

Performance and Overview Scrutiny Committee

Action List

17th July 2023

Minute Item:	Subject	Officer / Member	Outcome
4	Councillor Bond to send through the list of typos and corrections, to be amended in the report	Jill Bond, Nia Roberts	The amendments were made.
4	To provide information on the budget required and the impact of hosting the Eisteddod in 2016	Matt Gatehouse	At this stage we have only made a non-binding expression of interest. The likely financial costs and impacts would be dependent on a number of factors that have yet to be discussed, let alone agreed, for example the planned site. When Monmouthshire last hosted in 2016, Council agreed in advance to fund costs of £280K and set aside a further £300K to under-write community fundraising. In the end, community fundraising was successful and the financial cost to the local authority was £287K.
4	To provide the numbers of the Strategic Leadership team who have registered for a Welsh language course	Nia Roberts	There were no registrations within SLT in 22/23.
4	To provide a written response about lessons learned following the Commissioner's enforcement actions	Matt Gatehouse	The key learning from the enforcement action is the importance of clearly documenting the rationale and evidence base for decisions in our integrated impact assessment tool. Although we had considered the impact of policy decisions on the Welsh language we were unable to evidence that we had considered

			them, as the outcome of the deliberations was not recorded in the appropriate box.
5	To clarify the amount and percentage for the reduction in the budget on library books	Jonathan Davies	Response sent to Councillor Strong, 18 th July
