MONMOUTHSHIRE COUNTY COUNCIL REPORT

SUBJECT:	Application to Vary a Premises Licence – The Crown at Pantygelli
DIRECTORATE:	Social Care, Safeguarding and Health
MEETING:	Licensing & Regulatory Sub-Committee
COMMITTEE DATE:	24th January 2025
WARDS AFFECTED:	Mardy

1. PURPOSE:

To consider an application to vary the current Premise Licence under the Licensing Act 2003 for The Crown at Pantygelli, Old Hereford Road, Pantygelli, Abergavenny, NP7 7HR. A copy of the application (Appendix A) and plan (Appendix B) is attached.

2. RECOMMENDATION:

It is recommended that members consider and determine the application referred to in 3.1 below, based on the information provided.

3. KEY ISSUES

3.1 A application to vary the current premises licence under the Licensing Act 2003 was received from Mr Nicholas Clayton-Ford for The Crown at Pantygelli, Old Hereford Road, Pantygelli, Abergavenny for the following:-

- Licensing the lawn to the north of the property for marquee functions during Spring and Summer. All alcohol will be sold on site for onsite consumption. 55mx18m of lawn space to hold functions confined to this area.

3.2 A map of where the premises is located within Pantygelli and the surrounding area can viewed as Appendix C.

3.3 The applicant has stated the following when asked in the application to describe the steps intended to take to promote the licensing objectives:

General

- Following from our current policies and procedure in our already licensed area.

The Prevention of Crime and Disorder

- Keeping our CCTV up to date. Keeping informed with pub watch and knowing of other areas where people are banned.

Public Safety

- Ensuring health and safety procedures are followed and areas are maintained

Prevention of Public Nuisance

- Promoting a respectful place for all guests and staff where we promote the coming and going from the venue to be done in a quiet and respectful manner. Also, monitoring decibel levels to meet the requirements of the legislation.

- 3.4 If the licence is refused, the current premise licence will not be affected, and Members are to decide on the variation only. A copy of the current licence and conditions is attached as Appendix D.
- 3.5 If granted the licence would also be subject to Mandatory Conditions, which are attached to this report as Appendix E.
- 3.6 The applicant has a statutory duty to send copies of their premises licence application to the 'Responsible Authorities' namely Gwent Police, South Wales Fire Service, The Local Health Board, Home Office (Immigration) and departments of Monmouthshire County Council being the Environmental Health Section, Social Services, Planning, Licensing and Trading Standards Department, which was carried out by the applicant. A notice also must be circulated in a newspaper within the area of the premises as well as a notice displayed at the premises to enable businesses and residents to make a representation; again, the applicant duly carried this out. The application is also advertised via the Council's website, which gives details on how a person can make a representation and this was carried out by the Licensing Authority.
- 3.7 Representations were received by Environmental Health and a summary of the objection is detailed below. The objection in full can also be viewed as Appendix F.
 - The applicant has not satisfactorily addressed how they will limit any noise impact implications for the neighboring properties in the information submitted; I must object to the grant of the licence variation under licensing objective 'the prevention of public nuisance'.

The applicant has responded to the objection with the following:

With regard to your concerns over the variation of license at The Crown at Pantygelli. Happy to discuss the parameters to get this over the line, but I'd like some input into these parameters and what is suitable to organise this change in license.

I'd also like to state the following:

- No extra traffic would be caused due to the car park already full at the weekend. Events would limit the capacity of inside the pub. Restrictions on numbers would be implemented.
- live music would be situated to the rear of the lawn meaning a further 55 metres of distance from all neighbouring properties.
- The banks to the Southeast of this area are 3 metres high with further thick vegetation above this creating a sound barrier.
- The banks to the North-West are approximately 1.5 metres high with laid hedges, holly and hazel trees, proving extra barrier to any noise.
- happy to negotiate the opening of said tent be to the rear of the South-East side of the lawn providing even more sound screening to neighbours.
- Further down the car park mature trees line both sides with a thick coverage and with the majority of the functions to be in the Spring or Summer leaf coverage will halo with further sound screening.
- Volumes will be monitored in this area via a db meter to the levels you recommend are respectable to the area, just as we do the front beer garden music events.
- Given the topography of the ground near, I see the only property to be remotely effected is our own residence on the upper floors of The Crown at

Pantygelli.

