| LICENSING OBJECTIVE     |   |   |
| Describe the steps you  | intend to take to promote the fo                              | our licensing objectives:   |

a) General – all four licensing objectives (b,c,d,e)

List here steps you will take to promote all four licensing objectives together.

A comprehensive retail management approach to promote the licensing objectives and implement best practice. Key measures include robust staff training, strict ID verification, responsible practices, collaboration with local authorities, surveillance, community outreach, and addressing cumulative impact. Ensuring public safety involves clear aisles, proper shelving, effective lighting, slip and fall prevention, security, customer education, and emergency preparedness. To prevent public nuisance, focus on noise control, waste management, lighting, vandalism response, community engagement, and communication. Protecting children from harm in alcohol sales emphasis on age verification, signage, secure product placement, education, community involvement, and compliance checks, with a focus on preventing cumulative impact. This approach aims to create a secure, harmonious, and responsible retail environment

b) The prevention of crime and disorder

Robust ID Verification Practices: Implementing a strict age verification policy, such as Challenge 25, ensures that only customers of legal drinking age can purchase alcohol. This helps prevent underage sales and associated antisocial behavior. Staff Training: Providing comprehensive training for staff on recognizing signs of intoxication and handling difficult situations can empower them to refuse sales to intoxicated customers, reducing the likelihood of alcohol-fueled incidents. Effective Security Measures: Installing CCTV cameras can deter criminal activity such as theft and vandalism. Visible security measures create a safer environment for customers and staff alike. Community Engagement: Building strong relationships with local law enforcement and the community can help staying informed about potential issues. Participating in community initiatives and being responsive to local concerns fosters a sense of shared responsibility. Responsible Promotion and Marketing: Avoiding promotions that encourage excessive drinking and ensuring responsible merchandising can mitigate the risk of encouraging binge drinking and related disturbances in the community.

# c) Public safety

Fire Safety Measures: Comprehensive fire safety protocols are implemented, including regular inspections of fire alarms and extinguishers. Staff are trained in evacuation procedures to ensure prompt response in emergencies.

Proper Lighting: Adequate lighting is maintained throughout the premises to enhance visibility and prevent accidents, with regular checks to ensure all areas are well-lit.

Signage and Communication: Clear signage is displayed to inform customers of safety protocols, emergency exits, and other important safety information.

Staff Training Programs: Staff receive regular training on safety procedures and emergency response to effectively handle safety-related incidents.

Incident Reporting Protocols: Established procedures for reporting incidents and hazards encourage staff and customers to contribute to a safe environment.

Collaboration with Local Authorities: The premises collaborate with local law enforcement and safety organizations to address safety concerns and participate in community safety initiatives.

d) The prevention of public nuisance

Noise Management: The premises implement effective noise management strategies, including monitoring sound levels and adhering to local noise regulations to minimize disturbances to the surrounding community.

Waste Management and Cleanliness: Regular waste management practices are established to ensure the premises are kept clean and litter-free. This includes frequent disposal of waste and maintaining clear pathways to prevent any obstruction in the area.

Responsible Customer Conduct: Clear expectations for customer behavior are communicated and enforced. Staff are trained to manage and address any disruptive behavior swiftly to maintain a respectful and safe environment for all patrons.

Community Engagement: Active engagement with local residents and stakeholders is prioritized. The premises seek

feedback on any concerns regarding nuisance and work collaboratively to resolve issues, fostering a positive relationship with the community.

e) The protection of children from harm

Strict Age Verification Policies: The premises enforce rigorous age verification procedures to prevent underage access to restricted items. Staff are trained to request identification and follow protocols to ensure compliance with legal age restrictions.

Safe Environment: The premises maintain a safe and secure environment for children. This includes regular inspections of the facility to identify and mitigate potential hazards, ensuring that all areas are child-friendly.

Staff Training and Awareness: All staff receive training on recognizing signs of child harm and understanding safeguarding policies. They are equipped to respond appropriately to any concerns related to the welfare of children.

Clear Policies and Procedures: Comprehensive policies and procedures are established to protect children from harm. These include guidelines on reporting concerns, handling disclosures, and collaborating with relevant authorities.

Community Engagement and Support: The premises actively engage with the local community to promote awareness of child protection issues. Partnerships with local organizations and authorities are fostered to support initiatives aimed at safeguarding children.

Your right to work will be checked as part of your licensing application and this could involve us checking your immigration status with the Home Office. We may otherwise share information with the Home Office. Your licence application will not be determined until you have complied with this guidance.

#### Home Office online right to work checking service

As an alternative to providing a copy of the documents listed above, applicants may demonstrate their right to work by allowing the licensing authority to carry out a check with the Home Office online right to work checking service.

To demonstrate their right to work via the Home Office online right to work checking service, applicants should include in this application their 9-digit share code (provided to them upon accessing the service at <a href="https://www.gov.uk/prove-right-to-work">https://www.gov.uk/prove-right-to-work</a>) which, along with the applicant's date of birth (provided within this application), will allow the licensing authority to carry out the check.

In order to establish the applicant's right to work, the check will need to indicate that the applicant is allowed to work in the United Kingdom and is not subject to a condition preventing them from doing work relating to the carrying on of a licensable activity.

An online check will not be possible in all circumstances because not all applicants will have an immigration status that can be checked online. The Home Office online right to work checking service sets out what information and/or documentation applicants will need in order to access the service. Applicants who are unable to obtain a share code from the service should submit copy documents as set out above.
