## Budget Pressures / Savings Update

Directorate	Pressure or Saving +/- £50k	Value (£000)	Explanation
C&P	Waste	1,000	Recycling market has flipped meaning we are paying more for disposal, last year we spent £50k, now expecting it to cost us £500k in 23-24. Increased building rates and effect of inflation on contracts and materials (some contracts have gone up by 11%) £100k. 10 Additional Staff (4 to cover bank holidays, 3 for garden waste collections, 3 for new additional houses) Agency staff to cover these ten additional staff for holidays as well as agency costs to cover staff sickness. Cover for additional days leave as a result of 22-23 pay agreement. (Total employee impact £400k)
C&P	Fleet Maintenance	100	Since centralisation of the service the indication (based on the 22-23 outturn) is that the existing authority budget is insufficient to cover the cost of our vehicle fleet, this has been exacerbated by inflationary increases.
C&P	Homelessness	440	Homelessness presentations remain high - this means we cannot reduce the use of B&Bs by the number that we had originally included in our 23-24 mandate, this has resulted in a budget pressure across both Housing and Benefits. Security costs are also forecast to come in £75k over original 23-24 projection.
C&P	Schools Catering	0	RISK ONLY - NOT BEING FULLY FUNDED (£218k) - Gross overspend is predicted to be £307k but this has been offset by one-off FSM admin funding of £89k (not expected to continue in 24-25). The completion of the roll out of UFSM to all primary pupils from September will result in a significant uplift in the amount of meals that will need to be served, this will require additional staff and ingredient spend. Some of this will be partially offset by the £2.90 per meal grant funding provided by WG but this figure is lower than our actual unit rate cost (currently estimated at £3.75) so it leaves us with a pressure to be managed. There is a review currently being undertaken by WG into the suitability of the £2.90 rate and we will know in the Autumn if this will be increased - if it isn't then there is a potential for the overspend to increase in 24-25 as we will bear the full impact of the meal number increases across a whole financial year.
C&P	Vacant posts	(278)	Vacant posts are in the process of being filled, however the tight labour market conditions will mean that some of these vacancies will last longer into 2023/24
PG	Democratic services	50	Inconsistent elections and grant funding and increased Members expenses owing to increased physical meeting post pandemic is creating a pressure.
PG	Vacant posts	(34)	Vacant posts are in the process of being filled, however the tight labour market conditions will mean that some of these vacancies will last longer into 2023/24
RES	Commercial Investments	111	Service charge costs have increased significantly for the financial year 23/24 primarily associated with inflation and planned maintenance works to the onsite boiler infrastructure. Where there remain vacant units, there will be an associated service charge cost for MCC to meet.
RES	Vacant posts	(60)	Vacant posts are in the process of being filled, however the tight labour market conditions will mean that some of these vacancies will last longer into 2023/24
SCH	Provider fees - Adults and Childrens services	1,600	Negotiations are continuing with care providers around the agreed contractual rate. The current estimate is a total additional YOY cost of £2.6m against an allocated budget pressure of £1m. This estimate to date does not take account of the uplifts in out of county care placements for which we have little control as these are set by the host Local Authority.

CYP	ALN Transport	525	Forecast revised, based on April and May actuals, resulting in an overspend of £525k
CYP	ALN - Recoupment	257	With the recent changes in the ALN formula for schools, all out of county recoupment for mainstream schools will be delegated to schools to support pupils
CYP	ALN - OOC	(200)	Reduction in number of pupils in out of county schools has resulted in a saving of £200k
Corporate	Pay inflation - non-teaching	960	Estimated pressure over and above base budget based upon the employers current pay offer of a flat rate £1,925
Corporate	Treasury costs	250	Estimated pressure as a result of continuing interest rate rises over and above those indicated at the time of budget build
Corporate	Contingency budget	(500)	Inflation contingency budget assumed to be fully utilised