We are happy to do a noise assessment, but would like to discuss a way to mitigate the cost to us. This project came about due to the recent budget that will cost us an extra £56,000 per year. Organising controlled functions ranging from small family get together staying in the approved pod accommodation behind the lawn, community Christmas markets, small wedding ceremonies and reception, etc was a way for us to carry on surviving as a business, growing and continuing to provide employment opportunities.

We are also happy to discuss a case of a limited number of events per year to assist with the variation of license.

Response from Environmental Health to the above:

I refer to my comments, regarding your application to vary the Premises License for The Crown, your email in response and our subsequent telephone conversation on the 6th December 2024.

As discussed, I note the bullet points you make.

The distances I have given in my comments from the proposed marquee area to the residential properties are in my view accurate.

You have not provided a plan showing the precise location of the marquee and this would be helpful, but for example, from your description of where it will be sited this is approximately 75m to the nearest garden boundary of Gelli Dawel and 85m to the rear elevation of the house. This elevation has a number of windows both at ground and first floor level and are broadly facing towards the proposed function area which is to the north / north west. Furthermore, the marquee area is slightly elevated above Gelli Dawel which in my view increases the potential for noise impact as sound attenuation from the intervening ground will be minimised.

You provide your views that the banks to the South East and North West will provide some sound mitigation, but in my view this should be quantified and evaluated in a noise impact assessment prepared by a person with appropriate acoustic qualifications.

Such an assessment should fully consider the music level(s) intended to be played at source, the predicted music levels at the nearby residential properties and any impact this may have on the use and enjoyment of these properties, including the garden areas, having regard to the background sound levels. Measures to mitigate against excess noise impact should again be quantified.

3.8 At the time of writing this report, no further correspondence has been received from the applicant.

3.9 Representations were also received during the consultation period by 1 other person. A summary of the other persons objection is detailed below. The objection in full can also be viewed as appendix G.

- This current application seems to represent a potentially huge increase in noise levels, occurrence and duration through spring and summer. This raise concerns that the volume of music required for a wedding or similar event would be considerably louder than the current Sunday afternoon music, for far longer periods and late into the night, and thus that it is inevitable that we will be even more detrimentally affected than has been the case up to now.

3.10 Representations made under the Licensing Act 2003 must be made under the four key licensing objectives, namely:-

- The prevention of crime and disorder;
- Public Safety;
- The prevention of public nuisance; and
- The protection of children from harm.

However, Section 9.9 of the Guidance issued by the Home Office states:

It is recommended that, in borderline cases, the benefit of the doubt about any aspect of a representation should be given to the person making that representation. The subsequent hearing would then provide an opportunity for the person or body making the representation to amplify and clarify it.

3.11 When considering their decision members are asked to consider the licensing objectives guidance issued under the revised guidance under section 182 of the Licensing Act 2003 (attached as Appendix G)

3.12 In accordance with 9.2 of the Home Office Guidance issued under Section 182 of the Licensing Act 2003. A hearing is not required where an application has been properly made and no responsible authority or other person has made a relevant representation or where representations are made and subsequently withdrawn..... Licensing authorities should not hold hearings for uncontested applications, for example in situations where representations have been made and conditions have subsequently been agreed. As such, no agreement was reached with the other persons who made a representation, and a hearing is required.

4. REASONS:

4.1 The determination of an application is to be considered in accordance with Section 182 of the Licensing Act 2003.

4.2 In section 9.4 of the Guidance issued under section 182 of the Licensing Act 2003, the Secretary of State recommends that, a representation would only be “relevant” if it relates to the likely effect of the grant of the licence on the promotion of at least one of the licensing objectives.

4.3 In section 13.10 of the Guidance issued under Section 182. It is important that a licensing authority should give comprehensive reasons for its decisions in anticipation of any appeals. Failure to give adequate reasons could itself give rise to grounds for an appeal. It is particularly important that reasons should also address the extent to which the decision has been made with regard to the licensing authority’s statement of policy and this Guidance.

4.4 Monmouthshire County Council’s Policy on Prevention of Nuisance are set out in Section 11 and read as follows:

Prevention of public nuisance

Licensed premises can have significant potential to impact adversely on persons in the vicinity and further afield through public nuisances that arise from their operation.

widest sense, and takes it to include such issues as noise, light, odour, litter and anti-social behaviour, where these matters impact on those living, working or otherwise engaged in normal activity in the vicinity of a licensed premises.

