<b>MEETING:</b>	<b>CABINET</b>
<b>DATE:</b>	<b>3<sup>RD</sup> JULY 2019</b>
<b>DIVISION/WARDS AFFECTED:</b>	<b>ALL</b>

## NON-PUBLICATION

### 1. PURPOSE:

- 1.0 To present an update on the Social Justice Strategy and associated Action Plan further to the approval of the Strategy by Cabinet in [May 2018](#).

### 2. RECOMMENDATIONS:

- 2.1 That Cabinet approves the updated Social Justice Strategy Action Plan (Appendix A) and offers feedback on the associated activities to date.

### 3. KEY ISSUES:

- 3.1 In March 2017, the council endorsed two major pieces of work looking at well-being across the county - the Well-being Assessment and the Population Needs Assessment. Both highlighted the strengths and opportunities within our communities and used an extensive evidence base to draw out some of the challenges individuals and communities will face in the future.
- 3.2 In May 2017, following County Council elections, a renewed ambition to address issues of inequality that had been highlighted as a result of the Well-being and Population Needs Assessments was addressed through the appointment of a Cabinet Member for Social Justice.
- 3.3 In May 2018, following an extensive consultation process, the Social Justice Strategy was produced to demonstrate the Council's commitment to address inequalities in our county in order to make our society function better. Using the Community and Partnership team as an enabling body, it provides an approach to help turn lives around by removing barriers and facilitating practical support and solutions to enable all our citizens to realise their full potential.
- 3.4 This is an update of the first phase of an evolving strategy demonstrating the Council's intention to work as a Council, and in partnership at national, regional and community level, to implement the policy interventions, approaches, support and methods to improve outcomes for people and communities.
- 3.5 The Social Justice Strategy sets out our purpose, our intentions and activities for the next three years and the targets by which we will measure our success to ensure that we achieve our goal – to put social justice at the heart of what we do in Monmouthshire.

### 4. EQUALITY AND FUTURE GENERATIONS EVALUATION (INCLUDES SOCIAL JUSTICE, SAFEGUARDING AND CORPORATE PARENTING):

- 4.1 The significant equality impacts identified in the assessment (Appendix B) are summarised below for Members' consideration:

This Strategy provides the strategic context to ensure that we keep the community at the heart of what we do by taking a 'place based approach', working with communities to identify their own strengths and areas for development and well-being. The Strategy advocates the bringing together of public services, community leaders, business, schools and all residents to address the issues that matter to that community. By working together around a place, the Strategy can provide the context to ensure that we achieve so much more than individual partners and community groups working in isolation. Bringing together support networks, aligning resources and assets, funding, development opportunities and people with a common sense of purpose, will really help to build sustainable and resilient communities. By working collaboratively with the people who live and work locally, we will seek to highlight the strengths, capacity and knowledge of those involved for the greater good.

The impacts from this report's recommendations will be regularly evaluated by the Social Justice Advisory Group. The criteria for monitoring and review will include an assessment of progress against the list of quantitative measures included in the attached Strategy and additional qualitative measures. Both sets of measures will be monitored by the Advisory Group which helps to monitor, evaluate and provide steer to the evolving Social Justice brief.

## **5. OPTIONS APPRAISAL**

5.1 In 2017, a review of the Whole Place and Partnerships teams determined that community engagement needed to be repositioned within a more centralised role and repurposed into one Community and Partnership Development team, for the following reasons:

- The Council's Well-Being Assessment recognised the need for co-delivery with partners, focussing on how its resource structure and alignment can embrace i) integration ii) long-term thinking iii) prevention iv) collaboration and v) involvement - involving the people it affects.
- The Local Government Act and Planning Wales Act place emphasis on encouraging greater public participation in Local Government with community governance moving to an area based approach and "boards" made up of Elected Members, community bodies, the third sector, Community Councils and other public services. The Planning Wales Act also has a focus on community led plans that supplement the Local Development Plan.
- The Council has recognised the need to engage closer with its Community Councils since 2016 with the five-area cluster model now providing the forum for respective Town and Community Councils to come together and liaise with the Council.

Therefore, the advocated integrated approach provides an opportunity for the team to have more of an enabling and facilitating role, in addition to supporting the co-delivery of community led ideas with the community coordination team.

5.2 The Strategy demonstrates the Council's commitment to align evidence based policy, programmes of work and resources with the aim of putting social justice at the heart of what we do i.e. the Council's renewed ambitions and policy making decisions; the Council's resource allocation decisions and how the Council supports Monmouthshire's communities and people in their place based activities. The Strategy provides the strategic context to enable a programme of activities that will deliver on a promise to develop strategies with the aim of supporting people and communities to fulfil their potential and live the lives they want to live.

5.3 This is an evolving Strategy and given its importance, a Social Justice Advisory Group has been established to oversee and direct its implementation. Amongst the terms of reference for the Advisory Group is an evaluation of progress which will be reported back to Strong

Communities, which in turn will make recommendations of any proposed changes to Cabinet of which there have been none to date.

**6. REASONS:**

6.1 The Social Justice Strategy sets out our purpose, intentions and activities for the next three years and the targets by which we will measure our success. However, as this is the second phase of an evolving Strategy - further phases will include the development of a Tackling Poverty Plan and a Tackling Loneliness and Isolation Plan in association with the Public Services Board.

**7. RESOURCE IMPLICATIONS:**

7.1 As an evolving Strategy no additional resourcing needs have been identified at this stage. Instead the Strategy will be used as a tool to inform and align business practice within existing resources, whilst also seeking to identify additional resourcing e.g. grant where a need is identified.
