Charter Against Scams

Gweithio gyda'n gilydd i helpu i ddiogelu pobl Cymru rhag sgamiau a thwyll, ac i gynorthwyo dioddefwyr.

Working together to help better protect people in Wales from scams and fraud, and to support victims.

Gall cael eich sgamio neu eich targedu gan dwyll gael effaith ddinistriol ar rai o'r bobl fwyaf agored i niwed yng Nghymru.

Mae sgamiau'n targedu pawb a gallai pob un ohonom gael ein twyllo ganddynt. Credir bod o leiaf 150,000 o bobl yng Nghymru yn cael eu twyllo gan sgamiau bob blwyddyn.

Yn gyffredinol, mae pobl hŷn yn dioddef ddwywaith y gollod ag y mae pobl ifanc yn ei ddioddef, ac amcangyfrifir bod dioddefwyr hŷn yn colli, ar gyfartaledd, £1,200 yr un. Mae rhai pobl hyd yn oed yn fwy agored i niwed am amrywiaeth o resymau, gan gynnwys tloedi, unigedd, llesgedd, nam gwybyddol, ac oherwydd y cânt eu targedu'n benodol.

Credwn y gall Cymru arwain o ran sefyll ynghyd yn erbyn sgamiau a gwneud ei hun yn wlad anghyfeillgar i sgamwyr.

Being scammed or targeted by fraud can have a devastating impact on some of the most vulnerable people in Wales.

Scams target everyone and all of us could fall prey to them. At least 150,000 people in Wales are believed to be victims of scams each year.

In general older people suffer twice the detriment that younger people do and it is estimated that older victims lose on average £1200 each. Some people are additionally vulnerable for a variety of reasons, including poverty, isolation, frailty, cognitive impairment and because they are specifically targeted.

We believe Wales can lead in presenting a united front against scams and making itself a hostile country to scammers.
