2. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	How does your proposal demonstrate you have met this principle?	What has been done to better to meet this principle?
 <p>Balancing short term need with long term and planning for the future</p>	<p>This proposal will enhance the inclusion agenda and ensure it meets Monmouthshire and Welsh Government long term strategic aims for full inclusion.</p>	<p>We are ensuring we plan and take into account any changes, by being flexible and actively listening to our communities. This is stage 3 of the ALN review therefore we already have completed extensive consultation and we will continue to consult during the development of stage 3.</p>
 <p>Working together with other partners to deliver objectives</p>	<p>We'll continue to collaborate with children's services and work in line with their strategy of educating Monmouthshire children in mainstream schools within their own communities.</p>	<p>We continue to work with our partners in Health and Social Care to plan the education of our most vulnerable pupils.</p>

 <p>Prevention</p> <p>Putting resources into preventing problems occurring or getting worse</p>	<p>Monmouthshire schools have a delegated budget to utilize to support special needs pupils at 'school action' and 'school action plus' of the SEN Code of Practice. 4. Council has agreed the need to consider the impact its decisions has on important responsibilities of Corporate Parenting and safeguarding. Are your proposals going to affect either of these responsibilities? For more information please see the guidance note <http://hub/corporatedocs/Democratic%20Services/Equality%20impact%20assessment%20and%20safeguarding.docx> and for more on Monmouthshire's Corporate Parenting Strategy see <http://hub/corporatedocs/SitePages/Corporate%20Parenting%20Strategy.aspx>

	Describe any positive impacts your proposal has on safeguarding and corporate parenting	Describe any negative impacts your proposal has on safeguarding and corporate parenting	What will you do/ have you done to mitigate any negative impacts or better contribute to positive impacts?
Safeguarding	Staff will deliver specific safeguarding duties and ensure the school's systems and processes that need to be in place to keep learners safe are robust and resilient. School staff have the knowledge and understanding of statutory guidance in Wales which applies to all educational settings. All school staff will understand their responsibility in regards to abuse and neglect.	To our knowledge there are no negative impacts that would affect safeguarding.	We positively promote safeguarding as everyone's responsibility. We provide regular training, regular updates and audits to ensure all of our provision is as safe as can be. Systems will be regularly reviewed by the school and Estyn.
Corporate Parenting	The council has a corporate duty to consider Looked After Children especially and promote their welfare (as though those children were their own).	To our knowledge there are no negative impacts that would affect corporate parenting.	We continue to review the impact of all our decisions that may affect Looked After Children. We will highlight any negative impacts should they be evident.

5. What evidence and data has informed the development of your proposal?

We engaged (2014 and 2015) with children and young people, parents and staff regarding their views on how the Local Authority should continue to meet the needs of children with learning disabilities.

We have used Estyn and School data to shape our proposal.

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

The main positive of this proposal is that Monmouthshire will close a special needs resource base which does not meet the needs of children and young people within the County as is evidenced by the decline in pupils who attend the base. Due to all the evidence gathering, information, outcome data and consultation the impact on this decision will be limited and the evidence suggests this solution meets the needs of Monmouthshire Children.

We recognise that the inclusion of this small number of pupils into mainstream may have a distracting influence in the classroom for other pupils. We believe this potential impact is minimal due to the small number of children and in order to mitigate against this we will ensure that the support provided is of a specialist nature and that training is provided to mainstream staff the school if required. This will only potentially impact one school in Monmouthshire (Deri View) where there is significant experience and skills available to fully support this transition. There will be minimal disruption for the pupils as they are already familiar with the building, teaching & support staff and other pupils
