Purpose

The purpose of the attached reports and associated officer presentation to the Committee is to allow the Planning Committee to make a decision on each application in the attached schedule, having weighed up the various material planning considerations.

The Planning Committee has delegated powers to make decisions on planning applications. The reports contained in this schedule assess the proposed development against relevant planning policy and other material planning considerations, and take into consideration all consultation responses received. Each report concludes with an officer recommendation to the Planning Committee on whether or not officers consider planning permission should be granted (with suggested planning conditions where appropriate), or refused (with suggested reasons for refusal).

Under Section 38(6) of the Planning and Compulsory Purchase Act 2004, all planning applications must be determined in accordance with the Monmouthshire Local Development Plan 2011-2021 (adopted February 2014), unless material planning considerations indicate otherwise.

Section 2(2) of the Planning (Wales) Act 2015 states that the planning function must be exercised, as part of carrying out sustainable development in accordance with the Well-being of Future Generations (Wales) Act 2015, for the purpose of ensuring that the development and use of land contribute to improving the economic, social, environmental and cultural well-being of Wales.

The decisions made are expected to benefit the County and our communities by allowing good quality development in the right locations, and resisting development that is inappropriate, poor quality or in the wrong location. There is a direct link to the Council's objective of building sustainable, resilient communities.

Decision-making

Applications can be granted subject to planning conditions. Conditions must meet all of the following criteria:

- Necessary to make the proposed development acceptable;
- Relevant to planning legislation (i.e. a planning consideration);
- Relevant to the proposed development in question;
- Precise;
- Enforceable; and
- Reasonable in all other respects.

Applications can be granted subject to a legal agreement under Section 106 of the Town and Country Planning Act 1990 (as amended). This secures planning obligations to offset the impacts of the proposed development. However, in order for these planning obligations to be lawful, they must meet all of the following criteria:

- Necessary to make the development acceptable in planning terms;
- Directly related to the development; and
- Fairly and reasonably related in scale and kind to the development.

The applicant has a statutory right of appeal against the refusal of permission in most cases, or against the imposition of planning conditions, or against the failure of the Council to determine an application within the statutory time period. There is no third party right of appeal against a decision.

The Planning Committee may make decisions that are contrary to the officer recommendation. However, reasons must be provided for such decisions, and the decision must be based on the Local Development Plan (LDP) and/or material planning considerations. Should such a decision be challenged at appeal, Committee Members will be required to defend their decision throughout the appeal process.

Main policy context

The LDP contains over-arching policies on development and design. Rather than repeat these for each application, the full text is set out below for Members' assistance.

Policy EP1 - Amenity and Environmental Protection

Development, including proposals for new buildings, extensions to existing buildings and advertisements, should have regard to the privacy, amenity and health of occupiers of neighbouring properties. Development proposals that would cause or result in an unacceptable risk /harm to local amenity, health, the character /quality of the countryside or interests of nature conservation, landscape or built heritage importance due to the following will not be permitted, unless it can be demonstrated that measures can be taken to overcome any significant risk:

- Air pollution;
- Light or noise pollution;
- Water pollution;
- Contamination;
- Land instability;
- Or any identified risk to public health or safety.

Policy DES1 – General Design Considerations

All development should be of a high quality sustainable design and respect the local character and distinctiveness of Monmouthshire's built, historic and natural environment. Development proposals will be required to:

- a) Ensure a safe, secure, pleasant and convenient environment that is accessible to all members of the community, supports the principles of community safety and encourages walking and cycling;
- b) Contribute towards sense of place whilst ensuring that the amount of development and its intensity is compatible with existing uses;
- c) Respect the existing form, scale, siting, massing, materials and layout of its setting and any neighbouring quality buildings;
- d) Maintain reasonable levels of privacy and amenity of occupiers of neighbouring properties, where applicable;
- e) Respect built and natural views and panoramas where they include historical features and/or attractive or distinctive built environment or landscape;
- f) Use building techniques, decoration, styles and lighting to enhance the appearance of the proposal having regard to texture, colour, pattern, durability and craftsmanship in the use of materials;
- g) Incorporate and, where possible enhance existing features that are of historical, visual or nature conservation value and use the vernacular tradition where appropriate;
- h) Include landscape proposals for new buildings and land uses in order that they integrate into their surroundings, taking into account the appearance of the existing landscape and its intrinsic character, as defined through the LANDMAP process. Landscaping should take into account, and where appropriate retain, existing trees and hedgerows;
- i) Make the most efficient use of land compatible with the above criteria, including that the minimum net density of residential development should be 30 dwellings per hectare, subject to criterion l) below;
- j) Achieve a climate responsive and resource efficient design. Consideration should be given to location, orientation, density, layout, built form and landscaping and to energy efficiency and the use of renewable energy, including materials and technology;
- k) Foster inclusive design;
- l) Ensure that existing residential areas characterised by high standards of privacy and spaciousness are protected from overdevelopment and insensitive or inappropriate infilling.

Other key relevant LDP policies will be referred to in the officer report.

Other matters

The following other legislation may be of relevance to decision-making.

Planning (Wales) Act 2015

As of January 2016, Sections 11 and 31 of the Planning Act come into effect meaning the Welsh language is a material planning consideration.

Section 31 of the Planning Act clarifies that considerations relating to the use of the Welsh language can be taken into account by planning authorities when making decisions on applications for planning permission, so far as material to the application. The provisions do not apportion any additional weight to the Welsh language in comparison to other material considerations. Whether or not the Welsh language is a material consideration in any planning application remains entirely at the discretion of the local planning authority, and the decision whether or not to take Welsh language issues into account should be informed by the consideration given to the Welsh language as part of the LDP preparation process. Section 11 requires the sustainability appraisal, undertaken as part of LDP preparation, to include an assessment of the likely effects of the plan on the use of Welsh language in the community. Where the authority's current single integrated plan has identified the Welsh language as a priority, the assessment should be able to demonstrate the linkage between consideration for the Welsh language and the overarching Sustainability Appraisal for the LDP, as set out in TAN 20.

The adopted Monmouthshire Local Development Plan (LDP) 2014 was subject to a sustainability appraisal, taking account of the full range of social, environmental and economic considerations, including the Welsh language. Monmouthshire has a relatively low proportion of population that speak, read or write Welsh compared with other local authorities in Wales and it was not considered necessary for the LDP to contain a specific policy to address the Welsh language. The conclusion of the assessment of the likely effects of the plan on the use of the Welsh language in the community was minimal.

Environmental Impact Assessment Regulations 2016

The Town and Country Planning (Environmental Impact Assessment) (Wales) Regulations 2016 are relevant to the recommendations made. The officer report will highlight when an Environmental Statement has been submitted with an application.

Conservation of Species & Habitat Regulations 2010

Where an application site has been assessed as being a breeding site or resting place for European Protected Species, it will usually be necessary for the developer to apply for 'derogation' (a development licence) from Natural Resources Wales. Examples of EPS are all bat species, dormice and great crested newts. When considering planning applications Monmouthshire County Council as Local Planning Authority is required to have regard to the Conservation of Species & Habitat Regulations 2010 (the Habitat Regulations) and to the fact that derogations are only allowed where the three tests set out in Article 16 of the Habitats Directive are met. The three tests are set out below.

- (i) The derogation is in the interests of public health and public safety, or for other imperative reasons of overriding public interest, including those of a social or economic nature and beneficial consequences of primary importance for the environment.
- (ii) There is no satisfactory alternative
- (iii) The derogation is not detrimental to the maintenance of the population of the species concerned as a favourable conservation status in their natural range.

Well-being of Future Generations (Wales) Act 2015

This Act is about improving the social, economic, environmental and cultural well-being of Wales. The Act sets out a number of well-being goals:

- **A prosperous Wales:** efficient use of resources, skilled, educated people, generates wealth, provides jobs;
- **A resilient Wales:** maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change);
- **A healthier Wales:** people's physical and mental wellbeing is maximised and health impacts are understood;
- **A Wales of cohesive communities:** communities are attractive, viable, safe and well connected;
- **A globally responsible Wales:** taking account of impact on global well-being when considering local social, economic and environmental wellbeing;
- **A Wales of vibrant culture and thriving Welsh language:** culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation;
- **A more equal Wales:** people can fulfil their potential no matter what their background or circumstances.

