Monmouthshire Scrutiny Committee Guide

Role of the Pre-meeting

1. Why is the Committee scrutinising this? (background, key issues)
2. What is the Committee's role?
3. What outcome do Members want to achieve?
4. Is there sufficient information to achieve this? If not, who could provide this?
5. Discuss the committee's approach:
 - Agree the order of questioning and which Members will lead
 - Agree questions for officers and questions for the Cabinet Member

Questions for the Meeting

Scrutinising Performance

1. How does performance compare with previous years? Is it better/worse? Why?
2. How does performance compare with other councils/other service providers? Is it better/worse? Why?
3. How does performance compare with set targets? Is it better/worse? Why?
4. How were performance targets set? Are they challenging enough/realistic?
5. How do service users/the public/partners view the performance of the service?
6. Have there been any recent audit and inspections? What were the findings?
7. How does the service contribute to the achievement of corporate objectives?
8. Is improvement/decline in performance linked to an increase/reduction in resource? What capacity is there to improve?

Scrutinising Policy

1. Who does the policy affect ~ directly and indirectly? Who will benefit most/least?
2. What is the view of service users/stakeholders? Do they believe it will achieve the desired outcome?
3. What is the view of the community as a whole - the 'taxpayer' perspective?
4. What methods were used to consult with stakeholders? Did the process enable all those with a stake to have their say?
5. What practice and options have been considered in developing/reviewing this policy? What evidence is there to inform what works?
6. Have all relevant sustainable development, equalities and safeguarding implications been taken into consideration? For example, what are the procedures that need to be in place to protect children?
7. How much will this cost to implement and what funding source has been identified?
8. How will performance of the policy be measured and the impact evaluated.

Questions for the Committee to conclude...

Do we have the necessary information to form conclusions/make recommendations to the executive, council, other partners? If not, do we need to:

- (i) Investigate the issue in more detail?
- (ii) Obtain further information from other witnesses – Executive Member, independent expert, members of the local community, service users, regulatory bodies...

(iii) Agree further actions to be undertaken within a timescale/future monitoring report...

SUBJECT: EDUCATION ACHIEVEMENT SERVICE (EAS) BUSINESS PLAN (2018-2020) and LOCAL AUTHORITY ANNEX 018-2019 (Draft for consultation)

MEETING: Children and Young People Select Committee

DATE: 13th February 2018

DIVISION/WARDS AFFECTED: All

1. PURPOSE:

- 1.1. To seek members views on the draft EAS Business Plan 2018-2021 and the Local Authority Annex 2018-2019

2. RECOMMENDATIONS:

- 2.1. For members to receive the report for information and take the opportunity to comment on the contents of the Business Plan as part of the consultation process.
- 2.2. For members to consider the main strengths and areas for development within Monmouthshire ,as detailed in LA Annex and to consider how LA services can be aligned to meet the ambitious targets within the Business Plan, therefore ensuring all pupils meet their full potential.

3. KEY ISSUES:

- 3.1. The EAS is required to submit an annual overarching regional Business Plan with accompanying annexes for each of the five Local Authorities (LAs). This Business Plan (2018-2021) outlines the programme of work that is required to continue to accelerate outcomes for children and young people across all schools in South East Wales. The plan focuses on the urgent need to raise aspiration and accelerate improvement in pupil outcomes, improve the quality of teaching and leadership and build a self-improving system within and across schools and settings. The priorities for the Business Plan 2018-2019 have been derived from the progress that has been made towards the previous Business Plan and progress made across the region with the areas that have been identified as requiring improvements through self-evaluation processes and feedback from Estyn on the inspection of the EAS.
- 3.2. The delivery model for the Business Plan is on a regional basis, the needs of each school and trends within Monmouthshire are met through bespoke work with each school. The EAS offers a wide range of bespoke support that is based upon best practice.

4. REASONS:

Expected outcomes

- 4.1. The Business Plan is now in the process of consultation which will last until mid-February 2018. All feedback from the Monmouthshire Scrutiny Committee will be considered and the final plan will be updated and shared with all LAs from March 2018 onwards. The final version of the Business Plan will commence on April 1st 2018.
- 4.2. The expected outcomes of the EAS Business Plan actions are noted in the success criteria section in Section 3 of the plan. These are ambitious and progress will be mapped against these. In addition, regional and Monmouthshire pupil level targets and attendance targets are noted in Section 6 of the plan and later in this report. Members will be provided with update reports on progress made towards these targets at key points in the year.

Issues and Findings

Progress made towards EAS Business Plan 2017-2018

- 4.3. The progress made towards the Business Plan and LA Annexes is reported to The Joint Executive Group (JEG) and the EAS Company Board on a biannual basis. This is also complemented by a range of additional reports (such as pupil outcomes, progress towards targets information, regional value for money and progress of schools causing concern) that are shared with the above groups and also LA Education Scrutiny Committees and termly Challenge and Review events with Welsh Government Officers (with the Cabinet Secretary for Education in the autumn term event). This report is not intended to duplicate previous reports that have been provided and reports only against previous Business Plan priorities.
- 4.4. Section 2 of the Business Plan (Appendix A) highlights a summary of wider regional improvements over the last 12 months.
- 4.5. Appendix C details the mid-year review of the current Monmouthshire Annex.
- 4.6. It is important to note that not all actions within the Business Plan will have an immediate impact on end of key stage outcomes. It is also important to note that outcomes cannot be attributed to solely to the work of the regional consortium as other partners in the system also play an important role. The role of school leaders and governing bodies in holding these leaders to account are a key factor in securing school improvement.