Applicants will be encouraged to demonstrate in their Operating Schedule that suitable and sufficient measures have been identified and will be implemented and maintained to prevent public nuisance.

The Licensing Authority recommends that licensees apply a high standard of control to minimise the potential for any public nuisance that may arise from their operation of the premises, particularly where:

- they are situated in a residential or noise sensitive area; or
- extended opening hours are proposed.

The Licensing Authority recognises that beyond the immediate vicinity of the premises the control that a licence-holder can exert over its patrons diminishes and individuals who engage in anti-social behavior are accountable in their own right.

When addressing the issue of prevention of public nuisance in their operating schedule, the applicant may identify steps to show that those factors that impact on the prevention of public nuisance objective have been considered.

6. The responsible person must ensure that free potable water is provided on request to customers where it is reasonably available.

7. (1) The premises licence holder or club premises certificate holder must ensure that an age verification policy is adopted in respect of the premises in relation to the sale or supply of alcohol.

(2) The designated premises supervisor in relation to the premises licence must ensure that the supply of alcohol at the premises is carried on in accordance with the age verification policy.

(3) The policy must require individuals who appear to the responsible person to be under 18 years of age (or such older age as may be specified in the policy) to produce on request, before being served alcohol, identification bearing their photograph, date of birth and either—

- (a) a holographic mark, or
- (b) an ultraviolet feature.

8. The responsible person must ensure that—

(a) where any of the following alcoholic drinks is sold or supplied for consumption on the premises (other than alcoholic drinks sold or supplied having been made up in advance ready for sale or supply in a securely closed container) it is available to customers in the following measures—

- (i) beer or cider: ½ pint;
- (ii) gin, rum, vodka or whisky: 25 ml or 35 ml; and
- (iii) still wine in a glass: 125 ml;

(b) these measures are displayed in a menu, price list or other printed material which is available to customers on the premises; and

(c) where a customer does not in relation to a sale of alcohol specify the quantity of alcohol to be sold, the customer is made aware that these measures are available.”

Mandatory conditions - The ban of the sale of alcohol below the cost of duty plus VAT

9. (1) A relevant person shall ensure that no alcohol is sold or supplied for consumption on or off the premises for a price which is less than the permitted price.

(2) In this condition:-

(a) "permitted price" is the price found by applying the formula $P = D + (D \times V)$, where-

- (i) P is the permitted price,
- (ii) D is the amount of duty chargeable in relation to the alcohol as if the duty were charged on the date of the sale or supply of the alcohol, and
- (iii) V is the rate of value added tax chargeable in relation to the alcohol as if the value added tax were charged on the date of the sale or supply of the alcohol;

(b) "duty" is to be construed in accordance with the Alcoholic Liquor Duties Act 1979;

(c) "relevant person" means, in relation to premises in respect of which there is in force a premises licence-

- (i) the holder of the premises licence,
- (ii) the designated premises supervisor (if any) in respect of such a licence, or
- (iii) the personal licence holder who makes or authorises a supply of alcohol under such a licence;

(d) "relevant person" means, in relation to premises in respect of which there is in force a club premises certificate, any member or officer of the club present on the premises in a capacity which enables the member or officer to prevent the supply in question; and

(e) "value added tax" means value added tax charged in accordance with the Value Added Tax Act 1994.

(3) Where the permitted price would not be a whole number of pennies, the permitted price shall be taken to be the price rounded up to the nearest penny.

(4) Where the permitted price on a day ("the first day") would be different from the permitted price on the next day ("the second day") as a result of a change to the rate of duty or value added tax, the permitted price which would apply on the first day applies to sales or supplies of alcohol which take place before the expiry of the period of 14 days beginning on the second day.

To: Emma Watkins, Licensing Officer	Date: 5 th December 2024
From: Huw Owen Principal Environmental Health Officer	Our Ref: SR 88406 Your Ref: PRM213 Tel. No. 01873 735433

APPLICATION NO: PRM213

APPLICATION TO VARY A PREMISES LICENCE: Licensing the lawn to the north of the property for marquee functions during spring and summer.

LOCATION: The Crown, Old Hereford Road, Pantygelli.

Thank you for this consultation which I have carefully considered.

