<b>Well Being Goal</b>	<b>Does the proposal contribute to this goal? Describe the positive and negative impacts.</b>	<b>What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?</b>
<b>A prosperous Wales</b> Efficient use of resources, skilled, educated people, generates wealth, provides jobs	The establishment of a walkway station at Magor as part of the City Regions vision will improve mobility and promote opportunities for jobs and wealth creation	
<b>A resilient Wales</b> Maintain and enhance biodiversity and ecosystems that support resilience and can adapt to change (e.g. climate change)	The new station would provide more options for using public transport and could potentially reduce carbon dioxide emissions by reducing car travel.	
<b>A healthier Wales</b> People's physical and mental wellbeing is maximized and health impacts are understood	Improved connectivity promotes better mobility for more people in the community, leading to a sense of well being.	

Well Being Goal	Does the proposal contribute to this goal? Describe the positive and negative impacts.	What actions have been/will be taken to mitigate any negative impacts or better contribute to positive impacts?
<b>A Wales of cohesive communities</b> Communities are attractive, viable, safe and well connected	A new station in Magor will lead to better connectivity between Magor and Undy and other communities in the South Wales region	
<b>A globally responsible Wales</b> Taking account of impact on global well-being when considering local social, economic and environmental wellbeing	Neutral	
<b>A Wales of vibrant culture and thriving Welsh language</b> Culture, heritage and Welsh language are promoted and protected. People are encouraged to do sport, art and recreation	There are no specific proposals in this report to promote and protect the Welsh language but the proposed use of funding will encourage people to participate in arts and recreational activities	Encourage the use of the Welsh language in any on site signage.
<b>A more equal Wales</b> People can fulfil their potential no matter what their background or circumstances	The improvements to the facilities concerned will encourage access and, in the case of the Bowling Club, participation by disabled people.	Continue to promote DDA compliance when the new station is being designed and provide participation opportunities for people of all ages and backgrounds.

 <p><b>Collaboration</b></p> <p>Working together with other partners to deliver objectives</p>	<p>The project involves close working with a number of other partners, including the Welsh Government, the Magor with Undy Community Council, the local MAGOR Rail Group and Network Rail.</p>	
 <p><b>Involvement</b></p> <p>Involving those with an interest and seeking their views</p>	<p>The views of the local members, the Community Council and the local MAGOR Rail Group have been sought and their views are reflected in the report</p>	
 <p><b>Prevention</b></p> <p>Putting resources into preventing problems occurring or getting worse</p>	<p>The B4245 is one of the most heavily trafficked B roads in South Wales and further housing expansion in the area will place greater pressure on the local road network.
