

## Adult Select Committee Portfolio Position Statement Outturn (2015-16)

### DIRECTOR'S COMMENTARY

### APPENDIX 4

The overall outturn position for the directorate is £1.2m after reserve funding adjustments, in line with our month 9 predictions.

In terms of the Adult division it is pleasing to deliver an under spend at year end of £204K. We need to recognise the significant achievements of managers and front line staff in meeting and exceeding budgets laid down to deliver an underspend at outturn.

We are on track and on a firm footing moving into 2016/17, but this has its own challenges with the pressures as a consequence of the demographic challenges within Monmouthshire, the SS&WB Act and delivery of the £1.2m savings mandate spanning 2016/17-2017/18.

**Mandate 33**

**Adult Social Care**

**The service is continuing its journey on practice change and restructuring itself to meet future mandate savings with community links and innovative approaches to domiciliary care, coupled with less reliance on admissions to residential care.**

The size of the saving is challenging, however the service is working together as a whole team in order to continue to review its performance in order to meet them.

Change in practice will need to continue at pace and be significant, this will continue to take time.

All targets were fully achieved at outturn.

'Dementia care matters' training roll out continues with vigour and there is full commitment that this training will support the changes in practice that are required.

Continue to review the structures and workforce to establish the resource, knowledge and skills moving forward.

Service transformation will continue to evolve and approval sought as the programme develops.

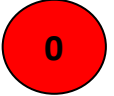

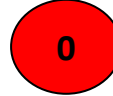

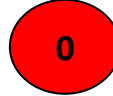

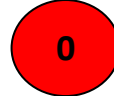

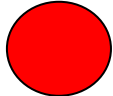

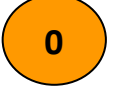

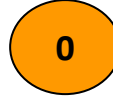

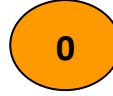

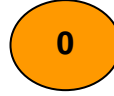

Continue to deliver and ongoing evaluation of the DCM training and other training that supports the workforce to change practice.

Continue to capture and work with teams to further develop ideas and drive practice change.

IT build continues with further developments such as reporting tools, positive feedback from users of FLO continues.