Current Business Plan Priority 2017-2018	Progress Judgement (October 2017)
1. Support for School Improvement	Satisfactory Progress
2. Pupil Wellbeing and Equity in Education	Satisfactory Progress
3. Professional Learning: Pedagogy and Leadership	Satisfactory Progress
4. Curriculum and Assessment	Satisfactory Progress
5. Curriculum and Pedagogy: Wider Curriculum and Pioneer Development	Satisfactory Progress

6. The Self-Improving System (SIS)	Strong Progress
7. Wider Regional and EAS Company Developments	Strong Progress

Outcomes from Regional Estyn inspection (May 2016) and progress made towards the recommendations

4.7. In May 2016 Estyn and Wales Audit Office re-visited the region to undertake the inspection of the regional school improvement services provided by the EAS. The structure of the inspection report is based on those aspects of Estyn's Common Inspection Framework that apply to regional consortia, which are covered by five quality indicators, each are graded (Excellent, Good, Adequate or Unsatisfactory). Additionally, an evaluation of standards featured as a performance profile in the context section of the report. A summary of the outcome is below:

Section	Grade
Support for school improvement	Good
Leadership	Good
Quality improvement	Good
Partnership working	Good
Resource Management	Good

4.8. Estyn revisited the EAS in September 2017 to conduct an inspection of the progress the EAS had made towards the recommendations from a good baseline. A summary of the judgements is below:

Recommendation	Estyn Progress Judgement
R1 Consider the use of a wider range of performance indicators at school and regional level to ensure that the progress of all groups of learners is challenged and supported	Satisfactory Progress
R2 Improve consistency in the quality of evaluation of school improvement activities throughout the service	Strong Progress
R3 Identify and manage risks more effectively	Very Good Progress

- 4.9. The Estyn team considered a range of evidence including the consortium’s business planning, evaluations, challenge advisers’ reports, target setting procedures, risk assessments and the views of headteachers. Estyn does not plan to make any further follow-up visits to the EAS. Any remaining areas for improvement will be monitored informally by Estyn’s regional link inspector and the relevant local authority link inspectors, and considered during future inspections of local government education services.
- 4.10. Estyn noted in their report that “(EAS) senior managers make honest and accurate evaluations of the strengths and shortcomings in the school improvement activities that they provide for schools. They have a clear understanding of how to link the findings from self-evaluation activities to improvement planning.”
- 4.11. The improvements that are required at regional and LA level will continue to require a strong commitment of partnership working to be successful with Monmouthshire making full use of their statutory powers, as appropriate, and wider support services such as HR to ensure that all schools make improvements at the required pace.
- 4.12. School leaders in schools in Monmouthshire requiring the most improvement will need to fully engage with the improvements that need to be made and, alongside governing bodies will need to drive forward this change at pace. The EAS will offer support and challenge through this process but will not be able to effect change on a whole level without the commitment from each tier within the system.

Implications

The South-East Wales Regional Mission: Business Plan (2018-2019)

- 4.13. This Business Plan focuses upon the actions that are required to accelerate improvement across the region and across all schools, PRUs, Special Schools and non-maintained nursery settings in Monmouthshire. Whilst this plan is regional, the bespoke approach at school level and through each individual LA Annex enables all nuances in need to be addressed. The actions contained within the plan align with the Welsh Government strategic document Education in Wales: Our National Mission (Action Plan 2017 – 2021). Further details on delivery can be found in the Detailed Delivery Document and the Professional Learning Offer 2018-2019 (these will be updated and refined following the final version of the attached plan). The content of the Business Plan will be used to populate and report against the regional elements within the Wales Education Report Card.
- 4.14. The final version of the Business Plan will be supported by a range of supporting documents:
- Local Authority Annex documents April 2018-March 2019
 - Detailed Business Plan April 2018-March 2019
 - Detailed Resource Overview 2018-2019
 - Long Term 3-year Business Plan Overview
 - Regional Self-Evaluation Report
 - Regional Professional Learning Offer 2018-2019
 - EAS Risk Register (Executive Summary)

- Self-Evaluation Timetable 2016-2018

4.15. The focus for improvement for 2018-2019 will continue to secure improvements in the following areas:

- To continue to raise aspiration, improve pupil outcomes, particularly for vulnerable groups of learners (FSM, Gender, EAL, MA and LAC) and reduce the variance within and across schools, settings and LAs.
- To accelerate improvement in schools and settings where progress is too slow by ensuring a more consistent approach is applied to schools causing concern and the use of Local Authority statutory powers to accelerate progress in identified schools.
- To continue to improve the quality of leadership, teaching and learning, particularly within the secondary phase.
- Supporting schools to ensure the effective development of pupil skills at all phases.
- Supporting the national approach and further development of the regional professional learning opportunities to ensure the success, equity and well-being of every learner.
- Preparing schools to meet the curriculum and assessment demands in line with new accountability arrangements.
- Supporting the development of a 'world-class curriculum' that will help raise standards for all in Wales.
- To embed the regional approach to developing a self-improving system.

The Regional Ambition is, by 2021 that:

4.16. Working with our key partners we will aim to transform the educational outcomes and life chances for all learners across South East Wales. We will do this by:

- Ensuring successful learning experiences and high levels of wellbeing particularly for those facing the greatest challenges;
- Building effective networks of professionals, across the five Local Authorities and beyond and working together to improve leadership, teaching and learning; and
- Attracting and retaining a team of outstanding people who embed our core values in their work and share a passion for excellence.

4.17. The delivery elements within the plan are centred around 7 key Improvement Strands: Support for School Improvement, Professional Learning (Teaching and Leadership), Excellence, Equity and Wellbeing, Curriculum, Assessment and Accountability, Supporting Collaboration, Curriculum Reform and EAS Company Developments). Each of these strands detail 'What we will do' and a section that will be used to monitor progress against detailed success criteria 'How will we know we will have made progress by March 2019'

4.18. The EAS has invested in building the capacity of schools and educational settings within the region over the last four years to enable more collaborative ways of working. This approach is enabling teachers and leaders to learn from each other, to try out new approaches and to engage with educational research as the backdrop for improvement. Across the region there are a number of well-established networks of professional practice, these will continue to be encouraged and the practice from within them shared.

4.19. The approach to build capacity and schools taking more of a collective ownership for the development of teaching and leadership has been developed further and the cluster model will be embedded over the next few years across the region.

Regional Key Stage Targets 2017-20 and Local Authority Attendance Targets

4.20. The Business Plan targets in Section 6 are derived from the information submitted by all schools across South East Wales during the statutory target setting process in autumn 2017. The target setting process across the region is robust with all LA / school aggregate targets linked to individual pupils.

4.21. To ensure that appropriate aspiration is applied across schools, a joint challenge process has been introduced by LA Officers and EAS staff. This process considers an analysis of projected future performance against previous performance, projected Free School Meal benchmark quarters, FFT estimates and WG modelled expectations.