I can advise that I have visited the premises and note that there are a number of residential properties in very close proximity to the lawn area on which the marquee is proposed for functions, including:

- Gelli Dawel, which shares a boundary with The Crown, approximately 70m from the lawn area.
- Y Gelynnen, approximately 90m from the lawn area.
- Walnut Tree Cottage, which shares a boundary with The Crown, approximately 100m from the lawn area.
- Halewood, Tal y bryn and Ty'r Efail, approximately 110m from the lawn area.
- Garden Cottage which shares a boundary with The Crown, approximately 130m from the lawn area.
- Upper House, approximately 200m from the lawn area.

The Crown currently has a licence for activities including live music, recorded music until 11pm and the supply of alcohol until midnight. I understand these activities would be extended to the lawn area if this variation application is granted.

Environmental Health has a role on behalf of the council for investigating complaints of noise nuisance having regard to the statutory nuisance provisions of the Environmental Protection Act 1990. Therefore my primary consideration for this application is licensing objective D 'the prevention of public nuisance'.

In this regard I must advise that I am concerned that very little detail has been provided by the applicant to assure this section that the nearby residents will not be significantly impacted by noise from the functions in the marquee if a licence is granted. In particular I am concerned regarding the potential for noise from:

- Music to impact on the nearby residents, when enjoying their garden areas and also inside their homes, particularly if windows / doors are open during summer evenings when background sound levels can be expected to be low given the rural location. The applicant provides that decibel levels will be monitored, but I am

concerned that music played in a marquee at a level customers would reasonably expect will inevitably be clearly audible and potentially causing significant impact at the nearby dwellings.

- Customers voices, again particularly during evening hours.
- Additional vehicle movements to / from the premises directly related to the marquee functions.

In view of these concerns, which in my opinion the applicant has not satisfactorily addressed in the information submitted, I must object to the grant of the licence variation under licensing objective D 'the prevention of public nuisance'.

In my opinion the application should be supported by an assessment of the noise impact of the proposals, in particular the matters I have identified above, with regard to the nearby residential accommodation. The report should include, if appropriate, measures to be taken to mitigate excess noise impact. The information should be prepared by a person with appropriate acoustic qualifications and with regard to relevant guidance.

I look forward to the opportunity to comment further in due course if this information is provided.

(PRM 213 Crown at Pantygelli)(Houghton)

We are not direct neighbours of the Crown - indeed, we are a mile away across the valley as the crow flies. We are concerned about this application because of our experience in the past 18 months.

There has been live music outside the Crown on a number of Sunday afternoons. Despite the distance, the music carries straight across the valley. We have had cause to raise this with the landlords more than once in the past year when we have been able to clearly hear not just background music but individual lyrics, guitar and keyboard notes in our garden and on a couple of occasions, inside our house, to the point where we have had to close windows on a hot summer's day. The landlords acknowledged our concerns and we were assured by them that that they had tried to take action to try and mitigate the sound transfer, for which we are grateful. Even at a slightly reduced level the music remains very noticeable in what would otherwise be a quiet rural area, and it very much affects our enjoyment of our home. However, the Crown has for many years been our local pub and we don't want to fall out with the landlords so we have tolerated the Sunday music for the most part, telling ourselves that it is not every week and is usually for a few hours (late afternoon till early evening).

This current application seems to represent a potentially huge increase in noise levels, occurrence and duration through spring and summer - the times when we all want to be outside enjoying our gardens and have the doors and windows of our houses open. We understand from the Crown's Facebook page that the intention is to host weddings. While we are sure that they would make splendid event hosts, we are obviously concerned that the volume of music required for a wedding or similar event would be considerably louder than the current Sunday afternoon music, for far longer periods and late into the night, and thus that it is inevitable that we will be even more detrimentally affected than has been the case up to now.

Being so far away we really feel that it is unreasonable for us to be affected at all by noise nuisance from the premises. To our knowledge the pub has never held regular live outdoor music until now. We understand the landlords' desire to do whatever they can to enhance their business and applaud their flair for hospitality in a climate where others are failing; it genuinely saddens us to be in a position where something comes between us and a pub that we are very fond of. However, we feel compelled to protect our own right to enjoyment of our property, which we know from experience is compromised by high volume music from the pub premises.