## Service savings progress

Ref	Social Care & Health	Budgeted Saving £000's	Current Forecast £000's	Variance £000's	Comment
SCH3	Children's Services - Placement and Practice Change - re-evaluating our current processes and systems post-covid in order to clearly define at what points we make essential decisions in regard to when a child is placed within a High-Cost Placement	(748)	(936)	(188)	Care planning for High Cost and Solo Placements is in place with HOS oversight and sign off. This is allowing children to progress to alternative placements where this is in keeping with their care and support needs and their longer term personal outcomes.
SCH5	Staffing reductions to Adult Services - The proposal is to create savings by reducing the core workforce across the statutory teams in adults' services.	(308)	(160)	148	A monitoring framework has been established and a "totaliser" set up to track, record and account for all the identified staff savings throughout the year.
SCH4	Children's Service Redesign/Staffing - (i) Family Time Service Development, (ii) Review of Structures and Service Operating costs	(421)	(34)	387	Additional Family Contact Sessional workers are in place providing cost avoidance activity where intensive family supervision is required (previously the service was reliant on commissioned services). Weekly Workforce Meeting of Children Service Leadership Team is overseeing the reduction of the use of agency social workers, which is progressing positively.
SCH10	Adults - Care hours, block commissioning, Mileage - Reduce amount of direct care in the region of 10% whilst rebalancing in house/external provision	(400)	0	400	Various workstreams underway to right size care packages but challenges associated with identifying the resource required to undertake the work. A Review pilot in Monmouth to right size packages and Nevill Hall to discharge people with minimal care requirements, and establishment of a weekly QALG (Quality Assurance Group) to right size care package and ensure cost efficiency. However current data tells us that overall, once care reductions and new demand has been accounted for, the impact is one of increasing spend in this area.
F&Cs	Fees and charges increases - in line with inflation for SCH directorate	(415)	(415)	0	All agreed Fees and Charges for 2023/24 have been implemented
SCH9	Practice and Process Change Adults - For people with high support needs	(250)	0	250	SCH7 and 9 are merged together as they are both looking into the same operational areas and are mainly focussing around practice change and the effective application of CHC around the Adult care spectrum. At present we have one LD cases which has entered into the final level 3 dispute stage and we continue to challenge ABuHB with estimate costs of £250K.
SCH7	Learning disabilities - Remodelling of learning disability and mental health teams that will involve a decrease in team management hours.	(300)	0	300	
SCH8	Adult services - Direct payment saving	(200)	(200)	0	10% levy has been applied to all Direct Payment care packages
SCH2a	Staff restructuring within the Public protection service.	(103)	(27)	76	2 x Officers reduced their working hours from 1st April '23, capturing a saving of £27K. However, the deletion of HoPP post (main feature of this savings mandate) currently not being implemented, so no saving captured in 23/24.
SCH12b	Transformation Team structure - reduction in core workforce	(61)	(58)	3	Saving met practically in full
SCH11	Reduction in Adult partnership arrangements for Gwent service delivery models - Shared lives, Emergency duty, Frailty, Regional partnership team	(60)	(35)	25	Savings to date represent a 50% reduction in the RPT contribution.
SCH13	Monmouthshire & Torfaen YOS – Accommodation Change, Reduction in Staffing, Reallocation of Duties	(44)	(44)	0	YOS partnership budget has been realigned accordingly so SCH achieved the saving in its partner in year contribution
SCH12a	Transformation Team structure - vacant and temporary posts	(39)	(39)	0	Savings met 100%. Removal of counselling development fund (£8,000); Reduce commissioned training (£6,729); Reduce professional accredited professional and leadership training commissioned (£10,000); Review business support functions - vacant post (£14,000).

