# Aims and Values of Monmouthshire County Council

## Our purpose

Building Sustainable and Resilient Communities

### Objectives we are working towards

- Giving people the best possible start in life
- A thriving and connected county
- Maximise the Potential of the natural and built environment
- Lifelong well-being
- A future focused council

## Our Values

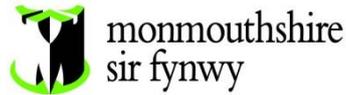

**Openness.** We are open and honest. People have the chance to get involved in decisions that affect them, tell us what matters and do things for themselves/their communities. If we cannot do something to help, we'll say so; if it will take a while to get the answer we'll explain why; if we can't answer immediately we'll try to connect you to the people who can help – building trust and engagement is a key foundation.

**Fairness.** We provide fair chances, to help people and communities thrive. If something does not seem fair, we will listen and help explain why. We will always try to treat everyone fairly and consistently. We cannot always make everyone happy, but will commit to listening and explaining why we did what we did.

**Flexibility.** We will continue to change and be flexible to enable delivery of the most effective and efficient services. This means a genuine commitment to working with everyone to embrace new ways of working.

**Teamwork.** We will work with you and our partners to support and inspire everyone to get involved so we can achieve great things together. We don't see ourselves as the 'fixers' or problem-solvers, but we will make the best of the ideas, assets and resources available to make sure we do the things that most positively impact our people and places.

<b>SUBJECT:</b>	<b>PLAY ACTION PLAN 2021-2022</b>
<b>MEETING:</b>	<b>Individual Cabinet Member Report</b>
<b>DATE:</b>	<b>12 May 2021</b>
<b>DIVISION/WARDS AFFECTED:</b>	<b>All</b>

## 1. PURPOSE:

- 1.1 To report on progress on the Play Action Plan 2020/21 and seek approval for the Play Action Plan for 2021/22

## 2. RECOMMENDATIONS:

- 2.1 To note the progress in 2020/21 despite the impact of Covid restrictions and to approve the Play Action Plan for 2021/22.

## 3. KEY ISSUES:

- 3.1 Article 31 of the United Nations Convention on the Rights of the Child (UNCRC) recognises that every child has the right to relax, play and take part in a wide range of cultural and artistic activities. In Wales play is a statutory duty of local authorities set out in Section 11 of the Play Opportunities, Children and Families (Wales) Measure 2010.
- 3.2 This requires local authorities to assess and secure sufficient play opportunities for children in their areas by undertaking a full play sufficiency assessment every three years and to produce an annual play action plan.
- 3.3 The 2021/22 action plan covers the last year of the three year actions set out in the current Play Sufficiency Assessment and Plan, approved by Cabinet in May 2019. That plan identified actions in six thematic areas:
  - Space for Play
  - Supervised Provision
  - Providing for Diverse Need
  - Young People's Voices in Play
  - Information and Promotion
  - Partnerships

3.4 A new Play Sufficiency Assessment and Plan will be required for the next three year period from April 2022; for submission to Welsh Government by June 2022.

3.4 During the last year the impact of Covid and the associated restrictions has clearly had a substantial influence on aspects of play provision in particular the planned extension of the summer open access play schemes. However despite a very limited lead-in time successful summer provision for Monmouthshire children took place in three main strands:

- The delivery of four activity hubs, one at each of the four leisure centres in the county;
- The delivery of disability hubs at three community venues, specifically for children with more complex needs;
- The creation and delivery of 1,500 play packs designed for children of primary school age.

Further provision was planned in February 2021 but this had to be delayed due to the reintroduction of restrictions and instead was delivered successfully at each leisure centre over the Easter holiday.

3.5 Currently the intention is to seek to utilise additional School Holiday Enrichment Programme (SHEP) funding and a continued partnership with Town and Community Councils to deliver an enhanced version of the 2019 open access programme. This will be facilitated directly by MonLife as the previous arrangement with Torfaen Play Service has naturally run its course. Delivery will depend on any changes to the funding streams and any current restrictions.

3.6 In other matters considerable progress has been achieved in developing the community fixed play pilot in Monmouth, as approved by Cabinet in January 2021. The pilot builds on the play value assessments of existing fixed play provision to develop proposals to re-provide playable environments, including local places for nature, alongside a programme of enhancement of fixed play provision on core sites. Community consultation was undertaken in early 2021 and grant is available to support implementation in 2021/22.

3.7 In anticipation of the new Play Sufficiency Assessment (PSA) required for 2022, the play strategy group will be re-established (not having met due to Covid pressures and changes to the previous partnership arrangements) as a sub group of the Children and Young Peoples Partnership, and its membership reviewed. This will also provide an opportunity to consider the recommendations of the Play Wales play sufficiency research project “Making it possible to secure play sufficiency” in which the authority participated. The workshop and plenary sessions helped build common purpose around play delivery, which can now be considered as part of the PSA review.

#### **4. EQUALITY AND FUTURE GENERATIONS EVALUATION (INCLUDES SOCIAL JUSTICE, SAFEGUARDING AND CORPORATE PARENTING):**

4.1 The EQIA is attached to this report at Appendix 1. This highlights the positive impacts that securing sufficient and accessible play opportunities can have on children, families and communities.

