## 2. The Socio-economic Duty and Social Justice

The Socio-economic Duty requires public bodies to have due regard to the need to reduce inequalities of outcome which result from socio-economic disadvantage when taking key decisions. This duty aligns with our commitment as an authority to Social Justice.

Those on lower incomes are less-likely to have access to technology and outdoor spaces.</p> <p>There is evidence that the pandemic has a bigger impact on the well-being of those in more deprived communities.</p> <p>There is a risk that those already facing poverty and inequality will face a worsening situation due to increased financial hardship, health deterioration and a decline in educational attainment.</p>	<p>Undertake data modelling to identify communities at greatest risk and use this to target pro-active responses.</p> <p>As part of the Council’s continued commitment to Social Justice, the third iteration of the Social Justice Strategy was approved by Cabinet in March 2021 and built on learning from the pandemic. These include Tackling Poverty and Inequality, Food Development and Homeless Transition.</p> <p>We established the Community Action Volunteer Team (CAVT) to assist offers of help being coordinated with the offers of support. Systems in place to provide the support required have continued to operate eg translation services, proof checking, advice and guidance.</p>	<p>The significant time away from school and classes will have affected the learning trajectory of many learners. Welsh language skills, particularly of pupils in welsh-medium education, may be impacted as they may have limited opportunity to use the language at home particularly if no one in their home speak welsh.</p>	<p>Following the transition of all students to online learning in January, face-to- face teaching was provided for children of critical workers and vulnerable learners, as well as learners needing to complete essential assessments. To assist this, we established digital learning technologies and approaches.</p> <p>The learning of languages online has been reported as being popular during lockdown, with learning Welsh online seeing an increase in demand. The Council is considering how it can continue to adjust the Welsh language learning provision it provides.</p> <p>The delivery of the aims is not without challenges and risks, they will continue to be monitored and will be flexible and adapt as evidence, circumstances and guidance changes.</p>

<p><b>A more equal Wales</b> People can fulfil their potential no matter what their background or circumstances</p>	<p>Much work has gone on to support more vulnerable people in our communities. This has included education provision for vulnerable learners, provision of emergency food parcels and free school meal payments.</p> <p>Evidence has shown age, underlying health conditions and ethnicity, along with other factors, is associated with greater risk and impact of COVID-19.</p> <p>Our continuing response and recovery will need to focus on these risks, utilise the evidence and help those most vulnerable.</p>	<p>Vital social care services, including child protection, care at home and residential care will continue.</p> <p>We will undertake data modelling to identify communities at greatest risk and use this to target proactive responses.</p> <p>As part of the Council's continued commitment to Social Justice, the third iteration of the Social Justice Strategy was approved by Cabinet in March 2021 and built on learning from the pandemic.  <p>Involving those with an interest and seeking their views</p> <p><b>Involvement</b></p>	<p>As demonstrated through the huge amount of volunteer effort, involvement of the wider community has been key to our response. The development of Community Support Networks aims to build on that social capital.</p> <p>Members have had a number of member seminars and the continuation of democratic meetings has ensured that elected members have continued to be involved.</p>	<p>Our Monmouthshire will be a key tool to continuing to engage and involve our communities and volunteers.</p> <p>The development of the new Community Support Networks will be key to building on community involvement in our communities.</p> <p>Involvement remains important to our initiatives for example engagement with residents and business on Town centers re-opening and as new initiatives are taken e.g. active travel submissions to WG, involvement and engagement of the community has been and will continue to be a central part of the way we work as an organisation.</p>

	<b>Describe any positive impacts your proposal has</b>	<b>Describe any negative impacts your proposal has</b>	<b>What will you do/ have you done to mitigate any negative impacts or better contribute to positive impacts?</b>
Safeguarding	<p>Safeguarding has remained an essential part of our delivery supporting adults and children in Monmouthshire .</p> <p>Many of our aims are focused on the supporting those who need help and safeguarding remains central to the authority’s work, which is reflected in our strategic aims, in particular ‘Ensure all vulnerable young people and adults are safeguarded’</p>	<p>The pandemic has put families under increased strain and increased risks to vulnerable individuals at the same time as decreasing the visibility of children and adults at risk.</p> <p>The impact of the lock-down has meant that harmful behaviours, abuse and neglect including domestic abuse can remain hidden and there is a risk child welfare concerns / adult at risk safeguarding concerns are not recognised or referred.</p> <p>There will have been pressure on families experiencing the impact of ‘lock down’ where there will be additional worries around finances, the loss of employment and economic uncertainty, poor housing or over-crowding, not having access to support and basic amenities, access to education alongside the risks and concerns around the virus itself.</p> <p>There is a need to continue to understand the impact and adapt/develop plans accordingly.</p>	<p>Through the Coronavirus pandemic Safeguarding remains an essential part of our delivery supporting adults and children in Monmouthshire. Arrangements have been adjusted, where required, different solutions have been needed to deal with situations during the pandemic.</p> <p>Continuing to extend safeguarding awareness and access to online /virtual training will provide some extra support in these times and potentially into the future.</p> <p>In order to provide vital safeguarding services for all those who need them we are regularly assessing the impacts of the pandemic as restrictions change and adapting/developing arrangements accordingly.</p> <p>There has been a significant volunteer response to Covid-19 pandemic, work will be required to continue to support an increased volunteer network and ensure longer term arrangements are in place including support on their safeguarding responsibilities.</p>

## 7. What evidence and data has informed the development of your proposal?

Evidence generated locally, regionally, nationally and globally continues to be used to inform the delivery of the strategic aims and is reflected in this assessment.

Existing mechanisms such as the Public Service Board's (PSB) Well-being Assessment remains an important lens for understanding well-being in Monmouthshire. Harnessing the latest views, evidence and thinking on issues of importance to and in our communities is important to make sure that the aims remain relevant to the significant issues for well-being in Monmouthshire.

The data and evidence to better understand the Covid-19 virus is rapidly developing as is data, evidence and research on the well-being impact of the pandemic. There is still much to learn and understand, some of which will not become clearer until the longer term, although there is an ever expanding and continually developing evidence base that can be utilised.