DeCarb1	Decarbonisation - Reducing energy consumption across the Council's estate	(532)	(355)	177	Potential Risk - only estimating 2 thirds achievable at present - Decarbonisation team is not yet in place resulting in a delay in implementing the energy reduction strategies highlighted in the saving mandate. In addition April and May was colder than expected so we are expecting heating bills to be up.
DeCarb1	Commercial & Landlord Services - Solar farm export tariff income	(150)	(150)	0	Achievable - budget uplifted to reflect 22-23 activity, no indication that this will not be the case in 23-24 so saving should be achieved in full.
C&P28	Highways Development & Car Parks - Increasing car park & permit charges.	(280)	(280)	0	Achievable - car park prices have been increased across authority, if activity remains the same as 22-23 then saving will be achieved in full.
22/23 Decision	Neighbourhood Services - Recycling & Waste - Increase garden waste charges to achieve a full cost recovery model and increase annual charge based on inflation	(250)	(250)	0	Achievable - Prices were uplifted as part of cabinet report in Jan - no notable reduction in uptake so assume saving will be made in full.
TRAN1+2	Fleet Maintenance - Reduction in operating fleet and corporate mileage reduction.	(160)	(110)	50	Fleet reduction of £60k on course to be achieved. Mileage - 50% achievable - roll-out of pool car scheme and other initiatives has been slower than anticipated so can only assume that 50% will be achieved in 23-24.
F&Cs	Uplift in fees & charges not covered by a standalone mandate	(155)	(155)	0	Achievable - Services have uplifted fees as per 23-24 MTFP - if activity remains the same then saving will be achieved across directorate.
C&P27	Highways Development & Car Parks - To increase the income target for road closures	(149)	(149)	0	Achievable - budget uplifted to reflect 22-23 activity - no indication that this will not be achieved in 23-24.
C&P4	Neighbourhood Services - To reduce the revenue budget for street lighting maintenance taking account of the reduction in energy usage and reduced maintenance requirements of recently renewed columns, LED lamps and traffic light renewals	(142)	(142)	0	Achievable - Energy and maintenance saving reflects actual reduction in 22-23, no indication that these savings will not re-occur in 23-24.
C&P8	Neighbourhood Services - Reduction of grounds maintenance services	(90)	(90)	0	Achievable - Mowing schedules have been reduced and sweeping structure changed so saving should be achieved in full.
C&P6	Neighbourhood Services - Grounds Maintenance and Cleansing - Uplift of charges for external contracts	(120)	(120)	0	Achievable - Pricing schedule has been updated to reflect new rates.
C&P3	Neighbourhood Services - Service savings and staff reduction.	(80)	(80)	0	Achievable - Re-use shop has increased opening hours so saving should be achieved, black bag sorting has been employed at sites so we should see a reduction in overall tipping costs.
C&P17,18,21+24	Highways & Flood Mgt - Reduction in staffing costs in the Highways and Flood Management service area	(74)	(74)	0	Achievable - Posts have been removed from structure so saving should be made in full.
PTU1	Passenger Transport Commissioning - New acceptable routes are implemented to reduce transport requirements based on current transport policy	(70)	(70)	0	Potential risk - The majority of the routes will be tendered in June so we will have a clearer picture in July. We are trying to increase the number of passengers travelling by public buses, but I think that will be limited by the uncertainties around bus grant funding. They are working on the costs for active travel to reduce transport demand and we do expect to see savings.

Service savings progress

C&P34+35	Planning, Policy & Building Control - To reduce revenue budget for the service area by reducing the professional and specialist fees, and photocopying and postage budget.	(59)	(59)	0		Achievable - budgets were reduced to reflect activity - no indication that this will change, achieved in full.
22/23 Decision	Housing - A proposed restructure of the Housing Sustainable Living Team	(50)	(50)	0		Achieved - Post has been removed from structure
22/23 Decision	Flexible Funding - Restructure Management Team to reduce core costs	(50)	(50)	0		Achieved - Post has been removed from structure
C&P7	Neighbourhood Services - Savings from Silbuster recycling plant.	(30)	(30)	0		Achievable - recycling plant is operational and contracted rebate payments have been received, saving will be achieved in full.
PTU7	Passenger Transport - Terminate the Mission Software and revert back to CTX which is a lower cost	(30)	(30)	0		Achievable - Change has been made, savings should be achieved in full.
C&P12	Housing - to build on the foundations of the well-established Careline Service to ensure it continues to be fit for future purpose.	(25)	(18)	7		Part Achieved - All clients have been written to and given notice of a price rise of £0.50 pw. Due to the increased charge being implemented wef 1st June 2023, it is not projected that the price increase will achieve the mandate target. Assuming no reduction of clients leaving the service due to the price increase, the additional projected income is £17,995. An agreed proposal to remodel the Careline service to a broader Assistive Technology model in order to align with Social Care requirements is making positive progress, including the appointment of a Digital Coach. A joint action plan focused on staff training and development has been established and is being implemented. One off grant funding acquired from Social Care Wales to support the Assistive Technology proposal. An arising risk is Call Monitoring Centre charges have increased for 22/23
PTU4-6a	Schools & Community Transport - Changing the licensing arrangements	(17)	0	17		Unachievable - This will not materialise as we have not been able to proceed with the operators licence as we are only allowed to run 10 public bus / grass route vehicles on it and we have more than that.