A number of sustainable development principles are also set out:

- **Long term:** balancing short term need with long term and planning for the future;
- **Collaboration:** working together with other partners to deliver objectives;
- **Involvement:** involving those with an interest and seeking their views;
- **Prevention:** putting resources into preventing problems occurring or getting worse;
- **Integration:** positively impacting on people, economy and environment and trying to benefit all three.

The work undertaken by Local Planning Authority directly relates to promoting and ensuring sustainable development and seeks to strike a balance between the three areas: environment, economy and society.

Crime and Disorder Act 1998

Section 17(1) of the Crime and Disorder Act 1998 imposes a duty on the Local Authority to exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent, crime and disorder in its area. Crime

and fear of crime can be a material planning consideration. This topic will be highlighted in the officer report where it forms a significant consideration for a proposal.

Equality Act 2010

The Equality Act 2010 contains a public sector equality duty to integrate consideration of equality and good relations into the regular business of public authorities. The Act identifies a number of 'protected characteristics': age; disability; gender reassignment; marriage and civil partnership; race; religion or belief; sex; and sexual orientation. Compliance is intended to result in better informed decision-making and policy development and services that are more effective for users. In exercising its functions, the Council must have due regard to the need to: eliminate unlawful discrimination, harassment, victimisation and other conduct that is prohibited by the Act; advance equality of opportunity between persons who share a protected characteristic and those who do not; and foster good relations between persons who share a protected characteristic and those who do not. Due regard to advancing equality involves: removing or minimising disadvantages suffered by people due to their protected characteristics; taking steps to meet the needs of people from protected groups where these differ from the needs of other people; and encouraging people from protected groups to participate in public life or in other activities where their participation is disproportionately low.

Children and Families (Wales) Measure

Consultation on planning applications is open to all of our citizens regardless of their age: no targeted consultation takes place specifically aimed at children and young people. Depending on the scale of the proposed development, applications are publicised via letters to neighbouring occupiers, site notices, press notices and/or social media. People replying to consultations are not required to provide their age or any other personal data, and therefore this data is not held or recorded in any way, and responses are not separated out by age.

Protocol on Public Speaking at Planning Committee

Public speaking at Planning Committee will be allowed strictly in accordance with this protocol. You cannot demand to speak at the Committee as of right. The invitation to speak and the conduct of the meeting is at the discretion of the Chair of the Planning Committee and subject to the points set out below.

Who Can Speak

Community and Town Councils

Community and town councils can address Planning Committee. Only elected members of community and town councils may speak. Representatives will be expected to uphold the following principles: -

- (i) To observe the National Code of Local Government Conduct. (ii) Not to introduce information that is not:
- consistent with the written representations of their council, or
 - part of an application, or
 - contained in the planning report or file.

Members of the Public

Speaking will be limited to one member of the public opposing a development and one member of the public supporting a development. Where there is more than one person in opposition or support, the individuals or groups should work together to establish a spokesperson. The Chair of the Committee may exercise discretion to allow a second speaker, but only in exceptional cases where a major application generates divergent views within one 'side' of the argument (e.g. a superstore application where one spokesperson represents residents and another local retailers). Members of the public can appoint representatives to speak on their behalf.

Where no agreement is reached, the right to speak shall fall to the first person/organisation to register their request. When an objector has registered to speak the applicant or agent will be allowed the right of reply.

Speaking will be limited to applications where letters of objection/support or signatures on a petition have been submitted to the Council from 5 or more separate households/organisations. The Chair may exercise discretion to allow speaking by members of the public where an application may significantly affect a sparse rural area but fewer than 5 letters of objection/support have been received.

