

The Investment & Fund Strategy for the Monmouthshire Farm Endowment Trust 2022/23

1. Background

- 1.1 The Trustees shall each year consider for approval an annual Investment Strategy. The Trustees may also request submission of a longer term investment strategy for approval. Any proposed in-year modification to the Investment Strategy must be approved by the Trustees.
- 1.2 This investment strategy has been prepared with the assistance of Arlingclose, the current treasury advisor to both the Monmouthshire Farm Endowment Trust and also Monmouthshire County Council.
- 1.3 The Trustees have agreed to a continued relationship with a Treasury advisor to provide expert advice on the continued suitability of a variety of investment vehicles for inclusion in its portfolio. This will carry a small charge.

2. Interest Rate Forecast

- 2.1 Arlingclose's forecast is for the UK Bank Rate to remain at .025% into early 2022 with a potential rise by .025% sometime in Q1 or Q2 of the 2022/23 financial year. Risks is slightly weighted to the upside.
- 2.2 With short term interest rates still relatively low, an investment strategy historically would have typically resulted in a lengthening of investment periods, where cash flow permits, in order to lock in higher rates of acceptable risk adjusted returns. The problem in the current environment is finding an investment counterparty providing acceptable levels of counterparty risk for investments of that duration and also an acceptable return.
- 2.3 The Monmouthshire Farm Endowment Trust, by means of this Investment strategy is permitted to utilise suitable Collective Investment Schemes/Pooled Funds, which enable the Authority to diversify the assets and thereby reduce the underlying risk in the investment portfolio and at the same time providing the potential for enhanced returns.

3. Annual Investment and Fund Strategy

- 3.1 The Trustees shall invest Monmouthshire Farm Endowment Trust monies in accordance with Section 15 of the Scheme made by the County Council of Monmouthshire.
- 3.2 Day to day activities required to implement this shall be delegated to the S151 Officer and the Treasury team of Monmouthshire County Council. This can include a change to investment vehicle providing it still lies within the scope of this Investment strategy and is approved by the current Treasury Management advisors.
- 3.3 In accordance with best practice, the Monmouthshire Farm Endowment Trust must consider the three objectives of security, liquidity and yield in relation to the investment of its funds when making any investment. Maintaining a high level of security of investment ensures the long term income generating capacity of the fund. The liquidity or accessibility of a portion of the investments ensures in the short term expenses of the fund can be met.
- 3.4 The Overall Fund Strategy of the Monmouthshire Farm Endowment Trust Fund is to generate investment returns which after meeting the expenses of managing the Fund, can be distributed to selected beneficiaries. The investment strategy is therefore to maximise returns commensurate with appropriate levels of security and liquidity. Investments in Collective Investment Funds are likely to result in fluctuations in principal. It is acceptable to allow this, if having taken appropriate advice; they are expected to be temporary in nature, in order to improve total returns over a 3 to 5 year' business cycle.
- 3.5 At 31st March 2021, the Monmouthshire Farm Endowment Trust had £630,881 of pooled investments and £23,761 of cash.
- 3.6 Financial investments can be taken by the Fund without specific reference to the Treasury Advisors at the time providing they are sterling denominated investments with a maximum maturity of one year and meet the "high credit quality" criteria determined by the Trustees and set out in paragraph 3.9 and are not deemed capital expenditure investments under Statute.
- 3.7 Investments which do not meet the strict definition (detailed below) of high credit quality and which have a longer-term Investment horizon, can be taken, but only after consulting with the Monmouthshire Farm Endowment Trust Fund treasury advisors and the Head of Finance (S151 Officer) at Monmouthshire County Council. These persons represent the Trustee's, to ensure the level of risk is in line with the Monmouthshire Farm Endowment Trust Fund, other current investment options.
- 3.8 The types of investment vehicles that can be utilised by the Monmouthshire Farm Endowment Trust are as follows:

Table 2: Investments

Investment	
Term deposits or Cash Deposits with banks and building societies	✓
Gilts, Treasury-bills or the UK Debt Management Office	✓
Collective Investment Schemes	✓
Pooled funds with Monmouthshire County Council	✓

3.9 The Trustees and its advisors select countries and financial institutions after analysis and ongoing monitoring of:

- Published credit ratings for financial institutions (counterparties):
 - Investments are classed as having high credit quality if the lowest credit rating they have with Fitch, Moody's and Standard & Poors' is A-, A3 and A- or higher.
 - And a country rating of AA+ or equivalent for non-UK sovereigns
- Credit Default Swaps (where quoted)
- Sovereign Support mechanisms
- Economic fundamentals (for example Net Debt as a percentage of GDP) and Economic trends
- Sovereign support mechanisms
- Share Prices
- Corporate developments, news, articles, markets sentiment and momentum
- Historical performance and expected future trends of Collective Investment Funds
- Subjective overlay – or, put more simply, common sense.

Any institution can be suspended or removed should any of the factors identified above give rise to concern. The Monmouthshire Farm Endowment Trust fund will not enter into any investment if it is outside the advice given by its Treasury advisors, which is updated monthly, weekly and daily according to the movements in the worldwide backdrop. This includes guidance on the maximum maturity of investments with approved counterparties.

- 3.10 New Investments made directly by the Monmouthshire Farm Endowment Trust Fund will be restricted in the following ways to ensure diversification and hence reduction of both credit risk and interest rate risk.
- A minimum of £40,000 (at the time of investment) needs to be held in investments which are sufficiently liquid such as cash or other investments less than one year so that grants can still be made if investment returns are low or to allow for the lead time for realising certain investments. The full remaining balance can be invested in Collective Investment funds to maximise returns if this is in line with the requirements of this strategy.
 - The maximum monetary amount, which can be invested directly by the Monmouthshire Farms Endowment Trust Fund [MFETF] in any one Collective Investment Fund (at the time of the Investment), is 45% of the total MFETF investment balance.
- The amounts invested are spread across different investment asset classes such as Property, Bonds and Equity to diversify and reduce overall risk. This spread should be viewed collectively with the funds invested by the Roger Edwards Educational Trust [REET] and from which the MFETF benefits (£650,000 purchase price). As the REET Investments are weighted towards Equity, it is not possible to achieve an equal split across asset classes but a level of between 20% and 45% for at least three of the asset classes should be aimed for. Appendix A includes the model portfolio, which was used as a basis for the investments that have been undertaken.
- Up to 100% of the total investment balance can be held with Monmouthshire County Council or Instruments issued by the UK Government, if required
 - Up to 100% of the total investment balance can be invested as term deposits, CDs or call accounts with banks and building societies. The maximum amount that can be invested with any one financial institution is £100,000, if of high credit quality (approx. 15% of the total MFETF investment balance) or £50,000 if approved by the Treasury advisors although not considered high credit quality.
 - The maximum duration of term deposits and CDs with banks and building societies shall be in line with the ongoing advice given by the Trust's treasury advisors, which varies with world economic factors.
- 3.11 At the end of each financial year, the Trustees shall consider the actual return on investments & the extent to which the investment objectives have been achieved.
- 3.12 The Trustees shall observe the following constraints in pursuing the investment objectives:

- The restrictions on investments contained within Section 15 of the scheme made by Monmouthshire County Council.
- A proportion of the funds held may be pooled with Monmouthshire County Council’s overall investment portfolio, which is invested in line with the Authority’s Treasury Management Strategy. Interest earned by the Authority and any investment losses incurred by the Authority will be apportioned proportionally between the Local Authority and Monmouthshire Farm Endowment Trust in line with the total investments held by each party.

NB: Any investments that move outside of the above criteria with time will be reinvested within the above criteria on maturity.

