Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Long Term</p> <p>Balancing short term need with long term and planning for the future</p>	<p>Business plans, investment opportunities, community, staff and member engagement are part of the next phase of developing the new Delivery Option for the future. During this period there is still a need to ensure the services continue to function.</p>	<p>The reducing budgets and savings have led to some service areas reducing core hours of operation. There has been a concerted effort to assist by mobilising volunteers, making efficiencies and generating income. Where possible using existing staff were we have had vacancies.</p>
 <p>Collaboration</p> <p>Working together with other partners to deliver objectives</p>	<p>The services have some key partners from funding, grants and delivery of service. Some key partners include other LA's, Public Health Wales, NRW, Sport & Art Wales, Visit Wales, Town & Community Council, Youth Offer partnership, Creating Active & Healthy Monmouthshire, Schools, Unions. During the new Delivery Option engagement process all major stakeholders and partners will be involved.</p>	<p>The next phase of the new organization will include a full engagement programme for which resources and an interim structure will be put in place to move things forwards.</p>
 <p>Involvement</p> <p>Involving those with an interest and seeking their views</p>	<p>The next phase of the establishment of the new Delivery Option will include a full engagement programme and resources and structure will be put in place.</p>	<p>The engagement process will be constantly reviewed and evaluated to ensure the views of all those who have an interest are taken into account.</p> <p>An initial staff engagement day was organized following, the business mandate for 2016/17. All service areas were invited to participate and contribute to how they would like to be kept up-to-date and involved as we start to look at the process and present the options. A number of 'staff champions' have stepped forward to help with the process to communicate and support teams on the ground. An electronic newsletter is sent to all staff periodically when there is any further information or progress to share. This ensures all staff are receiving a consistent message and the champions have something to share with teams and collect any feedback in necessary.</p>

Sustainable Development Principle	Does your proposal demonstrate you have met this principle? If yes, describe how. If not explain why.	Are there any additional actions to be taken to mitigate any negative impacts or better contribute to positive impacts?
 <p>Putting resources into preventing problems occurring or getting worse</p> <p>Prevention</p>	<p>The business plans for each service are being developed with the site teams and managers. In the plans there are opportunities for growth and investment.</p> <p>If this is not done the services will be managing decline and income targets will not be maintained causing a downward spiral.</p>	<p>The new Delivery Option will develop a new staffing structure and investigate how best to mobilise it's incredible talented teams across the various business opportunities and services.</p>
 <p>Considering impact on all wellbeing goals together and on other bodies</p> <p>Integration</p>	<p>The opportunity to develop a new way of delivering services and sustaining their long term future should give the opportunity to better connect wellbeing outcomes to other partners and bodies. All the services being considered contribute to the wellbeing goals although some are more clearly defined than others. It is important that the services are able to clearly demonstrate and understand their input into the wellbeing goals – it is also important to consider the impact.</p>	<p>One of the key drivers of the new Delivery Option will be the promotion of activity, health, culture and art and its structure and key developments will reflect that.</p>