4.22. The regional and LA targets for 2018 are final and Members will have had involvement with Directors in agreeing these. Targets for 2019 and 2020 remain draft and subject to additional challenge and scrutiny during the next iteration of the process in autumn 2018. **The targets for Monmouthshire schools can be found on pages 2-5 in the LA Annex 2018-2019 (Appendix B)**

LA Annex Documents

4.23. Each LA Annex contains an overview of the performance and the main areas for development at a LA level. A summary of the schools that require the highest levels of support, inspection outcomes and an overview of categorisation for the LA. Pupil level targets and attendance targets are also included.

A summary of overall pupil performance in Monmouthshire

- Attainment at Foundation Phase is much higher than the Wales average, the rate of improvement is also higher than Wales.
- Attainment at Key Stage 2 and Key Stage 3 is higher than the Wales average and the rate of improvement is higher than Wales from 2014 - 2017.
- Attainment at Key Stage 4 is higher than the Wales average and shows a much faster rate of improvement than that across Wales.
- Attainment at Key Stage 5 has above the Wales average since 2015, and the rate of improvement is higher than that across Wales since 2014.
- The proportion of pupils achieving the FPI+1 rose by 6.3pp between 2014 and 2017, and by 0.4pp from 2016.
- The proportion of pupils achieving the CSI+1 at KS2 rose by 12.7pp between 2014 and 2017, and by 3.6pp from 2016.
- The proportion of pupils achieving the CSI+1 at KS3 rose by 20.1pp between 2014 and 2017, and by 3.1pp from 2016.
- The proportion of pupils achieving 5A*/As rose by 5.5pp between 2014 and 2017, and by 4.9pp from 2016. The proportion of pupils achieving 5A*/As remains above that for Wales, and the gap between Monmouthshire and Wales had risen by 6.0pp between 2014 and 2017

Gender

- Between 2014 and 2017 the gender gap narrowed at all key stages, and is significantly below the Wales gender gap.
- The gender gap narrowed between 2016 and 2017, due to an improvement or hold in boys' performance at all key stages. Girls' performance declined from 2016 at all key stages except KS3.
- At KS2, boys outperformed girls by 0.7pp.
- Performance of both boys and girls at each key stage is significantly above the Wales average.

FSM

- FP performance of FSM pupils in 2017 is above the Wales average, and the gap between FSM and non FSM pupils has remained the same since 2016, but has widened since 2014. It is wider than the Wales gap.
- KS2 performance of FSM pupils in 2017 is higher than the Wales average, and the gap has narrowed considerably since 2014 and is narrower than for Wales.
- KS3 performance of FSM pupils in 2017 is again above the Wales average. There's been a slight widening of the gap since 2014, which is still wider than the gap for across Wales.
- At KS4, the 2017 L2 incl, performance of FSM pupils was below the Wales average. The FSM/non FSM gap has narrowed since 2016, and is wider than the Wales gap.

FSM benchmarking quartiles

- At FP, 80% of schools are above the median for FPI. At KS2, 47% of schools are above the median for CSI. At KS3, 50% of schools are above the median for CSI. At KS4, 75% (3 out of 4 schools) are above the median for L2 inc.
- At KS4, Monmouth and Chepstow are in Quarter 1 for L2 inc, English and maths
- Caldicot is below the median in all three of these measures
- King Henry is below the median in English, but above in maths and L2 inc.

Attendance/Exclusions

- There has been a decrease in primary attendance of 0.2pp since 2014, but an increase in secondary attendance. Secondary remains above that of Wales, (Wales primary not available yet)
- There has been an increase in unauthorised absence at primary schools, but the figure remains stable at secondary schools. Secondary figure is lower than Wales.
- There has been an increase in exclusions of 5 days or fewer at primary level, but a decrease at secondary level. There has been increase in exclusions of 6 days or more at both primary and secondary level.
- There were 2 permanent exclusions in 2016/17 from primary schools, more than the previous three years combined.
- There have been 7 permanent exclusions at secondary level since 2013/14, 1 in 2013/14, 5 in 2015/16 and 1 in 2016/17.

Inspection/Categorisation

- The percentage of schools judged at least Good for current performance has increased since 2014 to 40%. Increase in schools judged at least Good for prospects for improvement has also increased to 40%. There was one unsatisfactory inspection in 2016/17.

- The percentage of primary schools categorised Green has increased to 43% in 2017/18. One secondary school categorised Amber, three Yellow (provisional and confidential).

The Business Plan 2018-2021 is designed to address the areas required improvement noted above.

Risks

4.24. Risks to delivery of the Business Plan occur when the following points are not adhered to:

- There is a lack of clarity about respective roles and statutory responsibilities within the LA and EAS.
- Agreed actions are not carried out in a timely manner by EAS and / or LA e.g. Schools Causing Concern Register actions
- EAS and LA staff do not demonstrate a united front when dealing with schools, particularly those that give cause for concern.
- Schools are not held to account in a timely manner using the existing mechanisms.
- There is not consistent application of agreed regional protocols e.g. meeting deadlines for target setting, elected Members attending selected EIBs
- Timely consideration is not given to the use of LA Statutory Powers e.g. low standards, attendance, exclusions, leadership
- Full use is not made of the training offers to ensure that all Elected Members are up to date with key messages.
- Full use is not made of consultation events to help shape the direction of the EAS.

4.25. Uncertain financial projections make it difficult to fully cost the Business Plan at this stage.

4.26. Continued changes in reporting arrangements and performance measures at KS4 for a number of subjects continues to present risks to LA and regional outcomes.

4.27. Limited impact of the work of the EAS in schools where underperformance in leadership is not challenged effectively.

4.28. The work of the EAS in improving outcomes for vulnerable learners will remain slow unless there is greater engagement with all key partners across LAs to ensure effective joint targeting of resources.

5. RESOURCE IMPLICATIONS:

5.1. The EAS was set up to be reliant on three funding streams to remain financially viable: core funding from councils, grant funding (this includes a contribution from the regional Education Improvement Grant (EIG) and other Welsh Government (WG) Grants) and income generated from trading services to schools, which due to the notion of a self-improving school system has reduced overtime.

