Our objections remain the same. A licence to sell alcohol and play live or recorded music until 10.00pm will cause an unacceptable level of noise pollution. The proximity of Pegasus Court to 7-9 Mill Street is demonstrated in the photographs we have submitted.

The cars of people visiting the local fast food outlets are parked simultaneously on both sides of Mill Street. To add the the additional cars and taxis needed at 10.00pm to ferry 60 people from functions at Garden Kitchen would create a level of noise that would disrupt further the lives of people living in Pegasus Court.
