

## Economy & Development Select Committee Portfolio Position Statement Month 2 (2016-17)

APPENDIX 3

### DIRECTOR'S COMMENTARY

The Directorate continues to respond to significant upheaval during the year with regard to increasing previous and current year mandated saving delivery and re-engineering of services. All of this is happening in tandem with lead responsibility for Future Monmouthshire and so balancing resources to manage today, whilst preparing for tomorrow is a challenge, but equally an opportunity we must continue to vigorously pursue.

Commonly outturn forecasts improve during the year, and efforts will continue to be made to that end. But looking forward, continuing cost pressures remain around markets, leisure, museums and culture, and whilst we are generating more income than ever – it remains insufficient in meeting annually uplifted targets. This reflects some of the issues we're experiencing whereby the current service formats, mean we have saturated the markets available to us and without considerable capital investment - it is not feasible to charge premium rates. This position, which will not change as things currently stand, is now a driver underpinning exploration of alternative delivery vehicles and the Future Monmouthshire programme.

### 1. Revenue Outturn Forecast

1.1 The combined budget and outturn forecast for this portfolio is

**Mandate A28**

**Community Hubs**

**Community Hubs aim to deliver services in a different way, aligning them with the Whole Place philosophy. This will introduce major changes to how the library, one stop shop, Community Education and citizen advice and support services are delivered. We will create a hub in each town where in person services will be delivered. The contact centre will aim to provide a reliable and informed first point of contact for people contacting us other than in person.**

We envisage works to commence on Abergavenny Hub during 2017 following a period of public and Member consultation to agree plans and costs.

**Alternative Delivery Plan as at Month 2 (variance on original mandate target)**

Due to delayed implementation of the community hub in Abergavenny the service has identified a reduction in the services resources budget along with the savings from staffing budgets due to vacancies.

Commence Member and Public consultation to agree plans and costs.

**Leisure Services  
Income Generation**

Current status    Trend since last report

**Income generation/cost savings within the service.**

The summer activities have been remodelled to being more commercially focused, 'The Monmouthshire Games'. This new model if proved to be successful will be rolled out across other school holiday periods. The change in delivery method is anticipating to generate an additional £10k across the whole of the financial year

We have re-engaged with Technogym to look at innovative ways to retain members through the 'My Wellbeing System'. We have designed monthly member challenges and introduced KPI's to monitor performance, and designed 3 specific targeted promotions. Retention and increase in new membership anticipates to generate an additional £10k

The current Learn to swim programme is operating very successfully at 95%. Opportunities have been identified in some of our settings to further increase the % take up in swimming to generate an additional £10k.

Events have already been planned for the financial year that include 'Status Quo' at Caldicot Castle this summer. This act along with other events already being planned will generate £25k additional income.

A restructure is scheduled to take place within the next few months, resulting in a reduced budget requirement amounting to £55k.

To continue to develop the new model and provide activities through all other school holiday periods.

Continue to monitor retention rates of members and continue to promote facilities at specific times throughout the year.

Continue to monitor the membership of the programme.

Current external management arrangements for the cleaning contract will be brought back in house resulting in a saving of £10k.

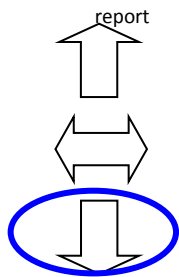

**Mandate B3**

**Training Services consolidation**

Current status

Trend since last report

**Consolidation of the Authorities existing training functions.**

An initial report for the Authorities training provision has been produced outlining some income generating opportunities along with some budget savings through identified efficiencies.

Further work is required across all training leads in the Authority to firm this report up, an update expected to be known at Month 6. Due to the delay in this detailed work the original mandate will not be achieved in the financial year 2016/17.

**Alternative Delivery Plan as at Month 2 (variance on original mandate target) - The service has considered alternative plans to deliver savings identified in the original mandate, however this would require a reduction in staffing levels resulting in non-delivery of demand led training needs of the Authority.**

Continue to work with training leads to provide greater detail to the initial report, clearly identifying income generation opportunities and efficiencies.

The service to continue to review other opportunities to contribute to original mandate savings identified.

