2. Does your proposal deliver any of the well-being goals below? Please explain the impact (positive and negative) you expect, together with suggestions of how to mitigate negative impacts or better contribute to the goal. There's no need to put something in every box if it is not relevant!

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<p>A prosperous Wales Efficient use of resources, skilled, educated people, generates wealth, provides jobs</p>	<p>The AONB landscape and the designation itself are an economic asset which can yield returns many times higher than the cost of its conservation and enhancement. The vitality of the AONB is dependent on the contribution of a vast range of businesses beyond the obvious land uses of agriculture, horticulture, forestry and mineral extraction. There is also employment in leisure and tourism, retail, energy production, light industrial, offices and storage plus other providers such as nursing homes, schools, art galleries etc. [10.2.1]</p>	<p>Support initiatives that improve the market for products which conserve or enhance the AONB's distinctive landscape, Special Qualities and strengthens the sense of place of the AONB [WV-E1]</p> <p>Raise awareness of good practice and encourage local businesses in the AONB to take opportunities to become more environmentally, socially and economically sustainable, particularly in ways that sustain the natural beauty of the area [WV-E2]</p> <p>Support the delivery of local co-operative schemes, advice and training programmes that support the development and expansion of rural micro-businesses, subject to WV-D2 and WV-D3 [WV-E3]</p> <p>Raise awareness of the value of the AONB and the importance of retaining a high quality environment in attracting and retaining entrepreneurs, relocating businesses, inward investment and skilled personnel [WV-E4]</p>
<p>A resilient Wales Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)</p>	<p>The Wye Valley is particularly important for its rich wildlife habitats. The Wye Valley woodlands are renowned as one of the largest remaining areas of ancient semi-natural woodland in the country. [2.1.3] The aim is to conserve, enhance and restore, the</p>	<p>Promote the adoption of schemes and initiatives that sustain, enhance and recover the characteristic biodiversity of the AONB, and that enable ecological systems and natural processes to accommodate and adapt to climate and other environmental</p>

	biodiversity of the AONB through robust ecological networks. [8.2]	change, including through landscape scale habitat connectivity [WV-B3]
<p>A healthier Wales People's physical and mental wellbeing is maximized and health impacts are understood</p>	<p>Recreation is a major activity in the AONB and the health and economic benefits of access and recreation are important. Recreation in the AONB also helps to reconnect people and nature, restoring lost connections with the natural environment and ensuring fairer access to its goods and services. Recreation helps our well-being through its positive impact on mental and physical health, and it improves education, encourages social activity and reduces crime. [11.2]</p>	<p>Encourage and promote recreational pursuits and responsible access compatible with the AONB purposes, particularly linking sustainable transport and town and village facilities [WV-R1]</p>
<p>A Wales of cohesive communities Communities are attractive, viable, safe and well connected</p>	<p>There are 7 Town or Community Councils wholly or partially in the Wye Valley AONB on the Welsh side (and 33 Parish and Town Councils on the English side). However, individuals usually belong to a multitude of 'communities', for example by being members of the local church, on the Parish Council, users of the local pub and/or shop, local business people, parents at the local school, part of a neighbourhood watch scheme, sports club etc. [10.1.1]</p>	<p>Encourage community led initiatives that maintain the diversity, sustainability and quality of rural community life and/or that stimulate investment, local employment, decarbonisation and retain or improve facilities and services for local people [WV-C1]</p> <p>Promote awareness, appreciation of, and pride in the lower Wye Valley, the Special Qualities and features of the Wye Valley AONB and the beneficial aspects for local people of living and working in a nationally protected landscape [WV-C2]</p>
<p>A globally responsible Wales Taking account of impact on global well-being when considering local social, economic and environmental wellbeing</p>	<p>A Charter for Residents and Visitors is included in this Management Plan [12.2] with actions that all residents, visitors and businesses can take to help care for this internationally important protected landscape. There are a range of opportunities that</p>	<p>Added reference to the five-point pledge for nature, people and landscape:</p> <ol style="list-style-type: none"> 1. Become an active ecological citizen - Tread lightly and make your footprint(s) count. 3. Take pride in the Wye Valley Area of Outstanding Natural Beauty (AONB) - Champion the Wye Valley landscape and discover more about why it is so special. 4. Help nature to recover and flourish across the whole landscape - Improve your local environment for nature. 5. Get involved and make your voice heard - Act now do not delay <p>The intention is for this to be combined with PR campaign linked to Wye Valley River Festival and AONB website.</p>
<p>A Wales of vibrant culture and thriving Welsh language Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation</p>	<p>Communities need to actively identify what they value in their locality and participate in setting priorities for its sustainable management. This may include supporting local / cultural distinctiveness and the Welsh language or local accents and dialects. [10.1.6] There is a rich legacy of cultural and landscape associations from artists, writers and</p>	<p>Increase the profile of the Wye Valley AONB, promoting awareness and understanding of the designation and the Special Qualities of the AONB, through communication with, and interpretation for, residents, visitors, organisations and businesses, including embedding cultural and artistic activities</p>