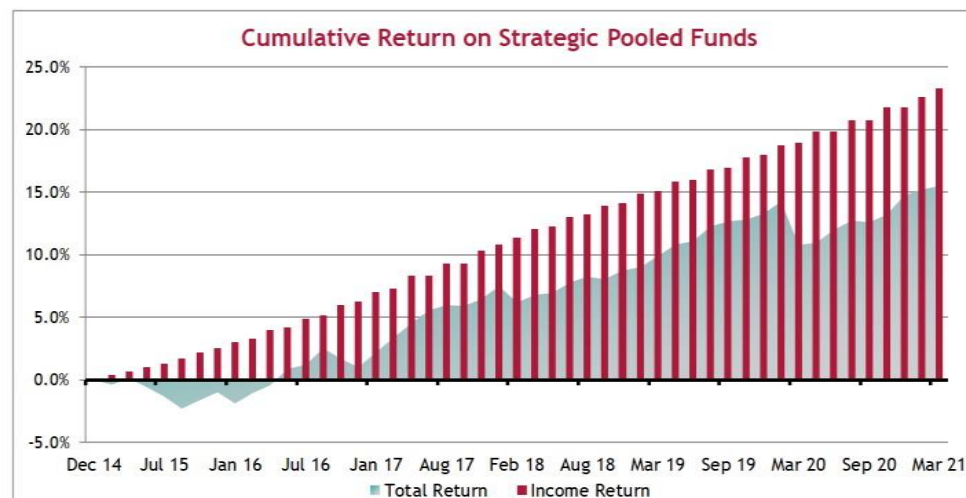

3.13 There are currently no ethical constraints on investment of funds and this matter will be reviewed if there are any changes in charity law or other requirements.

3.14 There is now more than 48 months’ history to Monmouthshire Farms Trust’s pooled fund holding. In capital terms, it should be remembered that the emphasis of the investment in the selected funds is based on a long-term strategy of a five-year rolling basis

3.15 The values and performance of the investments reported in the latest available Arlingclose report are as follows;

STRATEGIC POOLED FUND PORTFOLIO			MONMOUTHSHIRE FARM SCHOOL ENDOWMENT FUND				From:	31/12/2014		To:	31/03/2021		
FUND NAME	ASSET CLASS	No of Units Held in Period	Current Value £	Capital Growth £	Dividends Earned £	Holding Period (yrs)	Capital Return	Income Return	Total Return	Volatility	Capital Return annualised	Income Return annualised

Unrealised capital loss: -52,631 Annualised income return: 3.73%

Please note the data above reflects the performance of the funds since inception as the funds were purchased on 29th January 2015.

4. Training

- 4.1 The Head of Finance (S151 Officer) will ensure all staff are suitable trained to assist with this process and will organise awareness training to Trustees, Cabinet and Audit Committee where appropriate.

5. Investment Consultants/ Treasury Advisors

- 5.1 The Monmouthshire Farm Endowment Trustees use Arlingclose as their Treasury Management Consultants to provide information, advice and training relating to investments. Information relating to the investments is provided from publicly available data and is summarised in order to assist with decision making within the Authority. The information and advice covers the level of risk of investment and the variety of options available. .

Monmouthshire Farm Endowment Trust – Risk Assessment Policy 2022/23

The financial assistance provided by the Monmouthshire Farm Endowment Trust is to support the advancement of education in agriculture and related subjects at college. Annually, monies are distributed and the key risk faced by the Monmouthshire Farm Endowment Trust is loss or reduction in the amount of monies available.

An assessment of the risks faced by the Monmouthshire Farm Endowment Trust has been undertaken and steps taken to:

- avoid risks through alternative strategies
- limit and reduce risks by improving controls
- insure against specified risks

On an annual basis, the risk assessment will be reviewed and updated to include any new risks identified.

The risks identified have been encompassed within four categories:

- governance & management
- operational risks
- financial risks
- compliance risk

Monmouthshire County Council as custodian and administrator of the Monmouthshire Farm Endowment Trust manage the fund on the Trustees behalf through the Cabinet and make all risk and investment decisions in a unified risk policy as advised by the Authority's investment and risk advisors.