5.2. By way of context, the EAS has seen funding reductions in each of the areas noted above:

- A reduction in the EIG of 14% (since 2014 and a further potential 11.2% to the regional allocation which would equate to £192k reduction planned for EAS in 2018/2019);
- A reduction in a WG grant to support new GCSE specifications of 50% which equates to £182k; and
- A 92% reduction in trading income equating to £1.15m (since 2012 with a further £100k planned for 2018/2019). We do not intend reverting back to a trading organisation because we feel this compromises our legitimacy and is at odds with the strategic direction Members have asked for.

5.3. The service continues to be hampered by short term, ad hoc grant awards from Welsh Government. The EAS continues to manage staff changes and are now some 40% smaller in payroll staff than when the service started in 2012. Whilst this has been effectively managed to date it has been a contributing factor in increased cash contributions to the pension fund (£170k for the next two financial years). In addition, Members will be aware that the total regional EIG reduction for 2018/19 totals £3.028m. Whilst the detail surrounding this reduction is becoming clearer the regional position is still to be determined.

5.4. Over the past three financial years the EAS has been able to contribute to the efficiency savings of Councils by reducing the core funding commitment by 3%. Following a recent meeting of the EAS Company Board the funding profile for 2018/2019 and indicative funding for the following 2 financial years was discussed. Taking all factors into consideration, the Company Board agreed that it can offer a 2% efficiency saving on last year's core funding contribution for 2018/19 and an indicative 2% efficiency for the next 2 financial years.

EAS 'As Is' Model Aug 2012	2014/15 (funding levels set by WG, based on RSG formula to LA)	2015/16	2016/17	2017/18	% Movement 2011/12 to 2017/18	2018/19 Efficiency Saving
		-3.4%	-3%	-3%		2.0%
591,619	481,642	465,266	451,308	437,769	-26%	429,014

5.5. These efficiencies have been thought through carefully in what will be a challenging financial climate for the EAS and councils. It is likely that the EAS will need to implement a change management programme to enable a balanced budget to be set for the coming financial year. Considering this the Company Board will meet early January 2018 to formulate the detailed approach to this and will communicate with JEG Members as necessary.

6. WELLBEING OF FUTURE GENERATIONS IMPLICATIONS (INCORPORATING EQUALITIES, SUSTAINABILITY, SAFEGUARDING AND CORPORATE PARENTING)

6.1. The EAS have their own Equalities and Welsh Language plans in place. Monmouthshire County Council has therefore not undertaken any specific impact assessment on the EAS Business Plan.

7. CONSULTEES:

7.1. The Business Plan and the regional Professional Learning Offer is currently in the consultation process. The Consultees are noted below:

- Education Achievement Service staff
- South East Wales Directors / Chief Education Officers and Diocesan Directors
- Joint Executive Group
- Education Achievement Service Company Board
- Education Achievement Service Audit and Risk Assurance Committee

1. Regional Context

The EAS is the school improvement service for the five Local Authorities (LAs) in South East Wales (Blaenau Gwent, Caerphilly, Monmouthshire, Newport and Torfaen). The number of pupils of compulsory school age in 2017 was 71,234. This represents 19% of all pupils in Wales. There are 240 maintained schools in the region, 16% of all maintained schools in Wales (EAS figure correct from Jan 2018, Wales figure from PLASC, 2017). The percentage of pupils of compulsory school age who are eligible for free school meals (FSM) is 18.5%, which is higher than the national figure of 17.8%. This level of eligibility is the second highest of the four regional consortia (PLASC, 2017). In the region, 10% of people aged three and over say that they can speak Welsh compared to the Wales average of 19% (2011 Census, ONS). The percentage of pupils aged 5-15 from an ethnic minority background is 9.7%, an increase from 7.3% in 2013. This is a similar rate of increase to that nationally (10.1% from 8.3%). These overall figures mask significant differences between LAs, with the proportion of ethnic minority pupils in Newport increasing from 23.0% to 23.7% in 2017. As of March 2017, 816 children in the region are looked after (LAC) by a LA and attend a school in the region. This represents 14% of LAC in Wales.

2. Introduction

This Business Plan (2018-2021) outlines the programme of work that is required to continue to accelerate outcomes for children and young people across all schools in South East Wales. The plan focuses on the urgent need to raise aspiration and accelerate improvement in pupil outcomes, improve the quality of teaching and leadership and build a self-improving system within and across schools and settings. Priorities for the Business Plan 2018-2019 have been derived from the progress that has been made towards the previous Business Plan, areas that have been identified as requiring improvements through self-evaluation processes and feedback from Estyn on the inspection of the EAS. The improvements that are required at regional and Local Authority level require a strong commitment of partnership working to be successful.

Progress made toward EAS Business Plan 2017-2018

Business Plan Priority	Progress Judgement (October 2017)	Progress Judgement (March 2018) – to be updated
1.Support for School Improvement	Satisfactory Progress	
2.Pupil Wellbeing and Equity in Education	Satisfactory Progress	
3.Professional Learning: Pedagogy and Leadership	Satisfactory Progress	
4.Curriculum and Assessment	Satisfactory Progress	
5.Curriculum and Pedagogy: Wider Curriculum and Pioneer Development	Satisfactory Progress	
6.The Self-Improving System (SIS)	Strong Progress	
7.Wider Regional and EAS Company Developments	Strong Progress	

Outcomes from Regional Estyn inspection (May 2016) and progress made towards the recommendations

In May 2016 Estyn and Wales Audit Office re-visited the region to undertake the inspection of the regional school improvement services provided by the EAS. The structure of the inspection report is based on those aspects of Estyn's Common Inspection Framework that apply to regional consortia, which are covered by five quality indicators, each are graded (Excellent, Good, Adequate or Unsatisfactory). Additionally, an evaluation of standards featured as a performance profile in the context section of the report. A summary of the outcome is below:

Section	Grade
Support for school improvement	Good
Leadership	Good
Quality improvement	Good
Partnership working	Good
Resource Management	Good

Estyn revisited the EAS in September 2017 to conduct an inspection of the progress the EAS had made towards the recommendations. A summary of the judgements is below:

Recommendation	Estyn Progress Judgement
R1 Consider the use of a wider range of performance indicators at school and regional level to ensure that the progress of all groups of learners is challenged and supported	Satisfactory Progress
R2 Improve consistency in the quality of evaluation of school improvement activities throughout the service	Strong Progress
R3 Identify and manage risks more effectively	Very Good Progress

