Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation	<p>facilities. The results of the seventh AMR identifies an issue in relation to housing delivery, housing delivery rates represent an under delivery of -1500 units (33.3%) for the Plan period to date when measured against the newly introduced cumulative Average Annual Requirement (AAR), although it is recognised that while the plan underdelivered in the early years in the most recent monitoring periods housing completions have been much closer to the AAR, this is due to the speed with which strategic sites have come forward. This affects the ability of our communities to secure appropriate and affordable accommodation. The continued progression of a RLDP is therefore essential. Creating a more equal Wales forms part of delivering sustainable development.</p> <p>The monitoring process will also inform and shape the RLDP by reflecting on what is working and what is not.</p>

5. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Long Term</p> <p>Balancing short term need with long term and planning for the future</p>	<p>The seventh AMR measures short/medium term impacts since Plan adoption which enables future comparative analysis. Sustainable development is central to the adopted LDP.</p>	<p>Successive AMRs will be prepared on an annual basis, providing both an annual evaluation of Plan performance and year by year comparison from which emerging long term trends may be identified and reported on. This will inform the evidence base for the RLDP.</p>
 <p>Collaboration</p> <p>Working together with other partners to deliver objectives</p>	<p>The AMR measures Plan implementation and delivery. The LDP was prepared through extensive engagement with a wide range of internal and external stakeholders.</p>	<p>The Council will continue to monitor and report on this in the 2021-22 AMR and will consider any actions required in light of the AMR findings. The AMR indicates that some of the Plan's objectives are not being delivered, particularly in terms of housing delivery, and therefore officers recommend to continue to progress work on the RLDP.</p>
 <p>Involvement</p> <p>Involving those with an interest and seeking their views</p>	<p>The LDP was prepared through extensive engagement with a wide range of internal and external stakeholders.</p>	<p>There is no requirement to undertake consultation on this AMR. Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Prevention</p> <p>Putting resources into preventing problems occurring or getting worse</p>	<p>The AMR demonstrates the extent to which the LDP strategy and objectives are being achieved and whether the Plan's policies are functioning effectively. Emerging trends may be identified and appropriate action considered at an early stage.</p>	<p>The AMR recommends to continue to progress work on the RLDP. This will ensure up to date policies and proposals in the County once the RLDP is adopted.</p>
 <p>Integration</p> <p>Considering impact on all wellbeing goals together and on other bodies</p>	<p>The AMR measures the impact of the LDP on the social, economic and environmental well-being of the County.</p>	<p>Future AMRs will examine LDP impacts over a longer period and evidence the emergence of any trends at different spatial scales. Delivering sustainable development (social, economic and environmental) is central to the LDP.</p> <p>Continue to monitor indicators to inform the 2021-22 AMR.</p>

7. SUMMARY: As a result of completing this form, what are the main positive and negative impacts of your proposal, how have they informed/changed the development of the proposal so far and what will you be doing in future?

Positive - The AMR is a positive tool for monitoring the effectiveness of the LDP and ultimately determining whether any revisions to the Plan are necessary. It aims to demonstrate the extent to which the LDP strategy and objectives are being achieved and whether the Plan's policies are functioning effectively. It allows the Council to assess the impact of the LDP on the social, economic and environmental well-being of the County and identifies any significant contextual changes that might influence the Plan's implementation or revision.

The AMR is required to be prepared each year following plan adoption, providing an annual evaluation of plan performance and year by year comparison. This is the seventh AMR to be prepared since the adoption of the LDP and is based on the period 01 April 2020 – 31 March 2021. The findings of the seventh AMR have been analysed and compared to the findings in previous six AMRs allowing emerging trends to be identified and reported on.

The AMR recommends that work progresses on the RLDP. It is further recommended that the AMR is submitted to the Welsh Government in accordance with statutory requirements.

Negative – None. There are no implications, positive or negative, for social justice, corporate parenting or safeguarding.