2. The licensing objectives

Crime and disorder

- 2.1 Licensing authorities should look to the police as the main source of advice on crime and disorder. They should also seek to involve the local Community Safety Partnership (CSP).
- 2.2 In the exercise of their functions, licensing authorities should seek to co-operate with the Security Industry Authority (“SIA”) as far as possible and consider adding relevant conditions to licences where appropriate. The SIA also plays an important role in preventing crime and disorder by ensuring that door supervisors are properly licensed and, in partnership with police and other agencies, that security companies are not being used as fronts for serious and organised criminal activity. This may include making specific enquiries or visiting premises through intelligence led operations in conjunction with the police, local authorities and other partner agencies. Similarly, the provision of requirements for door supervision may be appropriate to ensure that people who are drunk, drug dealers or people carrying firearms do not enter the premises and ensuring that the police are kept informed.
- 2.3 Conditions should be targeted on deterrence and preventing crime and disorder including the prevention of illegal working in licensed premises (see paragraph 10.10). For example, where there is good reason to suppose that disorder may take place, the presence of closed-circuit television (CCTV) cameras both inside and immediately outside the premises can actively deter disorder, nuisance, anti-social behaviour and crime generally. Some licence holders may wish to have cameras on their premises for the prevention of crime directed against the business itself, its staff, or its customers. But any condition may require a broader approach, and it may be appropriate to ensure that the precise location of cameras is set out on plans to ensure that certain areas are properly covered and there is no subsequent dispute over the terms of the condition.
- 2.4 The inclusion of radio links and ring-round phone systems should be considered an appropriate condition for public houses, bars and nightclubs operating in city and town centre leisure areas with a high density of licensed premises. These systems allow managers of licensed premises to communicate instantly with the police and facilitate a rapid response to any disorder which may be endangering the customers and staff on the premises.
- 2.5 Conditions relating to the management competency of designated premises supervisors should not normally be attached to premises licences. It will normally be the responsibility of the premises licence holder as an employer, and not the licensing authority, to ensure that the managers appointed at the premises are competent and appropriately trained. The designated premises supervisor is the key person who will usually be responsible for the day to day management of the premises by the premises licence holder, including the prevention of disorder. A condition of this kind may only be justified as appropriate in rare circumstances where it can be demonstrated that, in the circumstances associated with particular premises, poor management competency could give rise to issues of crime and disorder and public safety.

- 2.6 The prevention of crime includes the prevention of immigration crime including the prevention of illegal working in licensed premises. Licensing authorities should work with Home Office Immigration Enforcement, as well as the police, in respect of these matters. Licence conditions that are considered appropriate for the prevention of illegal working in licensed premises might include requiring a premises licence holder to undertake right to work checks on all staff employed at the licensed premises or requiring that evidence of a right to work check, either physical or digital (e.g. a copy of any document checked as part of a right to work check or a clear copy of the online right to work check) are retained at the licensed premises.
- 2.7 The objective to crime under the Licensing Act 2003 would include taking measures to prevent incidents of spiking which would usually be prosecuted under section 23 and 24 of the Offences Against the Person Act 1861, and section 61 of the Sexual Offences Act 2003. The following examples are within the range of behaviours that would be considered spiking. This list is not exhaustive:
- Putting alcohol into someone's drink without their knowledge or permission
 - Putting prescription or illegal drugs into an alcoholic or non-alcoholic drink without their knowledge or permission
 - Injecting another person with prescription or illegal drugs without their knowledge or permission
 - Putting prescription or illegal drugs into another person's food without their knowledge or permission
 - Putting prescription or illegal drugs into another person's cigarette or vape without their knowledge or permission

Public safety

- 2.8 Licence holders have a responsibility to ensure the safety of those using their premises, as a part of their duties under the 2003 Act. This concerns the safety of people using the relevant premises rather than public health which is addressed in other legislation. Physical safety includes the prevention of accidents and injuries and other immediate harms that can result from alcohol consumption such as unconsciousness or alcohol poisoning. Conditions relating to public safety may also promote the crime and disorder objective as noted above. There will of course be occasions when a public safety condition could incidentally benefit a person's health more generally, but it should not be the purpose of the condition as this would be outside the licensing authority's powers (be ultra vires) under the 2003 Act. Conditions should not be imposed on a premises licence or club premises certificate which relate to cleanliness or hygiene.
- 2.9 A number of matters should be considered in relation to public safety. These may include:
- Fire safety;
 - Ensuring appropriate access for emergency services such as ambulances;
 - Good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.4 above);

- Ensuring the presence of trained first aiders on the premises and appropriate first aid kits;
- Ensuring the safety of people when leaving the premises (for example, through the provision of information on late-night transportation);
- Ensuring appropriate and frequent waste disposal, particularly of glass bottles;
- Ensuring appropriate limits on the maximum capacity of the premises (see paragraphs 2.12-2.13, and Chapter 10; and
- Considering the use of CCTV in and around the premises (as noted in paragraph 2.3 above, this may also assist with promoting the crime and disorder objective).