Summary of wider regional improvements 2017-2018

Regional Outcomes
<ul style="list-style-type: none"> • Teacher Assessment outcomes at the end of foundation phase and key stage 2 at the expected and higher levels are good and continue to improve. Attainment has been above the Wales average since 2013. Teacher Assessment outcomes at the end of key stage 3 are improving but still remain below the Wales average. • The gender gap in both foundation phase and key stage 2 continues to narrow at the expected level and is below the Wales average. At key stage 3, the gender gap is narrowing however remains higher than the Wales average. At the higher levels, gender gaps have widened in foundation phase, key stage 2 and key stage 3. • FSM regional performance at the expected level has continued to improve at foundation phase and key stage 3 but declined at key stage 2 in 2017. Between 2014 and 2017, the gap between the attainment of FSM pupils and non-FSM pupils has narrowed at each of these key stages. • The performance of Looked After Children (LAC) pupils has improved considerably at key stage 3 from 2014. Performance of pupils with Special Educational Needs (SEN) and those with English as an additional language (EAL) has improved since 2014. • At key stage 4, this year it is not possible to meaningfully compare results to previous years. However, performance of the region compared to national performance is still relevant. At the L2+ performance indicator, performance across the region declined by 2.6pp, compared with a decline of 5.7pp across Wales. This has resulted in the gap between regional performance and national performance narrowing to 1.7pp. • At key stage 4, 13 out of 35 (37.1%) schools are placed in benchmark quarter 1 for the L2+ indicator. More schools are now able to predict pupil outcomes with greater accuracy, 19 out of 35 schools had L2+ performance within 5pp of their June progress estimate. • Overall performance at L2 English Language, L2 Welsh Language and A*-C grades in GCSE Science has improved. • Between 2014 and 2017, the gap between attainment of FSM pupils and non-FSM pupils for the L2+ has remained fairly static. The gender gap between girls and boys and the Wales averages are narrowing due to a larger decline in performance of these groups across Wales this year. • Regional performance of learners achieving 5A*/A grades has improved for the first time in 4 years. • Overall performance at the L3 threshold has declined slightly. The performance of boys is at the Wales average, performance of girls is 1.3pp below that of Wales. Performance at A*/A Grades across the region has declined overall between 2016 and 2017 by 2.7pp. • Over the past 4 years, attendance at primary schools has continued to improve. Despite secondary school attendance improving at a slightly faster rate than Wales, it remains below the Wales average. • The percentage of Year 11 leavers known to be NEET (Not in Education, Employment or Training) across the region has reduced at a faster rate of improvement than that made nationally, and is below the Wales average.

Provision

- There is a clear understanding of the respective roles of the LAs and the EAS in supporting school improvement across the region and the implementation of National Categorisation and the SEWC Intervention Framework of schools across the region has been applied consistently to ensure accurate levels of support are provided.
- The EAS has appropriate differentiated procedures for monitoring, challenging, supporting and intervening in schools and non-maintained settings which are applied more consistently and have resulted in the majority of schools and non-maintained settings making good progress. The processes for holding schools in a red category to account have been robust and well understood.
- Refined quality assurance protocols across the service are evidencing increasing consistency in practice and highlighting inconsistencies that need to be addressed.
- The quality and range of data from pupil level up that the consortium now uses is improving. The process of collecting progress towards pupil level targets now enables the CA team and subject specialist to support and challenge potential underperformance within the academic year.
- There is a clear and coherent regional strategy for the self-improving system. The region has made good progress in developing mechanisms to facilitate school-to-school support in key areas including the recent introduction of the Learning Network Schools and cluster working.
- The support for new curriculum specifications at key stage 4 in core subjects, Welsh Bacallaureate and the implementation of WG initiatives such as Successful Futures is good.
- Challenge advisers monitor diligently schools' plans for their use of the Pupil Development Grant. They ensure that the plans meet requirements and focus appropriately on improving outcomes for vulnerable learners. The provision for these pupils is beginning to improve their outcomes at each key stage.
- There are good arrangements to identify the overall development needs of governors which are effectively met in most cases through a centrally delivered training programme.
- Specialist HR support has complemented and enhanced the provision that is already in place in LAs providing support and training for school leaders, disseminating regional policies and protocols.

Leadership

- The Business Plan sets out the regional strategic vision, aims and priorities aligned closely to WG guidance and key national, regional and local priorities with good progress has been made towards recommendations from Estyn.
- Self-evaluation and improvement planning processes are accurate, evaluative and balanced.
- A wider range of performance indicators at school and regional level are now being used in self-evaluation activity to ensure that the progress of all groups of learners is challenged and supported.
- Strategic leadership and management is good with an effective governance and communication structure, which is becoming increasingly effective.
- School strategic partnerships are good and continue to improve.
- Working practices with LAs are becoming increasingly effective in relation to schools causing concern.
- Where warning notices have been issued in LAs linked to standards, most schools have improved their performance.
- There are sound financial processes in place and processes to evaluate Value for Money (VFM) have been improved and refined and are now appropriate.
- Appropriate partnerships with other consortia have been forged with the main aims to improve provision and to raise standards for learners across the region.

The focus for improvement for 2018-2019 will focus on continuing to secure improvements in the following areas:

- To continue to raise aspiration, improve pupil outcomes, particularly for vulnerable groups of learners (FSM, Gender, EAL, MA and LAC) and reduce the variance within and across schools, settings and LAs.
- To accelerate improvement in schools and settings where progress is too slow by ensuring a more consistent approach is applied to schools causing concern and the use of Local Authority statutory powers to accelerate progress in identified schools.
- To continue to improve the quality of leadership, teaching and learning, particularly within the secondary phase.
- Supporting schools to ensure the effective development of pupil skills at all phases.
- Supporting the national approach and further development of the regional professional learning opportunities to ensure the success, equity and well-being of every learner.
- Preparing schools to meet the curriculum and assessment demands in line with new accountability arrangements.
- Supporting the development of a 'world-class curriculum' that will help raise standards for all in Wales.
- To embed the regional approach to developing a self-improving system.