The following paragraphs list the risks identified & the steps taken to mitigate or eliminate the risk.

1. Governance & Management

(a) The fund lacks direction?

The activities of the Fund are governed by the guidance in Section 4 of the Charity Act 2000.

The Cabinet has a clear purpose to maximise the return on its investments and this is contained within the investment policy.

(b) There are conflicts of interest?

Cabinet members are elected in accordance with the electoral cycle and are required to conduct themselves in-line with the Authority's Code of Conduct.

Members are required to declare any interests related to the activities of the Trust and may not vote on these decisions. These matters are recorded in the official minutes.

Members allowance and expense payments are not charged to the Monmouthshire Farm Endowment Fund.

(c) Funds are used inappropriately?

The purpose for which funds can be used is contained within the objectives of the trust.

(d) Key staff, leave the Council's employment?

The actions of Officers of the Council are determined by Delegated Powers.

A number of senior Council staff support and advise the Trustees on legal & financial matters.

(e) Inadequate information is provided to the Trustees?

Annually, the Trustees consider the level of reserves and anticipated investment income before determining the level of grants to be made available.

Variances between the anticipated & actual investment income will be reflected in the following year's grants.

2. Operational Risks

(a) Unsuitable staff support and advise Cabinet?

Monmouthshire County Council has a comprehensive recruitment process that is supported by a wide range of personnel policies.

The training & development needs of officers are identified through the Employee Review process.

A number of senior Council staff support and advise Cabinet on financial and legal matters.

(b) Systems & procedures are not secure?

Systems & procedures are documented & document retention policies are in place. IT systems have data back-up arrangements & disaster recovery plans. Periodic audits identify internal control improvement requirements. Insurance provides a means to recover from specified losses.

(c) Stakeholders are not satisfied with the operation of the Fund?

The Scheme made by the Trustees provides for the advancement of education in agriculture and related subjects at college.

The Trustees consider annual reports on the financial performance of the Trust.

The Trustees consider annually the level of funding available for grants.

(d) The assets of the Fund are at risk?

In accordance with the investment policy, a number of constraints are placed upon the way in which monies are used.

A risk minimization strategy has been adopted which limits the investment of funds to individual institutions meeting specified criteria.

(e) Unsatisfactory returns on investment are achieved?

The reserves policy requires monies be invested in financial instruments which produce interest payments and there is no appreciation in the capital value of the investment.

The overall aim is to obtain a satisfactory rate of return enabling Trustees to distribute an amount based on the forecast return on investments during the current year, after meeting the expenses incurred in managing the fund.

Annually, the Trustees consider the actual return on investments and the extent to which the investment objectives have been achieved.

3. Financial Risks

(a) Budgetary control is inadequate?

Annually, the Trustees consider the level of reserves and anticipated investment income before determining the level of grants to be made.

Variance between the anticipated and actual investment income will be reflected in the following year's grants.

(b) Financial administration is unsatisfactory?

Monmouthshire County Council personnel policies and procedures ensure Officers are appropriately qualified for the roles undertaken.

Internal control arrangements ensure there is division of duties amongst Officers. Periodic audits review the internal control arrangements.

(c) Financial losses arise due to speculative investment?

The investment policy prescribes a risk minimisation approach that can limit the investment of funds to institutions meeting specified criteria.

(d) Financial losses arise from fraud or error?

The internal control arrangements are based upon segregation of duties. Periodic audits review the internal control arrangements. Insurance provides a means to recover from specified losses.

4. Compliance Risk

(a) Failure to comply with legislation / regulations?

The activities of the Fund are specified within objects of the Trust. The nature and format of financial reporting is specified by the Charity Commission and an external audit of the accounts is mandatory. A number of senior Council staff support and advise Cabinet on legal and financial matters.