<p>A more equal Wales People can fulfil their potential no matter what their background or circumstances</p>	As a predominantly rural area people in the Wye Valley AONB encounter many of the problems familiar throughout rural Britain. [10.1.3] Involvement of young people, schools, and the elderly and less vociferous members of local communities needs to be included in these processes as well as the participation of the Town, Parish and Community Councils and other local representative and resident organisations. [10.1.6]	Encourage community led initiatives that maintain the diversity, sustainability and quality of rural community life and/or that stimulate investment, local employment, decarbonisation and retain or improve facilities and services for local people [WV-C1] Inform and engage all relevant interests, especially local communities, in issues and decisions affecting the AONB [WV-P6]

3. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Balancing short term need with long term and planning for the future</p> <p>Long Term</p>	<p>The Vision for the Wye Valley AONB was developed for the 2009 -14 AONB Management Plan as a 20 year vision and remains a true encapsulation of how we want the AONB to be in 15 years' time and beyond. [2.2]</p>	<p>The guiding principles that underpin the approach to managing the AONB are sustainable development, natural resource management, the ecosystem approach and the landscape approach. [4.0]</p> <p>Encourage and enhance appropriate landscape scale and green infrastructure action by all particularly on consolidating ecosystem services and positively contributing to habitat connectivity that allows wildlife to adapt to the effects of climate change [WV-L2]</p>
 <p>Working together with other partners to deliver objectives</p> <p>Collaboration</p>	<p>The AONB Partnership is recognised as one of the very few organisations locally with a true cross-border remit. Consequently the AONB Unit and its partnerships have a considerable amount of experience and expertise in cross-border working and project development and delivery at both local and landscape scales. [12.1.1]</p>	<p>Encourage and assist partners with initiatives that deliver the Management Plan, or other initiatives where the objectives are consistent with the purposes of the AONB designation, and utilise existing resources and seek new resources to implement the AONB Management Plan [WV-P3]</p>

6. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

The AONB Management Plan is a place-based plan derived through local consensus and subject to statutory processes, including Screening Reports for the Strategic Environmental Assessment (SEA) and Habitats Regulation Assessment (HRA). It seeks to define the approach to conserving and enhancing the natural beauty of the AONB through the application of local solutions to local challenges that also respect the national and international importance of the AONB. It is a plan for the AONB, the landscape and the people who live in, work in and visit it, to deliver positive impacts through conserved and enhanced landscape and the well-being of current and future generations through access to that landscape.

7. ACTIONS: As a result of completing this form are there any further actions you will be undertaking? Please detail them below, if applicable.

What are you going to do	When are you going to do it?	Who is responsible
The plan will guide the actions of the AONB partnership, comprising the organisations and individuals that collaborate to conserve and enhance the special qualities of the landscape.	2021-26	Wye Valley AONB Manager / Wye Valley AONB Joint Advisory Committee

8. VERSION CONTROL: The Equality and Future Generations Evaluation should be used at the earliest stage, such as informally within your service, and then further developed throughout the decision making process. It is important to keep a record of this process to demonstrate how you have considered and built in equality and future generations considerations wherever possible.
