Age	The Deposit RLDP aims to have a positive impact on people of all ages, particularly through increasing opportunities for the younger population to both live and work within Monmouthshire to assist in ensuring a balanced demography whilst also supporting the needs of the older population socially, economically and by ensuring an appropriate housing mix to meet different needs. This would benefit younger people but not to the detriment of older age groups.	None	<p>The Deposit Plan seeks to provide a more balanced demographic profile for Monmouthshire. It progresses the evidence gathering, stakeholder engagement and Pre-Deposit work undertaken to date, and sets out the strategy, proposals and detailed policies for the future use and development of land in Monmouthshire (excluding the area within the Bannau Brycheiniog National Park (BBNP)) over the period 2018-2033. The Plan identifies how much sustainable growth is needed and where this growth will be located.</p> <p>Placemaking is embedded throughout the Plan, including detailed placemaking, design and site allocation policies, ensuring that exemplar places are created that are safe, accessible and pleasant for all.</p>

Sex	One of the challenges facing the County is the imbalance between male and female earnings, although this situation is improving. The Deposit RLDP aims to provide economic growth and employment provision, which could indirectly impact on wage equality and therefore access to housing and quality of life.	The jobs in the foundation economy are disproportionately occupied by females. This sector is vital to support our communities, as are jobs in tourism. Neither sectors are generally well-paid, although they often offer flexible working conditions that can assist work-life balance. Wage levels are not within the remit of planning policy and policies to try to seek only high paid jobs could be to the detriment of this vital economic sector.	<p>The Deposit Plan aims to support economic growth and prosperity. Socio-economic Duty and Social Justice	<p>The Social Justice strategy focuses on three main areas: tackling loneliness and isolation; tackling poverty and promoting equitable economic prosperity; and giving children the best start in life. The Deposit RLDP seeks to tackle house price unaffordability, which currently prevents some of our communities accessing suitable housing within the County, by maximising affordable housing delivery on new housing allocations, reflecting the Council's commitment to deliver 50% affordable homes on new housing sites. This is likely to benefit younger people in particular, which in turn will make our ageing communities more socially sustainable. Good quality and affordable housing is important in achieving poverty reduction and equitable prosperity, and supporting the best start in life. Any level of growth for the County relies on in-migration, some of which, whether English or Welsh or other nationality, will choose Welsh Medium education for their children. Also in-migration to Monmouthshire comes from other areas in Wales (including rural Welsh speaking areas e.g. Pembrokeshire, Ceredigion, Gwynedd, Ynys Môn, Denbighshire). This is in the main due to the significantly increased employment opportunities offered in Cardiff, Newport and in adjacent areas of England e.g. Bristol, Gloucester etc. Monmouthshire with its border location and transport links is accessible to all of these areas. This in-migration, together with the ambition to retain and attract younger families, will expose more children to Welsh curriculum education in all schools, increasing the number of Welsh speakers in the County. Service delivery Use of Welsh language in service delivery Promoting use of the language	All statutory documentation on the RLDP and associated consultation along with notices, social media and general correspondence will be bilingual. A document will be in English only if it comes from an external source that is not subject to compliance with the Welsh Language (Wales) Measure 2011. Emails/letters etc will make it clear that correspondence in Welsh is welcome and will not lead to a delay in response or a lesser standard of service . When requests are made for people to be added to the RLDP consultation database we will record language choice and communicate accordingly.
