Future Generations Evaluation (includes Equalities and Sustainability Impact Assessments)

<p>Name of the Officer completing the evaluation Mark Hand</p> <p>Phone no: 01633 644803 E-mail: markhand@monmouthshire.gov.uk</p>	<p>Please give a brief description of the aims of the proposal</p> <p>Submit the adopted Monmouthshire Local Development Plan (LDP) third Annual Monitoring Report (AMR) to the Welsh Government in accord with statutory requirements and publish the Report on the Council's website.</p>
<p>Name of Service</p> <p>Planning (Planning Policy)</p>	<p>Date Future Generations Evaluation form completed</p> <p>25/08/2017</p>

1. Does your proposal deliver any of the well-being goals below? Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal.

Well Being Goal	How does the proposal contribute to this goal? (positive and negative)	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
	<p><i>Informative: The LDP was adopted by the Council in February 2014 and sets out the Council's vision and objectives for the development and use of land in Monmouthshire, together with the policies and proposals to implement them over the ten year period to 2021.</i></p> <p><i>As part of the statutory development plan process the Council is required to prepare an Annual Monitoring Report (AMR). The AMR monitors the effectiveness of the LDP strategy and policies. It allows the Council</i></p>	

Well Being Goal	How does the proposal contribute to this goal? (positive and negative)	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
	<p><i>to assess the LDP's impact on the social, economic and environmental well-being of the County and identifies any significant contextual changes that might influence the Plan's implementation or review.</i></p> <p><i>The AMR records the effectiveness of the LDP strategy and policies against an established monitoring framework, including a range of sustainability objectives. As such the purpose of an AMR is to record impact rather than make a direct impact on characteristics.</i></p> <p><i>In order to monitor LDP performance consistently, Plans need to be considered against a standard set of monitoring indicators and targets. These are contained within the LDP Monitoring Framework prepared in accord with Welsh Government regulations and guidance.</i></p> <p><i>The key conclusion from the third AMR is that there remains a need to review the Plan. The 2016-17 AMR maintains the trends identified in last year's AMR, that is while good progress has been made in implementing many of the Plan's policies and that overall the strategy remains sound, a number of key housing provision policy targets are not being met which indicates that these policies are not functioning as intended. The continued lack of a 5 year housing land supply remains a matter of concern that needs to be addressed if the Plan's housing requirements are to be met.</i></p> <p><i>The position remains, therefore, that an early review of the LDP is considered necessary because of the housing land supply shortfall. As there are no concerns with other Plan policies at this stage the AMR concludes that is not considered necessary to review other aspects of the Plan at this time. The Plan revision is likely to involve the identification/allocation of additional viable and easily deliverable sites to boost the land supply.</i></p> <p><i>The AMR is required to be prepared each year following plan adoption, providing an annual evaluation of plan performance and year by year comparison. The findings of the third AMR have been analysed and compared to the findings in the previous two AMRs allowing emerging trends to be identified and reported on.</i></p>	
<p>A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs</p>	<p><i>The LDP strategy seeks to increase employment opportunities within Monmouthshire; the policy</i></p>	<p>Continue to monitor employment land supply and take up throughout the County through the annual Employment Land Survey undertaken by the Planning Policy Service. The data from this survey</p>

The results of the AMRs will identify trends and allow remedial action to be taken, if necessary, to ensure the LDP objectives are being delivered, those objectives being directly related to creating a prosperous Wales.</p>

Well Being Goal	How does the proposal contribute to this goal? (positive and negative)	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
		delivering sustainable, resilient and cohesive communities.
<p>A globally responsible Wales Taking account of impact on global well-being when considering local social, economic and environmental wellbeing</p>	<p>Positive: The AMR monitors the implementation of the Plan as a whole. The sustainability appraisal/strategic environmental appraisal measures LDP impact on a range of sustainability indicators. Preparation of the AMR allows the Council to assess LDP impact on the social, economic and environmental well-being of the County.</p> <p>Negative: None.</p>	Continue to monitor SA indicators to inform the 2018 AMR.
<p>A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation</p>	<p>Positive: The AMR monitors the implementation of the Plan as a whole, including impact on community facilities. The Welsh language impact is a material planning consideration and was fully considered during the adoption of the LDP via the SA/SEA process.</p> <p>Negative: None.</p>	Continue to monitor indicators throughout the County to inform the 2018 AMR. The Planning (Wales) Act 2015 provides a statutory basis to the established practice of giving consideration to the impacts of LDPs on the use of the Welsh language and that sustainability appraisals include specific consideration of such impacts.
<p>A more equal Wales People can fulfil their potential no matter what their background or circumstances</p>	<p>Positive: Preparation of the AMR allows the Council to assess LDP impact on the social, economic and environmental well-being of the County.</p> <p>Negative: None.</p>	Continue to monitor indicators throughout the County to inform the 2018 AMR. Reflecting the trends identified in the 2015-16 AMR, the results of the third AMR identifies an issue with the delivery of housing sites and housing land supply. This affects the ability of our communities to secure appropriate and affordable accommodation. The recommendation to commence LDP review is

		therefore maintained. Creating a more equal Wales forms part of delivering sustainable development.

2. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	How does your proposal demonstrate you have met this principle?	What has been done to better to meet this principle?
 <p>Long-term</p> <p>Balancing short term need with long term and planning for the future</p>	<p><i>We are required to look beyond the usual short term timescales for financial planning and political cycles and instead plan with the longer term in mind (i.e. 20+ years)</i></p> <p>The third AMR measures short/medium term impacts since Plan adoption which enables future comparative analysis. Sustainable development is central to the adopted LDP.</p>	<p>Successive AMRs will be prepared on an annual basis, providing both an annual evaluation of Plan performance and year by year comparison from which emerging long term trends may be identified and reported on. This will inform the evidence base for the next LDP.</p>
 <p>Collaboration</p> <p>Working together with other partners to deliver objectives</p>	<p>The AMR measures Plan implementation and delivery. The LDP was prepared through extensive engagement with a wide range of internal and external stakeholders.</p>	<p>The Council will continue to monitor and report on in the 2018 AMR and will consider actions required in light of the AMR findings. The AMR indicates that some of the Plan's objectives are not being delivered, specifically in terms of housing sites coming forward, and therefore officers recommend that there is a need to review the Plan.</p>

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

This section should give the key issues arising from the evaluation which will be included in the Committee report template.

Positive - The AMR is a positive tool for monitoring the effectiveness of the LDP and ultimately determining whether any revisions to the Plan are necessary. It aims to demonstrate the extent to which the LDP strategy and objectives are being achieved and whether the Plan's policies are functioning effectively. It allows the Council to assess the impact of the LDP on the social, economic and environmental well-being of the County and identifies any significant contextual changes that might influence the Plan's implementation or review.

The AMR is required to be prepared each year following plan adoption, providing an annual evaluation of plan performance and year by year comparison. This is the third AMR to be prepared since the adoption of the LDP and is based on the period 01 April 2016 – 31 March 2017. The findings of the third AMR have been analysed and compared to the findings in previous two AMRs allowing emerging trends to be identified and reported on.

The AMR concludes that it is necessary to continue with an early review of the Monmouthshire LDP as a result of the need to address the shortfall in the housing land supply and facilitate the identification/allocation of additional housing land. This will involve the production of a Review Report which will set out and explain the scope of the Plan revision required.

Negative – None. There are no implications, positive or negative, for corporate parenting or safeguarding.

7. Actions. As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.
