

**Petition: Poor Condition of Roads and Pavements in the Meadows, Usk ~ 28  
Signatures**

Dear Sir/Madam

1. 7 2022

Re - Poor Road/Pavement Conditions.

We, the residents of the Meadows Usk are making a formal complaint about the poor state of our "Road and Pavement"

Every year pot holes appear and are filled in on a regular basis, only to appear again when rain and frost happen. Workmen came recently to patch up holes after a mechanical sweeper swept up what was left of repairs. After being repaired again they started to break up the following day.

AS we pay higher rates than other areas of Monmouthshire, we feel we deserve a much better service than we are getting at the moment.

We feel it is only a matter of time before someone has an accident. because of the poor state of the road and pavement.

Yours faithfully
