Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p>A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation</p>	<p>Positive: The AMR monitors the implementation of the Plan as a whole, including impact on community facilities. The Welsh language impact is a material planning consideration and was fully considered during the adoption of the LDP via the SA/SEA process.</p> <p>Negative: None.</p>	<p>Continue to monitor indicators throughout the County to inform the 2020-21 AMR. The Planning (Wales) Act 2015 provides a statutory basis to the established practice of giving consideration to the impacts of LDPs on the use of the Welsh language and that sustainability appraisals include specific consideration of such impacts. The monitoring process will also inform and shape the Replacement LDP by reflecting on what is working and what is not.</p>
<p>A more equal Wales People can fulfil their potential no matter what their background or circumstances</p>	<p>Positive: Preparation of the AMR allows the Council to assess LDP impact on the social, economic and environmental well-being of the County.</p> <p>Negative: None.</p>	<p>Continue to monitor indicators throughout the County to inform the 2020-21 AMR. The results of the sixth AMR identifies an issue in relation to housing delivery, housing delivery rates represent an under delivery of -1469 units (36.3%) for the Plan period to date when measured against the newly introduced cumulative Average Annual Requirement (AAR), although it is recognised that while the plan underdelivered in the early years in the most recent monitoring periods housing completions have been much closer to the AAR, this is due to the speed with which strategic sites have come forward. This affects the ability of our communities to secure appropriate and affordable accommodation. The continued progression of a Replacement LDP is therefore</p>

3. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Long Term</p> <p>Balancing short term need with long term and planning for the future</p>	<p>The sixth AMR measures short/medium term impacts since Plan adoption which enables future comparative analysis. Sustainable development is central to the adopted LDP.</p>	<p>Successive AMRs will be prepared on an annual basis, providing both an annual evaluation of Plan performance and year by year comparison from which emerging long term trends may be identified and reported on. This will inform the evidence base for the Replacement LDP.</p>
 <p>Collaboration</p> <p>Working together with other partners to deliver objectives</p>	<p>The AMR measures Plan implementation and delivery. The LDP was prepared through extensive engagement with a wide range of internal and external stakeholders.</p>	<p>The Council will continue to monitor and report on this in the 2020-21 AMR and will consider any actions required in light of the AMR findings. The AMR indicates that some of the Plan's objectives are not being delivered, particularly in terms of housing delivery, and therefore officers recommend to continue to progress work on the Replacement LDP.</p>

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Involving those with an interest and seeking their views</p> <p>Involvement</p>	<p>The LDP was prepared through extensive engagement with a wide range of internal and external stakeholders.</p>	<p>There is no requirement to undertake consultation on this AMR. The Replacement LDP will be taken forward through extensive community and stakeholder engagement, expanding on the methods used previously.</p>
 <p>Putting resources into preventing problems occurring or getting worse</p> <p>Prevention</p>	<p>The AMR demonstrates the extent to which the LDP strategy and objectives are being achieved and whether the Plan's policies are functioning effectively. Emerging trends may be identified and appropriate action considered at an early stage.</p>	<p>The AMR recommends to continue to progress work on the Replacement LDP. This will ensure up to date policies and proposals in the County once the RLDP is adopted.</p>
 <p>Considering impact on all wellbeing goals together and on other bodies</p> <p>Integration</p>	<p>The AMR measures the impact of the LDP on the social, economic and environmental well-being of the County.</p>	<p>Future AMRs will examine LDP impacts over a longer period and evidence the emergence of any trends at different spatial scales. Delivering sustainable development (social, economic and environmental) is central to the LDP.</p> <p>Continue to monitor indicators to inform the 2020-21 AMR.</p>

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

Positive - The AMR is a positive tool for monitoring the effectiveness of the LDP and ultimately determining whether any revisions to the Plan are necessary. It aims to demonstrate the extent to which the LDP strategy and objectives are being achieved and whether the Plan's policies are functioning effectively. It allows the Council to assess the impact of the LDP on the social, economic and environmental well-

being of the County and identifies any significant contextual changes that might influence the Plan's implementation or revision.

The AMR is required to be prepared each year following plan adoption, providing an annual evaluation of plan performance and year by year comparison. This is the sixth AMR to be prepared since the adoption of the LDP and is based on the period 01 April 2019 – 31 March 2020. The findings of the sixth AMR have been analysed and compared to the findings in previous five AMRs allowing emerging trends to be identified and reported on.

The AMR recommends that work progresses on the Replacement LDP. It is further recommended that the AMR is submitted to the Welsh Government in accordance with statutory requirements even though these have been relaxed this year.

Negative – None. There are no implications, positive or negative, for social justice, corporate parenting or safeguarding.