2.10 The measures that are appropriate to promote public safety will vary between premises and the matters listed above may not apply in all cases. As set out in Chapter 8 (8.38-8.46), applicants should consider when making their application which steps it is appropriate to take to promote the public safety objective and demonstrate how they achieve that.

2.11 Counter terrorism and public safety

2.12 Licensing committees may wish to give due consideration to appropriate counter-terrorism measures and advice when considering licence applications, for example at high profile or large premises or events or where there are factors which may increase attractiveness to attacks, and in particular when in receipt of relevant advice from police counter terrorist staff.

2.13 It is particularly relevant to consider conditions around health care provision in this regard. Any additional licensing conditions should be appropriate and proportionate to the venue as noted in para 1.16. We recommend that all licensing authorities pay particular attention to terrorist threats when making specific licence conditions in relation to security or health care provision at appropriate premises and events applying for a licence.

2.14 As noted in para 2.8 licensing authorities can recommend conditions where appropriate to do so, such as ensuring appropriate access for emergency services and vehicles such as ambulances; good communication with local authorities and emergency services, for example communications networks with the police and signing up for local incident alerts (see paragraph 2.4); and ensuring the presence of sufficient trained first aiders on the premises and appropriate first aid kits.

2.15 However, in some instances, licensing authorities may wish to tailor their approach, depending on the particular nature of the application, and go further when addressing concerns around possible terrorist or other such risks. We have provided an Annex to help inform and support licensing authorities in their decision making with regards to additional licence conditions for premises and events, that may benefit from further security planning and health care provision in the aftermath of a particular type of incident.

Ensuring safe departure of those using the premises

2.16 Licence holders should make provision to ensure that premises users safely leave their premises. Measures that may assist include:

- Providing information on the premises of local taxi companies who can provide safe transportation home; and
- Ensuring adequate lighting outside the premises, particularly on paths leading to and from the premises and in car parks.

Maintenance and repair

2.17 Where there is a requirement in other legislation for premises open to the public or for employers to possess certificates attesting to the safety or satisfactory nature of certain equipment or fixtures on the premises, it would be inappropriate for a licensing condition to require possession of such a certificate. However, it would be permissible to require as a condition of a licence or certificate, if appropriate, checks on this equipment to be conducted at specified intervals and for evidence of these checks to be retained by the premises licence holder or club provided this does not duplicate or gold-plate a requirement in other legislation. Similarly, it would be permissible for licensing authorities, if they receive relevant representations from responsible authorities or any other persons, to attach conditions which require equipment of particular standards to be maintained on the premises. Responsible authorities – such as health and safety authorities – should therefore make their expectations clear in this respect to enable prospective licence holders or clubs to prepare effective operating schedules and club operating schedules.

Safe capacities

2.18 “Safe capacities” should only be imposed where appropriate for the promotion of public safety or the prevention of disorder on the relevant premises. For example, if a capacity has been imposed through other legislation, it would be inappropriate to reproduce it in a premises licence. Indeed, it would also be wrong to lay down conditions which conflict with other legal requirements. However, if no safe capacity has been imposed through other legislation, a responsible authority may consider it appropriate for a new capacity to be attached to the premises which would apply at any material time when the licensable activities are taking place and make representations to that effect. For example, in certain circumstances, capacity limits may be appropriate in preventing disorder, as overcrowded venues can increase the risks of crowds becoming frustrated and hostile.

2.19 The permitted capacity is a limit on the number of persons who may be on the premises at any time, following a recommendation by the relevant fire and rescue authority under the Regulatory Reform (Fire Safety) Order 2005. For any application for a premises licence or club premises certificate for premises without an existing permitted capacity where the applicant wishes to take advantage of the special provisions set out in section 177 of the 2003 Act¹, the applicant should conduct their own risk assessment as to the appropriate capacity of the premises. They should send their recommendation to the fire and rescue authority which will consider it and decide what the “permitted capacity” of those premises should be.

2.20 Public safety may include the safety of performers appearing at any premises, but does not extend to the prevention of injury from participation in a boxing or wrestling

¹ S 177 of the 2003 Act now only applies to performances of dance

entertainment.