The Regional Ambition is, by 2021 that:

Working with our key partners we will aim to transform the educational outcomes and life chances for all learners across South East Wales. We will do this by:

- Ensuring successful learning experiences and high levels of wellbeing particularly for those facing the greatest challenges;
- Building effective networks of professionals, across the five Local Authorities and beyond and working together to improve leadership, teaching and learning; and
- Attracting and retaining a team of outstanding people who embed our core values in their work and share a passion for excellence.

A detailed three year overview is available within the additional support documentation.

3. The South-East Wales Regional Mission: Business Plan (2018-2019)

This Business Plan focuses upon the actions that are required to accelerate improvement across the region. Whilst this plan is regional, the bespoke approach at school level and through each individual LA Annex enables all nuances in need to be addressed. The actions contained within the plan align with the Welsh Government strategic document Education in Wales: Our National Mission (Action Plan 2017 – 2021). Further details on delivery can be found in the Detailed Delivery Document and the Professional Learning Offer 2018-2019. The content of the Business Plan will be used to populate and report against the regional elements within the Wales Education Report Card.

schools with an initial profile of the quality of teaching which has been derived from a variety of sources and access to appropriate support.

- Improving the quality of teaching, especially for the realisation of the new curriculum using the new Excellence in Teaching and Leadership Framework (ETLF).
- Providing guidance to ensure that all teachers, including supply teachers, have access to an individual professional learning plan.
- Delivering at a regional level the induction programme for Newly Qualified Teachers (NQTs).
- Implementing a pilot scheme to prepare Welsh medium graduate support staff for teaching through the medium of Welsh (GTP route / PGCE) concludes with evidence of progression to Initial Teacher Education (ITE).
- Supporting LAs in the delivery of the cluster based pilot models for supply teachers and Business Managers.
- Supporting the national development and regional delivery of pathways for Learning Support Workers.
- Delivering Higher Level Teaching Assistant accreditation as part of the national development pathway for Learning Support Workers.
- Collaborating with HEI and ITE providers to ensure high quality initial education and readiness to enter the workforce.
- Continuing to work collaboratively with key partners to attract and retain high quality teachers through the #Discover Teaching campaign.

Ensure that Leaders at all levels across the region are well supported to develop and aspire colleagues and to work collaboratively to embed the new curriculum and improve outcomes for our learners by:

- Providing an extensive portfolio of leadership development opportunities available for the regional education community. To include: Middle Leader, Aspiring

programmes for pedagogy and leadership from the current baseline.

- A majority of schools will have engaged with teachers having access to individual professional learning plans.
- An improved impact capture methodology for professional learning on practice.
- Evaluative reports commissioned from Higher Education Institutions demonstrate the positive impact of the induction programme for NQTs.
- Increased numbers of applicants and successful candidates for Higher Level Teaching Assistant accreditation from the current baseline.
- A majority of schools will have participated in the professional learning programme for Learning Support Workers.
- ITE graduates will be better prepared to undertake their NQT process and enter the fully qualified workforce within the region.
- A regional succession plan for leadership will be created and agreed by LAs to ensure more effective recruitment and retention of high quality leaders across the region.
- Increase take up of NPQH by highest quality candidates and secure more effective conversion from NPQH accreditation to employment as Headteachers within the region.

	<p>Senior Leader, Aspiring Headteacher, New to Headship, Experienced Headteacher and Executive Headteacher.</p> <ul style="list-style-type: none"> • Providing secondary school leaders opportunities to experience and learn from a range of successful settings within and beyond the region. • Providing specialist HR training for school leaders in areas such as effective performance management and addressing performance concerns are effectively implemented in schools. • Delivering the National Professional Qualification for Headship (NPQH) to provide more effective preparation for headship. • Embedding the use of the Excellence in Teaching and Leadership Framework across the region to maximise the impact of leadership on standards of teaching and learning. • Developing professional learning programmes that will satisfy accreditation processes of the National Academy for Educational Leadership. • To support the development and implementation of the Associates Programme for the National Academy for Educational Leadership. 	
	<p>The Governor Support & Development team will support and develop skilled, focused, effective governing bodies that work in partnership with School Leaders to raise standards by:</p> <ul style="list-style-type: none"> • Continuing to offer a Professional Learning Offer that includes the EAS Mandatory Training and Strategic Development Programme for Governors. • Making E-Learning available for each priority area from within the professional learning offer for governors. • Providing support to Governing Bodies that require improvement by sharing and promoting best practice. 	<ul style="list-style-type: none"> • Annual questionnaires for stakeholders deem the majority of governing bodies as effective by July 2019 • Increased numbers of governing bodies that complete the online Governing Body Self Evaluation (initial pilot 29%) to increase year on year. • Attendance at Mandatory Training and engagement in online Mandatory E-learning to remain in line with the annual turnover of governors (35% of governor population). • Increase engagement at Link Governor Seminar and on the Link Governor Hwb Network by 20%.

	<ul style="list-style-type: none"> • Disseminating the EAS Excellence in Governance Framework to ensure that all Governing Bodies are effectively challenging and supporting schools to improve. • Continuing to develop the effectiveness of priority Link Governors in improving outcomes for groups of learners by providing guidance on: More Able, Pupil Development Grant and Looked After Children. • Providing an effective clerking service to schools. 	<ul style="list-style-type: none"> • Governor awareness of the link role for deprivation via the annual questionnaire will raise from 78% to 82% and the role for More Able and Looked After Children will be no lower than 75%. • Maintain the percentage of governors agreeing that overall, they are satisfied with the service they receive from Governor Support at over 95%.

4. National and Regional Implementation Strategies

The EAS will work closely with all key partners to ensure the realisation of this Business Plan. The implementation of the Tiers, noted below, are embedded in way in which we will continue to work across the sectors.

Source: *Education in Wales: Our National Mission*

The EAS has invested in building the capacity of schools and educational settings within the region over the last four years to enable more collaborative ways of working. This approach is enabling teachers and leaders to learn from each other, to try out new approaches and to engage with educational research as the backdrop for improvement. Across the region there are a number of well-established networks of professional practice, these will continue to be encouraged and the practice from within them shared.

The approach to build capacity and schools taking more of a collective ownership for the development of teaching and leadership has been developed further and the cluster model will be embedded over the next few years across the region.

5. Funding Information (indicative – will be updated)

The EAS is funded on an annual basis from three sources as illustrated below. A detailed spending plan accompanies this Business Plan and is intrinsically linked to all actions contained within the Business Plan.