**Mandate B5**

**Community Asset Transfer/ Income generation**

**Community Asset Transfer of two properties (£60k)**

MCC are still in discussion with Chepstow Town Council over the future usage of the Drill Hall building.

The Estates department are currently requesting expression of interests from the Community groups for transfer of the Melville Theatre.

The savings identified in this mandate will be partially achieved in this financial year - £45k

**Optimise Council Assets to Income Generate (£100k)**

The savings to be achieved from Mandate B5 had been increased by £100k as a result of opportunities that the Authority wished to explore around working with commercial partners to exploit income generation opportunities around the use of its assets. As a result of initial exploration it is now unlikely that savings will be generated in 2016/17 from opportunities originally identified although these are still being pursued. However, as a result of the emergent Future Monmouthshire programme a specific work stream is being developed that will focus on identifying opportunities to optimise and commercially exploit assets. As this work stream develops there will be an

early focus on opportunities that might offer the ability to generating savings in the short-term. A further update will be provided at month 6 where it is hoped that a more optimistic view can be offered on part or all of the savings being achieved.”

**Alternative Delivery Plan as at Month 2 (variance on original mandate target) –**  
 There is no alternative savings plan being offered forward at this stage as this will be explored as part of the FM strand referred to above.

**Mandate B9**

**Planning Services-  
Income Generation**

**Reduce the net cost of planning services with the increase of income from planning applications received.**

Planning application fee income for the first 2 months of the year is down on the same period last year, some of which can be explained by the higher than normal number of major applications attracting large fees received in April 2015.

Income within the service can fluctuate significantly from month to month due to the high fees a small number of large applications can make.

Legislative changes from August 2016 may increase application number before implementation, further update on applications will be available at month 6 reporting.

**Mandate B10**

**Extension shared lodgings housing scheme**

Current status

Trend since last report

**Increase the Shared Housing Scheme within Monmouthshire. (£40k)**

The service is experiencing the on-going challenge of acquiring private accommodation to discharge duty. The service continues to market the scheme and is further developing the web site to attract new landlords.

The service has secured leased properties.

**Reduction in B&B costs. (£10k)**

B&B placement and in average stay time reductions has resulted in a reduction in costs, however with the on-going challenge on securing private landlords for the Shared Housing Scheme this could result in B&B placements increasing in the future.

A priority for this financial year will be to evaluate the impact and benefit of the Joint Housing approach, engage with private landlords to facilitate discharging the homeless prevention duty and develop a private leasing model.

Continue to monitor the emerging risk of the consideration by Central Government to review the housing benefit regulations which could potentially reduce the housing benefit management charge resulting in a reduction in income to the service in future years.

**Residential Agency Service (£10k)**

The original mandate identified the creation of an Arm's Length Company to provide a residential agency service. Following Legal advice it is highly unlikely that this is now a sound proposition, however discussions are on-going.

**Termination of lease (£10k)**

Termination of leases to generate efficiencies is on track to achieve the savings identified in the mandate for the financial year 2016/17.

**Depot Rationalisation Programme (£20k)**

Discussions have commenced around depot rationalisation. The project will require detailed service modelling, along with staff and public consultation. The timeline for this work will span over several financial years. The reduction in costs included in this mandate will not be achieved within this financial year.

**Waste (£83.5k)**

Contributions received from the Town Councils.

**Grounds (£71.5k)**

Staff vacancies within the service will achieve the identified target within the financial year.

**Alternative Delivery Plan as at Month 2 (variance on original mandate target) – An alternative delivery plan is not available as at Month 2.**

**2. Capital Outturn Forecast**

There was no original budget for capital schemes within this portfolio however capital slippage from 2015/16 of £680,000 has been allowed into 2016/17. The budget is separated under the following headings

<b>ECONOMIC DEVELOPMENT</b>	<b>Annual Forecast</b>	<b>Original Budget</b>	<b>Slippage from 2015/16</b>	<b>Total Approved Budget</b>	<b>Slippage to 2017/18</b>	<b>Adjusted Budget</b>	<b>Annual Overspend / (Underspend) Month 2</b>
