

SUBJECT: Workforce and Practice Development Plan

MEETING: Cabinet Report

DATE: 27th July 2016

DIVISION/WARDS AFFECTED: Social Care and Health

1. PURPOSE:

To consider and endorse the approach contained within the Workforce and Practice Development Action Plan.

2. RECOMMENDATIONS:

For members to receive and scrutinise the information concerning key challenges within the Workforce and Practice Development Plan.

3. KEY ISSUES:

- 3.1 This plan forms part of the overarching transformation programme for Children's Services. It has been designed to deliver the cultural and practice change necessary to realise the benefits from the legislative framework in the Social Services and Well-being (Wales) Act (2015).
- 3.2 This plan sets out how we intend to further shape the workforce within Children's Services. It is our mechanism for ensuring that we have the right people in the right places with the appropriate skills to deliver the aim of the Service which is to ensure that Monmouthshire's children and young people reach their full potential and live free from harmful effects of abuse and neglect.
- 3.3 The Workforce Plan has interrelated components; the diagram below illustrates these. This plan will be managed as a work stream that reports into the overall programme. This also supports our path to improvement. These areas include:
 - Continued significant budgetary pressure
 - Achieving a confident, competent and stable workforce
 - By complimenting the service model and ensuring that our model, operating procedures and pathways of care are clear, embedded in practice and widely communicated

Addressing these challenges will require a programme approach which captures the interrelatedness of many of the areas for development. This will require the commitment of the whole service together with on-going support from the council.

3.4 The proposed programme approach is set out in the action plan at appendix 1.

4. REASONS:

We recognise that continual change is challenging for staff therefore this stream of work will support staff to deliver the ambitious overall change agenda for children's services. Workforce development is a major element in improving outcomes for children and young people and families. The ability to continuously improve is intrinsically linked to:-

- 4.1 The quality and capacity of the people who lead, manage, deliver and support those services.
- 4.2 How effectively people work together across organisational and professional boundaries to combine their expertise.

Within the overarching context of key legislation change, the need for continuous self-assessment and improvement within Children's Services is informed by data drawn from a range of sources across three main areas.

- Our own self-assessment and service planning processes; our analysis of key performance information including case audit and review. Our recent commissioned review through IPC has strengthened and reinforced our analysis.
- External regulators CSSIW and Estyn inspection reports; CAFCASS reports and case reviews.
- Recent and regular feedback from staff, service users and partners.

These information sources have provided consistent messages to inform us about our current children's service development priorities and our aspirations, this includes the workforce elements. We will know we have succeeded within the workforce plan when:

- 1. We will have a range of effective marketing, recruitment and retention strategies that increase the number of good quality team members who apply, are appointed and who share our values and are committed to deliver our vision.
- 2. Our workforce will be working together effectively delivering evidence based interventions and making the most of the tools and processes available.
- 3. We will have confident, supportive and strong leadership team committed to deliver the plan.
- 4. The whole workforce share's the same vision.
- 5. Continue to support our workforce in their roles by making training and development opportunities available in line with specific identified and agreed needs.
- 6. We will use our finance and resources to support our workforce in a cost effective way.
- 7. We will have a stable workforce who are resilient and proud of the work they do.
- 8. We will become a 'grow your own' service that encourages and supports pre and post qualifying learning, personal development and support.
- Social workers will spend more time with children and families through the embedded business processes that effectively supports the service to deliver good outcomes for children.
- 10. We will have a Workforce Strategy that is supported by the whole organisation. This strategy will be a key focus for the workforce work stream of the Children's Improvement Programme that is being developed.

5. RESOURCE IMPLICATIONS:

It is assumed that we have sufficient resource to deliver this action plan. As the work stream develops if this is not the case suitable approval will be sought to obtain relevant resources necessary.

6. WELLBEING OF FUTURE GENERATIONS IMPLICATIONS (INCORPORATING EQUALITIES, SUSTAINABILITY, SAFEGUARDING AND CORPORATE PARENTING)

The Workforce and Practice action plan has been developed to impact positively on all children, young people and their families we work with. This will be regularly updated and reviewed as the programme develops.