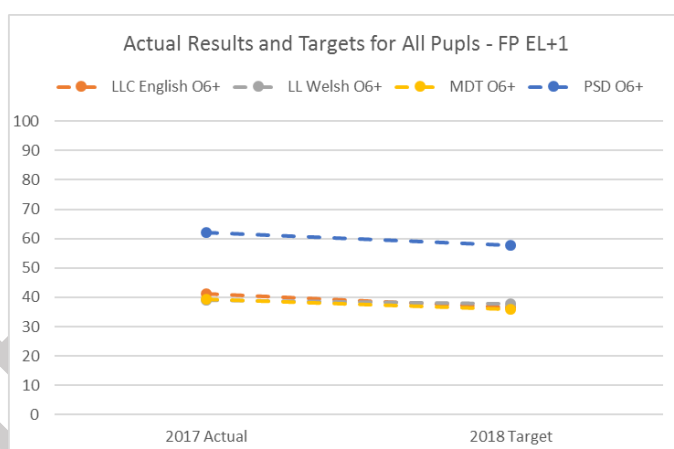

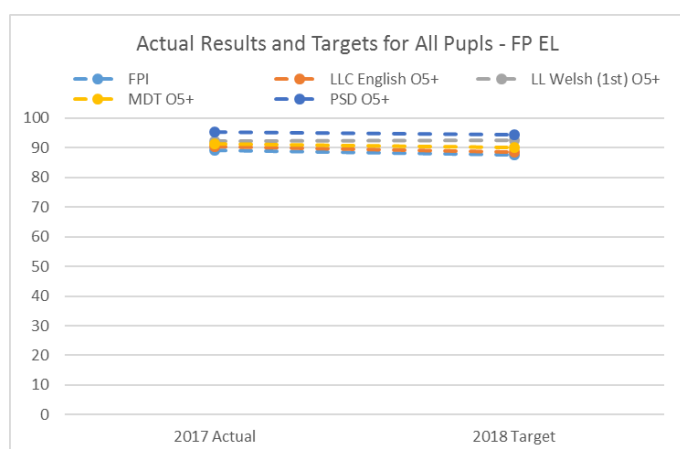

6. Regional Key Stage Targets 2017-20 and Local Authority Attendance Targets

The targets below are derived from the information submitted by all schools across South East Wales during the statutory target setting process in autumn 2017. The target setting process across the region is robust with all LA / school aggregate targets linked to individual pupils.

To ensure that appropriate aspiration is applied across schools, a joint challenge process has been introduced by LA Officers and EAS staff. This process considers an analysis of projected future performance against previous performance, projected Free School Meal benchmark quarters, FFT estimates and WG modelled expectations.

Targets for 2019 and 2020 remain draft and subject to additional challenge and scrutiny during the next iteration of the process in 2018. Individual LA aggregate targets can be found in the accompanying LA Annex documents.

Expected National Curriculum Levels	<p>By the end of the Foundation Phase, at the age of seven, pupils are expected to reach Foundation Phase outcome 5 and the more able outcome 6.</p> <p>By the end of the key stage 2, at the age of eleven, learners are expected to reach level 4 and the more able to reach level 5.</p> <p>By the end of the key stage 3, at the age of fourteen, learners are expected to reach level 5 and the more able to reach level 6 or level 7</p>
Foundation Phase Indicator (FPI)	<p>Progress in learning through the Foundation Phase is indicated by outcomes (from outcome 1 to outcome 6). The Foundation Phase indicator (FPI) relates to the expected performance in three areas of learning in the Foundation Phase: literacy, language and communication in English or Welsh first language; mathematical development; personal and social development, wellbeing and cultural diversity. Pupils must achieve the expected outcome (outcome 5) in the three areas above to gain the Foundation Phase indicator.</p>
Core Subject Indicator (CSI) in key stages 2,3 and 4	<p>The core subject indicator relates to the expected performance in English or Welsh first language, mathematics and science, the core subjects of the National Curriculum. Learners must gain at least the expected level in either English or Welsh first language together with mathematics and science to gain the core subject indicator.</p>

Level 1 qualification	The equivalent of a GCSE at grade D to G.
The Level 1 threshold (L1)	Learners must have gained a volume of qualifications equivalent to five GCSEs at grades D to G.
Level 2 qualification	The equivalent of a GCSE at grade A* to C.
The Level 2 threshold (L2)	Learners must have gained a volume of qualifications equivalent to five GCSEs at grade A* to C.
The Level 2 threshold including English or Welsh first language and mathematics (L2+)	Learners must have gained level 2 qualifications in English or Welsh first language and in mathematics as part of their threshold of 5 Level 2 qualifications.
Level 3 qualification	The equivalent of an A level at A* to C
The Level 3 threshold (L3)	Learners must have gained a volume of qualifications equivalent to two A levels at grade A* to E.
The capped average points score (CPS)	Only includes the best nine results (with subject restrictions) for each pupil from all qualifications approved for use in Wales at age 16.

Local Authority Specific Annex 2018-2019

Local Authority: Monmouthshire

The targets below are derived from pupil level targets submitted by all schools across South East Wales during the statutory target setting process in autumn 2017. The target setting process across the region is robust with all school targets linked to targets for individual pupils and a comprehensive challenge process by Challenge Advisers and quality assurance by Principal Challenge Advisers and Local Authorities including analysis of projected future performance against previous performance, projected Free School Meal benchmark quarters and WG Modelled Expectations.

- The proportion of pupils achieving 5A*/As rose by 5.5pp between 2014 and 2017, and by 4.9pp from 2016. The proportion of pupils achieving 5A*/As remains above that for Wales, and the gap between Monmouthshire and Wales had risen by 6.0pp between 2014 and 2017

Gender

- Between 2014 and 2017 the gender gap narrowed at all key stages, and is significantly below the Wales gender gap.
- The gender gap narrowed between 2016 and 2017, due to an improvement or hold in boys' performance at all key stages. Girls' performance declined from 2016 at all key stages except KS3.
- At KS2, boys outperformed girls by 0.7pp.
- Performance of both boys and girls at each key stage is significantly above the Wales average.

