partners</p>
<p>A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)</p>	<p>Positive – no direct implications but gateway enhancement scheme includes, management plan which will include positive management measures for biodiversity, pollinators, addressing non-native invasive species etc.</p>	<p>Consultations on management scheme as it develops</p>

Appendix 4

Well Being Goal	How does the proposal contribute to this goal? (positive and negative)	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood	Positive – Transfer of site facilitates the Clydach gateway enhancement scheme to improve visitor facilities and access to the surrounding countryside, walking and cycling routes etc.	Part of the wider Clydach Gorge strategy developed with partners
A Wales of cohesive communities Communities are attractive, viable, safe and well connected	Positive – the ironworks are a well appreciated local asset and the scheme facilitated starts to addresses community concerns over their condition	Community consultation
A globally responsible Wales Taking account of impact on global well-being when considering local social, economic and environmental wellbeing	Neutral	
A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation	Positive – Transfer of site facilitates the Clydach gateway enhancement scheme which includes enhanced access and interpretation of this important historical site part of the gorge's heritage	Community consultation
A more equal Wales People can fulfil their potential no matter what their background or circumstances	Positive – Transfer of site facilitates the Clydach gateway enhancement scheme which will provide free access to the ironworks and the wider countryside	

2. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	How does your proposal demonstrate you have met this principle?	What has been done to better to meet this principle?

Appendix 4

Sustainable Development Principle	How does your proposal demonstrate you have met this principle?	What has been done to better to meet this principle?
 <p>Long-term</p> <p>Balancing short term need with long term and planning for the future</p>	<p>Transfer of the land is intended to facilitate the short term enhancement scheme, future site management and improve the circumstances for a longer term restoration scheme for the ironworks itself</p>	<p>Production of a site management plan is part of the proposed outputs of the enhancement scheme</p>
 <p>Collaboration</p> <p>Working together with other partners to deliver objectives</p>	<p>Transfer of the land is intended to facilitate the enhancement scheme which has been developed through partnership working</p>	<p>These enhancement proposals have been developed from a partnership approach to realising the opportunities presented by the road investment to enhance the visitor experience.</p>
 <p>Involvement</p> <p>Involving those with an interest and seeking their views</p>	<p>The gateway enhancement scheme to be facilitated was identified through consultation on the Clydach Gorge Gateway Development Study prepared in 2009 for Blaenau Gwent CBC, Monmouthshire CC and Brecon Beacons National Park Authority.</p>	<p>The details of the enhancement scheme will be the subject to community consultation</p>
 <p>Prevention</p> <p>Putting resources into preventing problems occurring or getting worse</p>	<p>Transfer of the land is intended to facilitate the short term enhancement scheme, future site management and improve the circumstances for a longer term restoration scheme for the ironworks itself.</p>	

Appendix 4

Sustainable Development Principle	How does your proposal demonstrate you have met this principle?	What has been done to better to meet this principle?
 <p>Positively impacting on people, economy and environment and trying to benefit all three</p>	<p>Transfer of the land is intended to facilitate the short term enhancement scheme, future site management and improve the circumstances for a longer term restoration scheme for the ironworks itself to the benefit of the local community, local environment and the wider economy through destination development.</p>	

3. Are your proposals going to affect any people or groups of people with protected characteristics? Please explain the impact, the evidence you have used and any action you are taking below.

Protected Characteristics	Describe any positive impacts your proposal has on the protected characteristic	Describe any negative impacts your proposal has on the protected characteristic	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
Age			
Disability	The gateway enhancement scheme to be facilitated will enhance access for all		
Gender reassignment			
Marriage or civil partnership			
Race			
Religion or Belief			
Sex			
Sexual Orientation			

Appendix 4

Protected Characteristics	Describe any positive impacts your proposal has on the protected characteristic	Describe any negative impacts your proposal has on the protected characteristic	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
Welsh Language	The gateway enhancement scheme to be facilitated will enhance welsh language provision through signage and interpretation		

4. Council has agreed the need to consider the impact its decisions has on the following important responsibilities: Social Justice, Corporate Parenting and Safeguarding. Are your proposals going to affect any of these responsibilities?

	Describe any positive impacts your proposal has	Describe any negative impacts your proposal has	What will you do/ have you done to mitigate any negative impacts or better contribute to positive impacts?
Social Justice	Transfer of site facilitates the Clydach gateway enhancement scheme which will provide free access to the ironworks and the wider countryside		
Safeguarding	n/a		
Corporate Parenting	n/a		

5. What evidence and data has informed the development of your proposal?

Clydach Gorge Gateway Development Study Clydach Gateway Enhancement Proposals / TAIS application

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

The positive benefits of the transfer of the land is intended to facilitate the short term enhancement scheme, future site management and improve the circumstances for a longer term restoration scheme for the ironworks itself to the benefit of the local community, local environment and the wider economy through destination development.

Appendix 4

7. Actions. As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.

What are you going to do	When are you going to do it?	Who is responsible	Progress
Progressing the Clydach Gateway enhancement scheme	To be reprogrammed dependent on road construction progress	Green Infrastructure and Countryside / Estates	In progress

8. Monitoring: The impacts of this proposal will need to be monitored and reviewed. Please specify the date at which you will evaluate the impact, and where you will report the results of the review.

The impacts of this proposal will be evaluated on:	In 12 months
-----------------------------------------------------------	--------------
