4. Council has agreed the need to consider the impact its decisions has on the following important responsibilities: Social Justice, Corporate Parenting and Safeguarding. Are your proposals going to affect any of these responsibilities?

	Describe any positive impacts your proposal has	Describe any negative impacts your proposal has	What will you do/ have you done to mitigate any negative impacts or better contribute to positive impacts?
Social Justice	The Social Justice strategy focuses on three main areas: tackling loneliness and isolation; tackling poverty and promoting equitable economic prosperity; and giving children the best start in life. The RLDP seeks to tackle house price unaffordability, which currently prevents some of our communities accessing suitable housing within the County. This is likely to benefit younger people in particular, which in turn will make our ageing communities more socially sustainable. Good quality and affordable housing is important in achieving poverty reduction and equitable prosperity, and supporting the best start in life. Good spatial planning helps to build cohesive communities.	None	<p>We will consider the need for planning policies to control the housing mix of the market housing on development sites, to ensure it helps create mixed communities and supports the retention of younger people who can afford an open market home were there sufficient supply of 2 and 3 bedroom homes.</p> <p>We will consider the need for small affordable housing schemes in rural settlements similar to the current LDP's 60/40 sites.</p> <p>We will consider a range of policies around the climate change theme to minimize the carbon footprint of new development, and therefore mitigate negative impacts associated with the proposed growth.</p>
Safeguarding	None	None	N/A
Corporate Parenting	None	None	N/A
