A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs	Positive – Access to good quality play opportunities contributes to education, particularly the foundation phase	The actions proposed to review the PSA and deliver the Play Action Plan are intended to support the delivery of good quality play opportunities
A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)	Positive – play opportunities extend across all open spaces and include those for environmentally focused play. Appendix 4

Well Being Goal	How does the proposal contribute to this goal? (positive and negative)	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p>A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood</p>	<p>Positive – Play is essential for the growth of children's cognitive, physical, social and emotional development</p>	<p>The actions proposed to review the PSA and to deliver the Play Action Plan are intended to support the delivery of good quality play opportunities</p>
<p>A Wales of cohesive communities Communities are attractive, viable, safe and well connected</p>	<p>Positive – Play contributes not only to children's lives but to the well-being of their families and communities and looking at a community based delivery model for staffed play provision would further contribute to this.</p>	<p>The actions proposed are intended to support the delivery of good quality play opportunities and the delivery of the community open access play model</p>
<p>A globally responsible Wales Taking account of impact on global well-being when considering local social, economic and environmental wellbeing</p>	<p>Positive - Children's right of play is enshrined in the United Nations Convention on the Rights of the Child, which Welsh Government has formally adopted.</p>	
<p>A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation</p>	<p>Positive – recreational activities form part of play opportunities. Negative- insufficient overall information base on Welsh Language play provision / demand</p>	<p>The proposed pilot Welsh Language play schemes in Abergavenny and Caldicot will help better understand demand and opportunities for Welsh Language provision</p>
<p>A more equal Wales People can fulfil their potential no matter what their background or circumstances</p>	<p>Play is established as one of children's rights, internationally and by Welsh Government. Access to good quality play provision can be a way of reducing inequalities between children and so reducing poverty of experience for all children.</p>	<p>The review of the PSA and the Play Action Plan helps ensure a more integrated approach across the authority to provide for diverse needs and to seek to better understand demand, existing provision and opportunities</p>

2. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Appendix 4

Sustainable Development Principle	How does your proposal demonstrate you have met this principle?	What has been done to better to meet this principle?
 <p>Balancing short term need with long term and planning for the future</p>	<p>Access to good quality play opportunities is a long term investment in children, families and communities. However short term pressures e.g. changes in the operating environment requiring changes in the delivery model require different approaches.</p>	<p>The delivery of the PSA actions are intended to provide a clearer and longer term focus and an attempt has been made to make these actions more strategic and integrated to support this.</p> <p>Progress against these long term ambitions will now be reviewed as part of the review of the PSA.</p>
 <p>Working together with other partners to deliver objectives</p>	<p>Partnership working is central to the delivery of play opportunities.</p>	<p>The proposed actions include partnership delivery such as with the Chepstow cluster schools on the Chepstow play project</p>
 <p>Involving those with an interest and seeking their views</p>	<p>Children's views are central to the proposed Thornwell and Bulwark play assessment which will has been pupil led and designed</p>	<p>We hope subject to funding to produce a toolkit to enable this approach to be more easily replicated</p>
 <p>Putting resources into preventing problems occurring or getting worse</p>	<p>Actions are intended to support the longer term focus set out in the PSA/play action plan.</p>	
 <p>Positively impacting on people, economy and environment and trying to benefit all three</p>	<p>As securing play opportunities contributes positively to children, families and communities it is inherently impacting on people, economy and environment as reflected in the breadth of the statutory measures to be addressed in the PSA.</p>
