Deposit RLDP Representation Responses: Guidance Note

Appendix 12 of the Deposit RLDP Consultation Report sets out a summary of all duly made representations received to the Deposit Plan consultation and the Council's responses to these representations. This guidance note has been prepared to assist readers in navigating these representation responses which are set out in multiple volumes due to the number of comments received on the Deposit Plan.

The representations received to the Deposit Plan consultation have been recorded by the different policy areas in the RLDP, meaning that your original comments may be responded to in multiple volumes. To view the full representations to the Deposit RLDP consultation as originally submitted, please see the separate Representations Register which provides a factual compilation of the comments received, with the necessary redactions made where relevant.

The representation responses are set out in 23 different volumes organised by topic area of the RLDP as set out in Table 1.

How to find Representation Summaries and the Council's Response to these Representations

The following steps will assist you in finding your representation summaries and the Council's response to these representations as set out in Appendix 12 of the Deposit RLDP Consultation Report:

- **Step 1:** Find your representor number in the Index below. For ease of reference, representors are grouped by type i.e. Private Individuals, Organisations, Statutory Consultees etc. and, within these groups, by alphabetical order.
- **Step 2:** Search using your representor number in the various volumes of representation responses – this will identify your summary representation(s) and the Council's response(s). If you commented on multiple policy areas of the Deposit RLDP, your comments will be set out in multiple volumes.

Example – Searching for Representation Responses in the Online Version of the Deposit RLDP Consultation Report (Appendix 12)

As an example, if you commented on the RLDP 'Key Issues, Challenges and Opportunities' you would need to search for your representor number in the relevant volume of representation responses, which in this case is Volume 1.

To do this, locate your representor number (see Step 1 above), in this example 1196, then add this number to the 'find tool' (Can also be accessed by pressing Ctrl + F together on your keyboard). This will identify all representations in that volume (Key, Issues, Challenges and Opportunities) for representor 1196. The screenshot below shows how to search using your representor number within a volume of representation responses.