Applicants

Applicants or their appointed agents will have a right of response where members of the public or a community/town council, address Committee. Public speaking will normally only be permitted on one occasion where applications are considered by Planning Committee. When applications are deferred and particularly when re-presented following a Committee resolution to determine an application contrary to officer advice, public speaking will not normally be permitted. Regard will however be had to special circumstances on applications that may justify an exception.

Registering Requests to Speak

To register a request to speak, objectors/supporters must first have made written representations on the application. They must include in their representation their request to speak or subsequently register it with the Council.

Applicants, agents and objectors are advised to stay in contact with the case officer regarding progress on the application. It is the responsibility of those wishing to speak to check whether the application is to be considered by Planning Committee by contacting the Planning Office, who will be able to provide details of the likely date on which the application will be heard. The procedure for registering the request to speak is set out below.

Anyone wishing to speak must notify the Council's Democratic Services Officers of their request by calling 01633 644219 or by email to registertospeak@monmouthshire.gov.uk. Any requests to speak that are emailed through will be acknowledged prior to the deadline for registering to speak. If you do not receive an acknowledgement before the deadline please contact Democratic Services on 01633 644219 to check that your registration has been received.

Speakers must do this as soon as possible, between 12 noon on the Wednesday and 12 noon on the Monday before the Committee. Please leave a daytime telephone number.

The Council will maintain a list of persons wishing to speak at Planning Committee.

Procedure at the Planning Committee Meeting

Persons registered to speak should arrive no later than 15 minutes before the meeting starts. An officer will advise on seating arrangements and answer queries. The procedure for dealing with public speaking is set out below;

- The Chair will identify the application to be considered.
- An officer will present a summary of the application and issues with the recommendation.
- The local member if not on Planning Committee will be invited to speak for a maximum of 6 minutes by the Chair.
- The representative of the community or town council will then be invited to speak for a maximum of 4 minutes by the Chair.
- The Chairman will then invite the applicant or appointed agent (if applicable) to speak for a maximum of 4 minutes. Where more than one person or organisation speaks against an application, the applicant or appointed agent, shall, at the discretion of the Chair be entitled to speak for a maximum of 5 minutes.
- Time limits will normally be strictly adhered to, however the Chair will have discretion to amend the time having regard to the circumstances of the application or those speaking.
- Speakers may speak only once.
- Planning Committee members will then debate the application, commencing with the local member of Planning Committee.
- Response by officers if necessary to the points raised.
- Immediately before the question being put to the vote, the local member will be invited to sum up, speaking for no more than 2 minutes.
- The community or town council representative or objector/supporter or applicant/agent may not take part in the member's consideration of the application and may not ask questions unless invited by the chair.
- Where an objector/supporter, applicant/agent or community/town council has spoken on an application, no further speaking by or on behalf of that group will be permitted in the event that the application is considered again at a future meeting of the committee unless there has been a material change in the application.
- The Chair or a member of the Committee, may at the Chair's discretion, occasionally seek clarification on a point made.
- The Chair's decision is final.
- When proposing a motion whether to accept the officer recommendation or to make an amendment, the member proposing the motion shall state the motion clearly.
- When the motion has been seconded, the Chair shall identify the members who proposed and seconded the motion and repeat the motion proposed. The names of the proposer and seconder shall be recorded.
- A member shall decline to vote in relation to any planning application unless he or she has been present in the meeting of the Planning Committee throughout the full presentation and consideration of that particular application.
- Any member who abstains from voting shall consider whether to give a reason for his/her abstention.
- An officer shall count the votes and announce the decision.

Content of the Speeches

Comments by the representative of the town/community council or objector, supporter or applicant/agent should be limited to matters raised in their original representations and be relevant planning issues. These include;

- Relevant national and local planning policies
- Appearance and character of the development, layout and density
- Traffic generation, highway safety and parking/servicing;
- Overshadowing, overlooking, noise disturbance, odours or other loss of amenity

Speakers should avoid referring to matters outside the remit of the Planning Committee, such as;

- Boundary disputes, covenants and other property rights
- Personal remarks (e.g. applicant's motives or actions to date or about members or officers)
- Rights to views or devaluation of property.
