2. The Socio-economic Duty and Social Justice

The Socio-economic Duty requires public bodies to have due regard to the need to reduce inequalities of outcome which result from socio-economic disadvantage when taking key decisions This duty aligns with our commitment as an authority to Social Justice.

	Describe any positive impacts your proposal has in respect of people suffering socio economic disadvantage	Describe any negative impacts your proposal has in respect of people suffering socio economic disadvantage.	What has been/will be done to mitigate any negative impacts or better contribute to positive impacts?
--	---	--	--

Socio-economic Duty and Social Justice	Whilst Assistive Tech provides a reactive service, the aim is for Assistive Tech to be increasingly a preventative service. Supporting people to live safely and independently at home can help avoid associated financial expenditure relating to crisis circumstances.	It is known that some people will chose not to self fund.	It will be an on-going action to continue to identify alternative funding options to keep charges affordable.

5. How has your proposal embedded and prioritised the sustainable governance principles in its development?

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 Long Term Balancing short term need with long term and planning for the future	Assistive Tech offers short to medium term support which aims to avoid or delay accessing long-term care options It recognises that small or low level issues such as mental and physical deterioration associated with age, can escalate into serious issues eg dementia, falls. Assistive Tech offers an alternative option to traditional forms of care and possibly the need to move home.	The aim is continue to develop the Assistive Tech service through targeting Social Care workforce. Assistive Tech should be part of their toolkit. The Digital Coach supports the Social Care workforce to consider Assistive Tech as an alternative option to traditional care.
 Collaboration Working together with other partners to deliver objectives	The delivery assistive tech is through a partnership between Housing & Communities and Social Care and a number of respective teams.	Arrangements already exist and the aim is to broaden the partnership to include Health and possibly other Social Care teams.

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 Involvement Involving those with an interest and seeking their views	Assistive Tech delivery is through a partnership approach between Housing & Communities and a number of teams within Social Care eg reablement team. Their views are very important from a Housing & Communities perspective as they provide the strategic steer	Health services are currently are not as embedded with the approach as hoped, but the aim is to increase the involvement as part of the partnership.
 Prevention Putting resources into preventing problems occurring or getting worse	The proposal is about strengthening and improving housing support as a preventative service to offset the need for other services to be accessed, particularly at a point of crisis. HSG services seek to intervene early and address low level issues to prevent escalation.	Resources are already being directed towards mitigating against homelessness through trying to prevent homelessness and other crisis.

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 Integration Considering impact on all wellbeing goals together and on other bodies	The proposal positively impacts on well-being eg health, financial etc by helping people retain accommodation or access good quality alternative accommodation Services have the potential to support wider priorities and services.	N/A
