

**SUBJECT: Improvement Objectives and Performance indicators – 2016/17  
Quarter 2 update**

**MEETING: Economy & Development Select Committee**

**DATE: 24<sup>th</sup> November 2016**

**DIVISIONS/WARDS AFFECTED: All**

## **1. PURPOSE**

- 1.1 To present quarter 2 performance data for the Improvement Objectives which are under the remit of Economy & Development Select Committee:

Improvement Objective 3 - We want to enable our county to thrive (Appendix A)  
Improvement Objective 4 - Maintaining locally accessible services (Appendix B)

- 1.2 To present the latest performance against wider key national performance indicators that are under the committee's remit (Appendix C)

## **2. RECOMMENDATIONS**

- 2.1 That members scrutinise the performance achieved and impact made, particularly in areas that fall under the committee's remit, to assess progress and performance against the objectives.
- 2.2 That members identify and explore any areas of underperformance or concern, and to seek assurance from those responsible for future activity where they conclude that performance needs to improve.

## **3. KEY ISSUES**

- 3.1 Improvement Objectives are set annually by the Council to deliver on priorities, these are set in the Council's Improvement Plan 2016/17. Despite objectives being focussed on the long term the specific activities that support them are particularly focussed for the year ahead.
- 3.3 Activity that contributes to the delivery of some objectives cross cuts Select Committee remits and these will also be reported to the other relevant committee(s). Therefore it is suggested members particularly focus their scrutiny on the activity relevant to the committee with consideration of its contribution to the objective as a whole.
- 3.4 The Improvement Objectives will be evaluated at the end of the year (2016/17) based on the council's self-evaluation framework, as set in the Improvement Plan 2016-17. Performance against them will be reported to Select Committee and in the Stage 2 Improvement Plan published in October each year.
- 3.5 This is likely to be the final annual cycle of Improvement Planning in this format. The council is currently undertaking two substantial assessments of need and wellbeing within the county as a consequence of the Wellbeing of Future Generations Act and the Social Services and Wellbeing Act. This information will provide a much deeper evidence base of well-being in the County and will be used to review the council's

current improvement objectives in preparation for the publication of the council's well-being objectives by 31st March 2017.

- 3.6 Appendix C sets out further Key Performance Indicators from the National Performance indicator set that are under the committee's remit. The primary purpose is to highlight the performance achieved so far in 2016/17. In some cases this may result in duplication of indicators already included in other sections of the report. Where indicators relate to the performance of services that are under the remit of more than one committee these will also be reported to the other relevant committee(s).

**4. REASONS:**

- 4.1 To ensure that members have an understanding of performance against these areas of work and are able to scrutinise them to ensure a rigorous focus on improvement and delivering its priorities of education, support for vulnerable people, support for enterprise and job creation and maintaining locally accessible services.

### MCC Improvement Objective 3: We want to enable our county to thrive

<p><b>Council Priority:</b> Supporting business &amp; job creation</p> <p><b>Well-being goal contributed to:</b></p> <p><b>A prosperous Wales</b> – Focussing on using resources efficiently, developing skills and an economy which generates wealth and provides employment.</p> <p><b>A Wales of vibrant culture and thriving Welsh language</b> - A society that promotes and protects culture, heritage and the Welsh language.</p> <p><b>A resilient Wales</b> - A natural environment supporting social, economic and ecological resilience.</p>	<p><b>Single Integrated Plan Outcome:</b> Business and enterprise</p>
<p><b>What the Single Integrated Plan identifies that we will contribute to:</b></p> <p>To enable business and enterprise to prosper in Monmouthshire, we need:</p> <ul style="list-style-type: none"> <li>• Better paid local employment opportunities</li> <li>• To retain more of the spend of visitors, citizens and businesses within Monmouthshire.</li> </ul> <p>For people in Monmouthshire to have affordable and appropriate housing</p>	<p><b>Why have we chosen this?</b></p> <p>This objective aligns closely with the single integrated plan for Monmouthshire. To create better employment prospects we need to develop and promote an enterprising culture, which builds business resilience and creates excellent outcomes for our communities. For our county to thrive we need to continue to work with our residents, invest in communities and base our delivery on ‘what matters’ to people in their communities</p>
<p><b>Overview</b></p>	
<p>Work on the CCR City Deal is advancing towards a final agreement between the 10 local authorities, central and Welsh Governments. Monmouthshire, in conjunction with the Leader of Torfaen Council are leading on the Innovation, Digital and Business Engagement theme. A draft CIL charging schedule has been developed and is currently being prepared for submission for independent examination. The latest annual monitoring report of the LDP (2015/16) recommends an early review of the LDP, and concludes that while good progress has been made in implementing many of the plan’s policies and overall the strategy remains sound, a number of key housing provision policy targets are not being met.</p> <p>Public realm improvement works in Abergavenny town centre have been completed and one project in Abergavenny has been allocated loan funding under the loan scheme. The Caldicot town centre linkage scheme is scheduled to start in January while an application has been submitted to Welsh Government to establish a ‘Vibrant and Viable Places’ loan scheme initiative for Caldicot Town centre.</p> <p>In total 140,297 people attended the Monmouthshire &amp; District Eisteddfod, further information on Tourism Accommodation rates for the period of the Eisteddfod will be available soon. Monmouthshire business and enterprise have continued to support businesses. Assistance from Monmouthshire Business Enterprise and partners has helped safeguard 45 jobs so far in 2016/17.</p>