FSM

- FP performance of FSM pupils in 2017 is above the Wales average, and the gap between FSM and non FSM pupils has remained the same since 2016, but has widened since 2014. It is wider than the Wales gap.
- KS2 performance of FSM pupils in 2017 is higher than the Wales average, and the gap has narrowed considerably since 2014 and is narrower than for Wales.
- KS3 performance of FSM pupils in 2017 is again above the Wales average. There's been a slight widening of the gap since 2014, which is still wider than the gap for across Wales.

- At KS4, the 2017 L2 incl, performance of FSM pupils was below the Wales average. The FSM/non FSM gap has narrowed since 2016, and is wider than the Wales gap.

FSM benchmarking quartiles

- At FP, 80% of schools are above the median for FPI. At KS2, 47% of schools are above the median for CSI. At KS3, 50% of schools are above the median for CSI. At KS4, 75% (3 out of 4 schools) are above the median for L2 inc.
- At KS4, Monmouth and Chepstow are in Quarter 1 for L2 inc, English and maths
- Caldicot is below the median in all three of these measures
- King Henry is below the median in English, but above in maths and L2 inc.

Attendance/Exclusions

- There has been a decrease in primary attendance of 0.2pp since 2014, but an increase in secondary attendance. Secondary remains above that of Wales, (Wales primary not available yet)
- There has been an increase in unauthorised absence at primary schools, but the figure remains stable at secondary schools. Secondary figure is lower than Wales.
- There has been an increase in exclusions of 5 days or fewer at primary level, but a decrease at secondary level. There has been increase in exclusions of 6 days or more at both primary and secondary level.
- There were 2 permanent exclusions in 2016/17 from primary schools, more than the previous three years combined.
- There have been 7 permanent exclusions at secondary level since 2013/14, 1 in 2013/14, 5 in 2015/16 and 1 in 2016/17.

Inspection/Categorisation

- The percentage of schools judged at least Good for current performance has increased since 2014 to 40%. Increase in schools judged at least Good for prospects for improvement has also increased to 40%. There was one unsatisfactory inspection in 2016/17.
- The percentage of primary schools categorised Green has increased to 43% in 2017/18. One secondary school categorised Amber, three Yellow (provisional and confidential).

Schools requiring Improvement 2017-2018 (Amber and Red Overall Categories of support)

The information below indicates the additional support that will be given to schools in the overall category of Amber or Red in the Local Authority in the academic year 2017-2018. The support is in line with the guidance within the National Categorisation System and within the SEWC Intervention Framework 2017-2018. Each of these schools will have a detailed Intervention or Support Plan, the progress each school makes over the next academic year will be captured through regular Education Improvement Boards (EIBs) or Intervention Meetings.

Pupil outcomes

A high-level analysis of pupil outcomes for the Local Authority indicates that the following aspects require improvement over the next phase of the Business Plan:

- Continue to improve the performance of eFSM learners in all Key Stages.
- Continue to improve performance in L2+ at KS4.
- Continue to improve performance in CSI at KS4
- Improve performance at the higher levels across all key stages
- Improve performance A*-A at KS4.
- Improve performance in capped point score

Schools requiring Improvement 2016-2017 (Amber and Red Overall Categories of support)

The information below indicates the additional support that will be given to schools in the overall category of Amber or Red in the Local Authority in the academic year 2016-2017. The support is in line with the guidance within the National Categorisation System and within the SEWC Intervention Framework 2016-2017. Each of these schools will have a detailed Intervention or Support Plan, the progress each school makes over the next academic year will be captured through regular Education Improvement Boards (EIBs) or Intervention Meetings.

Local Authority specific activity financial year 2017-2018

The section below indicates additional school improvement activity that will be undertaken in the Local Authority through this financial year (2017-2018). The additional activity is linked to specific need arising from pupil outcomes. The LA contribution to support this aspect of the Annex will be £8,755 for Monmouthshire.

A detailed programme delivery plan is available. Progress towards each of the additional interventions will be measured at the end of each term.

Monmouthshire County Council

Inclusion Review – progress to date
February 2018

Aims for the Future

- To secure equality of access to education.
- To deliver high quality and inclusive curriculum for all learners.
- To educate our young people in their local communities where ever possible.
- To support learners and their families across the county.
- To provide opportunities for young people to access support when they need it and return to their community school.
- To meet the need of current and future needs.

- In 2016-17:
 - ✓ Monmouthshire had the second lowest proportion of pupils with ALN at 17.4%.
 - ✓ However when compared with other similar authorities Monmouthshire had the highest percentage of statements of Special Educational Needs.
 - ✓ This is despite a reduction over a three year period and is above the Wales average.

Needs Analysis – identified learning needs in Monmouthshire 2017

- Data collection for 2017:
- Speech, Language and communication difficulties (SLCD) is the highest need in the county.
- This is followed by Behaviour, emotional and social difficulties (BESD) / and Autistic Spectrum Disorder (ASD).
- There is a relatively high number of young people identified with moderate learning difficulties – but their needs can usually be met in school.

Needs Analysis – identified learning needs in Monmouthshire 2017

Specialist Provision for pupils with Additional Learning Needs in Monmouthshire.

Monmouthshire has a range of specialist provision for pupils with additional learning needs (ALN) within the county.

This includes:

- 3 Primary Special Needs Resources Bases (SNRB)
- 1 Secondary SNRB
- 1 Pupil Referral Service (PRS)
- 1 Special School for Social, emotional and behavioural difficulties (SEBD)

Specialist Provision for pupils with Additional Learning Needs in Monmouthshire.

Where specialist provision within county is unable to meet the needs of a pupil the Local Authority seeks to secure appropriate provision in a range of out of county settings/schools.

This includes:

- Provision in an SNRB in another local authority
- Provision in a Special School in another local authority
- Provision in an Independent Special School

Proposed New Model.

- The proposed changes to the current model will:
- support the delivery of the key principles in the Future Generations Act.
- place the child's needs at heart of the provision in alignment with the UN convention on the Rights of the Child.
- address the ten aims of the new Additional Learning Needs Bill and Statutory Code of Practice.

Updated Model.

- Rationalise our resources to prioritise provision so that we can increase the number of children and young people we support for behaviour and inclusion
- Provide more children and young people with suitable provision to meet their needs locally
- Provide timely advice and support to all schools to build skills and capacity to support local provision