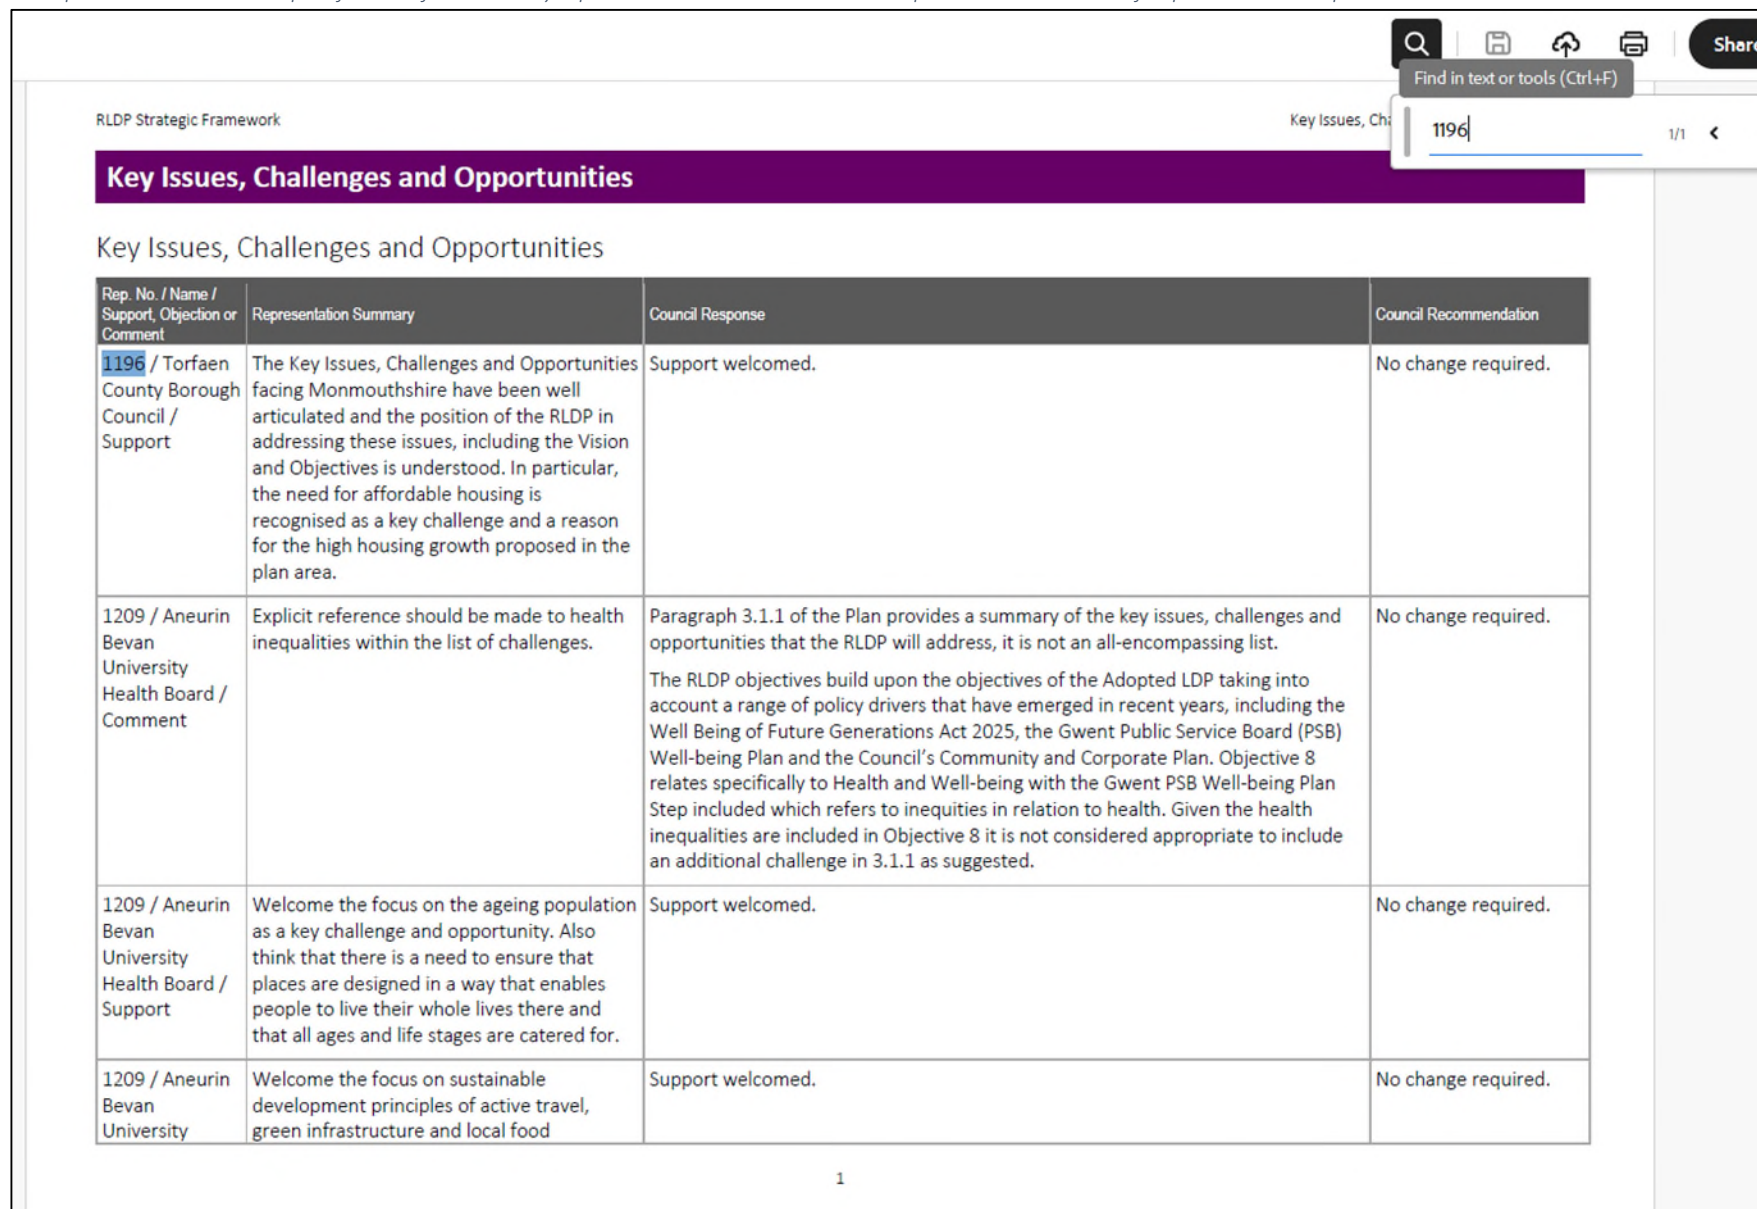

If you do not know which policy area(s) of the Deposit RLDP you have commented on, you will need to use your representor number to search through the various volumes of representation responses.

Further Help

If you cannot find your representor number or cannot locate your representation and the Council's response to your representation in the associated volumes, please contact Monmouthshire's Planning Policy Team for assistance - telephone 01633 644429 or email planningpolicy@monmouthshire.gov.uk

If reading a paper version of the Deposit RLDP Consultation Report, you will need to search through all the volumes manually.

RLDP Strategic Framework

Key Issues, Challenges and Opportunities

Key Issues, Challenges and Opportunities

Rep. No. / Name / Support, Objection or Comment	Representation Summary	Council Response	Council Recommendation
1196 / Torfaen County Borough Council / Support	The Key Issues, Challenges and Opportunities facing Monmouthshire have been well articulated and the position of the RLDP in addressing these issues, including the Vision and Objectives is understood. In particular, the need for affordable housing is recognised as a key challenge and a reason for the high housing growth proposed in the plan area.	Support welcomed.	No change required.
1209 / Aneurin Bevan University Health Board / Comment	Explicit reference should be made to health inequalities within the list of challenges.	Paragraph 3.1.1 of the Plan provides a summary of the key issues, challenges and opportunities that the RLDP will address, it is not an all-encompassing list. The RLDP objectives build upon the objectives of the Adopted LDP taking into account a range of policy drivers that have emerged in recent years, including the Well Being of Future Generations Act 2025, the Gwent Public Service Board (PSB) Well-being Plan and the Council's Community and Corporate Plan. Objective 8 relates specifically to Health and Well-being with the Gwent PSB Well-being Plan Step included which refers to inequities in relation to health. Given the health inequalities are included in Objective 8 it is not considered appropriate to include an additional challenge in 3.1.1 as suggested.	No change required.
1209 / Aneurin Bevan University Health Board / Support	Welcome the focus on the ageing population as a key challenge and opportunity. Also think that there is a need to ensure that places are designed in a way that enables people to live their whole lives there and that all ages and life stages are catered for.	Support welcomed.	No change required.
1209 / Aneurin Bevan University	Welcome the focus on sustainable development principles of active travel, green infrastructure and local food	Support welcomed.	No change required.