Public nuisance

- 2.21 The 2003 Act enables licensing authorities and responsible authorities, through representations, to consider what constitutes public nuisance and what is appropriate to prevent it in terms of conditions attached to specific premises licences and club premises certificates. It is therefore important that in considering the promotion of this licensing objective, licensing authorities and responsible authorities focus on the effect of the licensable activities at the specific premises on persons living and working (including those carrying on business) in the area around the premises which may be disproportionate and unreasonable. The issues will mainly concern noise nuisance, light pollution, noxious smells and litter.
- 2.22 Public nuisance is given a statutory meaning in many pieces of legislation. It is however not narrowly defined in the 2003 Act and retains its broad common law meaning. It may include in appropriate circumstances the reduction of the living and working amenity and environment of other persons living and working in the area of the licensed premises. Public nuisance may also arise as a result of the adverse effects of artificial light, dust, odour and insects or where its effect is prejudicial to health.
- 2.23 Conditions relating to noise nuisance will usually concern steps appropriate to control the levels of noise emanating from premises. This might be achieved by a simple measure such as ensuring that doors and windows are kept closed after a particular time, or persons are not permitted in garden areas of the premises after a certain time. More sophisticated measures like the installation of acoustic curtains or rubber speaker mounts to mitigate sound escape from the premises may be appropriate. However, conditions in relation to live or recorded music may not be enforceable in circumstances where the entertainment activity itself is not licensable (see chapter 16). Any conditions appropriate to promote the prevention of public nuisance should be tailored to the type, nature and characteristics of the specific premises and its licensable activities. Licensing authorities should avoid inappropriate or disproportionate measures that could deter events that are valuable to the community, such as live music. Noise limiters, for example, are expensive to purchase and install and are likely to be a considerable burden for smaller venues.
- 2.24 As with all conditions, those relating to noise nuisance may not be appropriate in certain circumstances where provisions in other legislation adequately protect those living in the area of the premises. But as stated earlier in this Guidance, the approach of licensing authorities and responsible authorities should be one of prevention and when their powers are engaged, licensing authorities should be aware of the fact that other legislation may not adequately cover concerns raised in relevant representations and additional conditions may be appropriate.
- 2.25 Where applications have given rise to representations, any appropriate conditions should normally focus on the most sensitive periods. For example, the most sensitive period for people being disturbed by unreasonably loud music is at night and into the early morning when residents in adjacent properties may be attempting to go to sleep or are sleeping. This is why there is still a need for a licence for performances of live music between 11 pm and 8 am. In certain circumstances, conditions relating to noise

emanating from the premises may also be appropriate to address any disturbance anticipated as customers enter and leave.

- 2.26 Measures to control light pollution will also require careful thought. Bright lighting outside premises which is considered appropriate to prevent crime and disorder may itself give rise to light pollution for some neighbours. Applicants, licensing authorities and responsible authorities will need to balance these issues.
- 2.27 Beyond the immediate area surrounding the premises, these are matters for the personal responsibility of individuals under the law. An individual who engages in anti-social behaviour is accountable in their own right. However, it would be perfectly reasonable for a licensing authority to impose a condition, following relevant representations, that requires the licence holder or club to place signs at the exits from the building encouraging patrons to be quiet until they leave the area, or that, if they wish to smoke, to do so at designated places on the premises instead of outside, and to respect the rights of people living nearby to a peaceful night.

Protection of children from harm

- 2.28 The protection of children from harm includes the protection of children from moral, psychological and physical harm. This includes not only protecting children from the harms associated directly with alcohol consumption but also wider harms such as exposure to strong language and sexual expletives (for example, in the context of exposure to certain films or adult entertainment). Licensing authorities must also consider the need to protect children from sexual exploitation when undertaking licensing functions.
- 2.29 The Government believes that it is completely unacceptable to sell alcohol to children. Conditions relating to the access of children where alcohol is sold and which are appropriate to protect them from harm should be carefully considered. Moreover, conditions restricting the access of children to premises should be strongly considered in circumstances where:
- adult entertainment is provided;
 - a member or members of the current management have been convicted for serving alcohol to minors or with a reputation for allowing underage drinking (other than in the context of the exemption in the 2003 Act relating to 16 and 17 year olds consuming beer, wine and cider when accompanied by an adult during a table meal);
 - it is known that unaccompanied children have been allowed access;
 - there is a known association with drug taking or dealing; or
 - in some cases, the premises are used exclusively or primarily for the sale of alcohol for consumption on the premises.
- 2.30 It is also possible that activities, such as adult entertainment, may take place at certain times on premises but not at other times. For example, premises may operate as a café bar during the day providing meals for families but also provide entertainment with a sexual content after 8.00pm. It is not possible to give an exhaustive list of what amounts to entertainment or services of an adult or sexual nature. Applicants, responsible authorities and licensing authorities will need to consider this point carefully. This would broadly include topless bar staff, striptease, lap-, table- or pole-dancing, performances involving feigned violence or horrific incidents, feigned or actual sexual acts or fetishism,