<p>Maximise the potential for Monmouthshire to contribute to and benefit from the creation of the Cardiff Capital Region (CCR) City Deal.</p>	<p>March 2017</p>	<p>Milestone: Council decision on signing up to the city deal</p>	<p>Work on the Deal is advancing towards a final City Deal Agreement between the 10 local authorities, central and Welsh Governments.</p> <p>Interim governance arrangements are in place and council agreed a further report on these arrangements in September 2016.</p> <p>The Cardiff Capital Region City Deal Project Board have agreed that individual Leaders would take responsibility for a “theme” of the proposed deal. Monmouthshire, in conjunction with the Leader of Torfaen Council are leading on the Innovation, Digital and Business Engagement theme.</p> <p>We have developed an Innovation Prospectus in conjunction with colleagues in government, HE and the private sector. This has helped to shape and inform the activities we hope to develop for the region as part of the Deal. This includes a compelling evidence base, priorities for action and indications of likely ROI. Many of the interventions have been recognised and supported by the Independent Economic Growth and Competitiveness Commission.</p> <p>We have begun to develop links with partners in Industry, HE and Government around wider potential</p>	<p>A £1.2bn City Deal for the CCR represents a significant opportunity for the region as a whole and Monmouthshire. It will mean the CCR is able to make strategic investments in programmes that will have a material and measurable impact on the city-region economy, as well as enable the implementation of devolved powers which will allow the region to exert greater influence over its economic future.</p>	<p>On target</p>

### MCC Improvement Objective 4: Maintaining locally accessible services

<p><b>Council Priority:</b> Maintaining locally accessible services</p> <p><b>Well-being goal contributed to:</b></p> <p><b>A Wales of cohesive communities</b> - Attractive, viable, safe and well-connected communities.</p> <p><b>A prosperous Wales</b> – Focussing on using resources efficiently, developing skills and an economy which generates wealth and provides employment.</p> <p><b>A resilient Wales</b> - A natural environment supporting social, economic and ecological resilience</p>	<p><b>Single Integrated Plan Outcome:</b> People have good access and mobility and People protect and enhance the environment</p>
<p><b>What the Single Integrated Plan identifies that we will contribute to:</b></p>	<p><b>Why have we chosen this?</b></p>
<p>For people to have good access and mobility, we need:</p> <ul style="list-style-type: none"> <li>• To ensure rural communities have good access to services</li> </ul> <p>To enhance our environment, we need:</p> <ul style="list-style-type: none"> <li>• To enable people to enjoy more of Monmouthshire</li> <li>• To produce less waste and recycle more</li> </ul>	<p>Maintaining local access to services is crucially important to us, we will work hard to be effective in delivery of our services. The political administration's Continuance Agreement 2015-17 makes it clear that while there are tough choices to be made in the next couple of years the council will seek to ensure all valued services survive whether they are best placed to be provided by the council or other organisations.</p>
<p><b>Overview</b></p>	
<p>An independent option appraisal for Leisure, Tourism, Culture and Youth Services has been completed and a full Business Case is being developed.</p> <p>A trial involving approximately 6500 households on the separate collection of glass in a recycling box commenced in September 2016. The provisional recycling rate at quarter 2 2016/17 is 70.3%, which is above the Council's targeted level and the Welsh recycling target for 2025 of 70%.</p> <p>Applications continue to be invited for projects in line with the 5 themes of the Rural Development Plan (RDP). 15 projects have been approved by the Local Action Group so far in 2016/17. As the projects are mainly still in the infancy of their funding period outputs reported through the RDP LEADER Performance Framework are low so far.</p> <p>Community Hubs, combining One stop shops and library services have been established in Caldicot, Chepstow, Monmouth and Usk, with work continuing to establish a community hub in Abergavenny.</p>