#### **5. OPTIONS APPRAISAL**

<b>Option</b>	<b>Benefits</b>	<b>Risks</b>
Not to approve the Play Action Plan 2021-2022	None	Preparing an annual play action plan is a statutory requirement under the Play Opportunities, Children and Families (Wales) Measure 2010. No Play Opportunity grant and other support would be available from Welsh Government as its availability is linked to actions within an action plan.
Approve the Play Action Plan 2021-2022	Meets the statutory requirements under the Play Opportunities, Children and Families (Wales) Measure 2010.  Maximises the availability of Play Opportunity grant and other support	None

#### **6. EVALUATION CRITERIA**

6.1 Progress will be monitored against the Play Sufficiency Assessment and Plan 2019 and the annual plan for 2021-22. An annual progress submission is required by Welsh Government.

#### **7. REASONS:**

7.1 The preparation of annual play action plan is a statutory requirement as set out on the main report. Implementation of the play action plan contributes to the delivery of the corporate plan and the social justice strategy.

#### **8. RESOURCE IMPLICATIONS:**

8.1 There are no additional resource implications. External grant including Play Opportunity, Local Places for Nature and SHEP grant, related funding such as Section 106 contributions and support from Town and Community Councils all contribute to individual actions (as identified in the action plan)

## 2. The Socio-economic Duty and Social Justice

The Socio-economic Duty requires public bodies to have due regard to the need to reduce inequalities of outcome which result from socio-economic disadvantage when taking key decisions This duty aligns with our commitment as an authority to Social Justice.

	<b>Describe any positive impacts your proposal has in respect of people suffering socio economic disadvantage</b>	<b>Describe any negative impacts your proposal has in respect of people suffering socio economic disadvantage.</b>	<b>What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?</b>

<p><b>Socio-economic Duty and Social Justice</b></p>	<p>Play is important in children’s lives, for both its recreational value and for the important part that it plays in children’s physical and emotional health and well-being and in their personal development. Play is a common denominator that should be capable of being enjoyed by all children irrespective of their social or cultural background or the ability of their parents to pay for the opportunity to participate.</p>		<p>Accessible play opportunities contribute to children’s lives and to the well-being of their families and communities, and helps address inequalities by contributing to developing child friendly communities, including prioritising investment in more income-deprived LSOAs.</p>

**3. Policy making and the Welsh language.**

How does your proposal impact on the following aspects of the Council's Welsh Language Standards:	Describe the positive impacts of this proposal	Describe the negative impacts of this proposal	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts
<b>Policy Making</b> Effects on the use of the Welsh language, Promoting Welsh language Treating the Welsh language no less favourably	We delivered bilingual playschemes in Abergavenny and Caldicot in 2019, which were well attended but the use of the Welsh language was minimal on the part of the children attending, despite the fact that we employed fluent Welsh speaking staff.		Will continue to explore the demand for Welsh language provision
<b>Operational</b> Recruitment & Training of workforce			Will seek when recruiting to increase the level of Welsh speaking staff
<b>Service delivery</b> Use of Welsh language in service delivery Promoting use of the language	All play publicity is produced bilingually and we will continue to do this		

**4. Does your proposal deliver any of the well-being goals below?** Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal. There's no need to put something in every box if it is not relevant!

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<b>A prosperous Wales</b> Efficient use of resources, skilled, educated people, generates wealth, provides jobs	Positive – Access to good quality play opportunities contributes to education, particularly the foundation phase	The actions proposed to deliver the Play Action Plan are intended to support the delivery of good quality play opportunities
<b>A resilient Wales</b> Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)	Positive – play opportunities extend across all open spaces and include those for environmentally focused play such as the pilot local places for nature/ play programme in Monmouth.	The actions proposed to deliver the Play Action Plan will help identify such opportunities and potential for partnership delivery
<b>A healthier Wales</b> People’s physical and mental wellbeing is maximized and health impacts are understood	Positive – Play is essential for the growth of children’s cognitive, physical, social and emotional development	The actions proposed to deliver the Play Action Plan are intended to support the delivery of good quality play opportunities
<b>A Wales of cohesive communities</b> Communities are attractive, viable, safe and well connected	Positive – Play contributes not only to children’s lives but to the well-being of their families and communities and looking at a community based delivery model for staffed play provision would further contribute to this.	The actions proposed are intended to support the delivery of good quality play opportunities and the delivery of the community open access play model
<b>A globally responsible Wales</b> Taking account of impact on global well-being when considering local social, economic and environmental wellbeing	Positive - Children’s right of play is enshrined in the United Nations Convention on the Rights of the Child, which Welsh Government has formally adopted.	
<b>A Wales of vibrant culture and thriving Welsh language</b> Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation	Positive – recreational activities form part of play opportunities.	We delivered bilingual playschemes in Abergavenny and Caldicot in 2019, which were well attended but the use of the Welsh language was minimal on the part of the children attending, despite the fact that we employed fluent Welsh speaking staff.  Will continue to explore the demand for Welsh language provision.

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<b>A more equal Wales</b> People can fulfil their potential no matter what their background or circumstances	Play is established as one of children’s rights, internationally and by Welsh Government. Access to good quality play provision can be a way of reducing inequalities between children and so reducing poverty of experience for all children.	The Play Action Plan helps ensure a more integrated approach across the authority to provide for diverse needs and to seek to better understand demand, existing provision and opportunities