or entertainment involving strong and offensive language.

- 2.31 Applicants must be clear in their operating schedules about the activities and times at which the events would take place to help determine when it is not appropriate for children to enter the premises. Consideration should also be given to the proximity of premises to schools and youth clubs so that applicants take appropriate steps to ensure that advertising relating to their premises, or relating to events at their premises, is not displayed at a time when children are likely to be near the premises.
- 2.32 Licensing authorities and responsible authorities should expect applicants, when preparing an operating schedule or club operating schedule, to set out the steps to be taken to protect children from harm when on the premises.
- 2.33 Conditions, where they are appropriate, should reflect the licensable activities taking place on the premises. In addition to the mandatory condition regarding age verification, other conditions relating to the protection of children from harm can include:
- restrictions on the hours when children may be present;
 - restrictions or exclusions on the presence of children under certain ages when particular specified activities are taking place;
 - restrictions on the parts of the premises to which children may have access;
 - age restrictions (below 18);
 - restrictions or exclusions when certain activities are taking place;
 - requirements for an accompanying adult (including for example, a combination of requirements which provide that children under a particular age must be accompanied by an adult); and
 - full exclusion of people under 18 from the premises when any licensable activities are taking place.
- 2.34 Please see also Chapter 10 for details about the Licensing Act 2003 (Mandatory Licensing Conditions) Order 2010.
- 2.35 Licensing authorities should give considerable weight to representations about child protection matters. In addition to the responsible authority whose functions relate directly to child protection, the Director of Public Health may also have access to relevant evidence to inform such representations. These representations may include, amongst other things, the use of health data about the harms that alcohol can cause to underage drinkers. Where a responsible authority, or other person, presents evidence to the licensing authority linking specific premises with harms to children (such as ambulance data or emergency department attendances by persons under 18 years old with alcohol-related illnesses or injuries) this evidence should be considered, and the licensing authority should also consider what action is appropriate to ensure this licensing objective is effectively enforced. In relation to applications for the grant of a licence in areas where evidence is presented on high levels of alcohol-related harms in persons aged under 18, it is recommended that the licensing authority considers what conditions may be appropriate to ensure that this objective is promoted effectively.
- 2.36 The 2003 Act provides that, where a premises licence or club premises certificate authorises the exhibition of a film, it must include a condition requiring the admission of children to films to be restricted in accordance with recommendations given either by a body designated under section 4 of the Video Recordings Act 1984 specified in the

licence (the British Board of Film Classification is currently the only body which has been so designated) or by the licensing authority itself. Further details are given in Chapter 10.

- 2.37 Theatres may present a range of diverse activities and entertainment including, for example, variety shows incorporating adult entertainment. It is appropriate in these cases for a licensing authority to consider restricting the admission of children in such circumstances. Entertainments may also be presented at theatres specifically for children. It will be appropriate to consider whether a condition should be attached to a premises licence or club premises certificate which requires the presence of a sufficient number of adult staff on the premises to ensure the wellbeing of the children during any emergency.

Offences relating to the sale and supply of alcohol to children

- 2.38 Licensing authorities are expected to maintain close contact with the police, young offenders' teams and trading standards officers (who can carry out test purchases under section 154 of the 2003 Act) about the extent of unlawful sales and consumption of alcohol by minors and to be involved in the development of any strategies to control or prevent these unlawful activities and to pursue prosecutions. Licensing authorities, alongside the police, are prosecuting authorities for the purposes of these offences, except for the offences under section 147A (persistently selling alcohol to children). Where, as a matter of policy, warnings are given to retailers prior to any decision to prosecute in respect of an offence, it is important that each of the enforcement arms should be aware of the warnings each of them has given.