Ensure that tourism, leisure, culture services and the Youth Service can continue to prosper by being delivered in a different way.	October 2016  Draft Business Plan requiring Political approval	Milestone: Option appraisal completed  Milestone: Business plans considered via council process	An independent option appraisal for the Leisure, Tourism, Culture and Youth Services has been completed and presented to a joint select Committee on 19 <sup>th</sup> September.  The option appraisal including scrutiny's conclusions was presented to cabinet in October 2016 who approved the next stage of the project to develop a full Business Case and to continue the staff, community and service user consultation process. The business case is planned for further consideration by Members early in 2017.	The purpose of the proposed new Delivery Option is to ensure much valued local services are maintained.  It aims to enable services to be kept open but with more community focus and coordination.	On target
Undertake a 6 month pilot on separating glass at kerbside.	March 2017	Milestone: Pilot review completed and results of the review reported Measure: Recycling rate Measure: Landfill rate Measure: Waste to energy rate	The separate collection of glass in a recycling box trial commenced in September 2016. Approximately 6500 households have been included in the trial including parts of Abergavenny, Gilwern and Govilon, Llanellen, Goytre, Little Mill and Llangybi.  On completion of the trial the results will be analysed, and reported to Strong Communities select in January 2017 and Cabinet in March 2017, this will include factors such as if collection vehicles can cope with the separated materials and the quality of recycling.  The trial will determine if this method works and the scheme is expanded countywide in 2017/18.	Separating glass will improve the quality of our recycling. The glass can then be reprocessed locally and this will reduce the overall cost of our recycling service.  The provisional 2016/17 quarter 2 performance data for waste is: The recycling rate is 70.3%, which is above the Council's targeted level of 66% and the Welsh recycling target for 2025 of 70%. The landfill rate continued to decrease to 0.7% and waste used for heat and power has increased to 27.3%.  This is largely due to the continued cooperation of residents. Along with a few other factors including energy recovery of all of Monmouthshire's	On target

				residual household waste at an energy-from-waste plant. It should be noted that it is unlikely that the annual recycling percentage will remain this high because collection of compostable garden waste reduces during the winter.	
Continue to identify projects as part of the Vale of Usk Rural Development Plan (RDP) LEADER programme for the 2014-2020 funding period. <sup>vi</sup>	On-going	Milestone: Local Action Group agree the projects that will be funded. Measure: Number of LEADER projects supported <sup>vii</sup> Milestone: Outcomes achieved.	Applications continue to be invited for projects in line with the 5 themes of the RDP.  Various communication channels continue to be used to promote applications including Facebook and Twitter accounts.  15 projects have been approved by the Local Action Group during the first six months of the year totalling £111,000 of RDP funds committed.  The actual spend is low but will increase rapidly as the programme develops. Approximately 15 other projects are currently being worked on to bring them to full application stage.	As the projects are mainly still in the infancy of their funding period outputs reported through the RDP LEADER Performance Framework are low so far.  Examples of some approved projects include: Energy days; Monmouthshire Community Climate Champions have pulled together a series of Energy Days to mark EU Sustainable Energy Week Digital Open Badges; to develop a digital evaluation tool which will deliver training, measure competencies and offer a platform for enhanced development of digital skills. A Country Kitchen at the Eisteddfod, A broadband pilot in central Monmouthshire plus other smaller projects that can be viewed <a href="#">here</a>	On target
Establish a community hub in Abergavenny which brings together library and one-stop-shop services	March 2017	Milestone: Completed consultation, achieved funding and statutory consents (planning & listed building).	Community Hubs, combining One stop shops and library services have been established in Caldicot, Chepstow, Monmouth and Usk.  The Abergavenny hub has been delayed due to the need to provide an alternative delivery venue. An outline	Abergavenny is currently running stand alone dual provisions, the development of the hub will allow Aberavenny to have consistent provision with the other towns in Monmouthshire and enable the achievement of their apportioned element of the revenue	On target (with the exception of statutory consents)

Initial plans and costs have been developed. These demonstrate that either building could accommodate the new hub facility.</p> <p>In September 2016 Council agreed that the preferred location for the development of the community hub is within the Town Hall, Abergavenny and agreed funding for the cost of finalising the detailed designs and business case. On completion of the detailed designs and business case a report will be presented to council to seek approval for the scheme to be undertaken.</p>	<p>savings.</p> <p>The development of a final detailed plan will also enable costs and timelines to be established and work undertaken in conjunction with an advisory group made up of representatives from the buildings occupiers. This will ensure that the plans reflect operational needs during and after the construction period.</p>

This is produced annually by Welsh Government using Council (Housing Service) and external data which records affordable acquisitions, when units are handed over and when registered as completions by Building Control or private inspectors, and therefore a targets is not set. The Council's own planning policy data for 2015/16, reported in the LDP annual monitoring report, is 63 affordable housing completions out of a total of 234 housing completions for the period.

<sup>i</sup> Monmouthshire County Council have established a loan scheme to help bring back to life underutilised and redundant sites and buildings in Abergavenny town centre. This is funded under the Welsh Government's 'Vibrant and Viable Places' initiative, the scheme will provide interest-free loans to owners to refurbish, convert or develop redundant, vacant and underutilised sites and premises in the town centre.

<sup>ii</sup> Based on annual calendar year data produced by STEAM. Due to the range of factors that affect this indicator it is not possible to produce a more specific target.
